

The Winter Peace of Mind Package

Open for new and existing customers who own ponds

Make sure your pond and fish stay healthy and safe this winter with regular visits from Aqua Designs by Dave's skilled pond care professionals.

- Each monthly inspection by Aqua Designs by Dave includes checking life support systems and performing partial water changes as needed.
- If your pond needs aeration, get the kit from Aqua Designs by Dave. We'll install it for free as part of our Winter Peace of Mind service.

Winter Fish Survival Essentials:

- Enough oxygen
- Good water gas exchange
- Vital support like aeration, de-icers, and maintenance checks by our skilled Aqua Designs by Dave team.
