### **Corporate Donor Program**

For over 40 years the Edison High School Field Hockey program has provided young women with the opportunity to be a part of a lasting legacy of champions. Our coaches are second-to-none, world class athletes who have played field hockey at the national and international levels and continue to compete as members of local teams. These women are committed to equipping the girls in our program for success on and off the turf.

Our goal as Boosters is to support the Edison Field Hockey Program with the best organizational and financial means possible. Your donation is essential in continuing this legacy of excellence!
