
NOTICE OF LIABILITY
UNITED STATES OF AMERICA

STATE OF _____ COUNTY OF _____

Re: Formal Notice of Alleged Criminal Deprivation of Rights, Conspiracy Against Rights, and County-Funded Participation

This Notice is being served upon each Commissioner in your official capacity.

You are hereby placed on formal notice that affidavits, declarations, records, and supporting evidence have been provided alleging that judges, officers of the court, law enforcement, clerks, attorneys, agencies, and/or county-funded actors within this county have participated in, enabled, ignored, or financially benefited from the unlawful removal of children from fit and loving parents without constitutionally required due process.

The rights implicated include, but are not limited to, the fundamental right of familial association, due process of law, equal protection, protection from unreasonable seizure, and rights secured by the Constitution and laws of the United States.

When a government actor, acting under color of law, willfully deprives a person of rights secured or protected by the Constitution, that conduct may constitute a federal crime under **18 U.S.C. § 242**. When two or more persons act together to injure, oppress, threaten, intimidate, or interfere with the free exercise of federally protected rights, that conduct may constitute **conspiracy against rights under 18 U.S.C. § 241**.

This Commission controls, approves, allocates, appropriates, or authorizes county-level funding that supports the operation of county courts, court personnel, law enforcement, detention, administrative offices, and related agencies. Once this Commission is placed on notice of alleged federal civil-rights crimes being committed or enabled by county-funded actors, continued funding without investigation, referral, preservation of records, or corrective action may create exposure for knowing participation, deliberate indifference, concealment, or aiding the continuation of unlawful conduct.

This Notice is accompanied by, or incorporates by reference, sworn affidavits and declarations made under penalty of perjury pursuant to **28 U.S.C. § 1746**, including Affidavits of Criminal Conspiracy identifying specific judges, state actors, county-funded agencies, factual events, dates, injuries, and constitutional violations.

You are therefore directed to:

1. Preserve all records, communications, emails, texts, budgets, payment records, court funding records, contracts, referrals, grants, Title IV-D/Title IV-E related records, and communications involving the named parties and agencies.
2. Immediately refer the attached affidavits and evidence to the United States Department of Justice Civil Rights Division, the FBI, the United States Attorney, the State Attorney General, and any applicable state judicial or law-enforcement oversight authority.
3. Suspend, withhold, audit, or condition any county-level funding within your lawful authority that supports agencies, actors, offices, or practices implicated in the alleged deprivation of rights until constitutional compliance is verified.

Failure to act after receipt of this Notice may be viewed as evidence of deliberate indifference, continued financial support, or knowing concealment of alleged federal civil-rights violations. Under **18 U.S.C. § 4**, concealment of a known federal felony and failure to make it known to proper civil or military authority under the United States may constitute misprision of felony.

Our children are not revenue streams. Parents are not commodities. No county-funded system has authority to profit from the destruction of families while ignoring the Constitution.

Respectfully,
