

LifestyleCoin (LSC)

The First Hospitality Token in Crypto History

Premium Investor Edition Whitepaper

EXECUTIVE SUMMARY

LifestyleCoin (LSC) revolutionizes hospitality and luxury travel by merging blockchain technology with real-world services. Designed with a hard-capped 22,000,000 supply and a 3% max daily cash-out anti-rug mechanism, LSC is engineered for safety, stability, and long-term adoption.

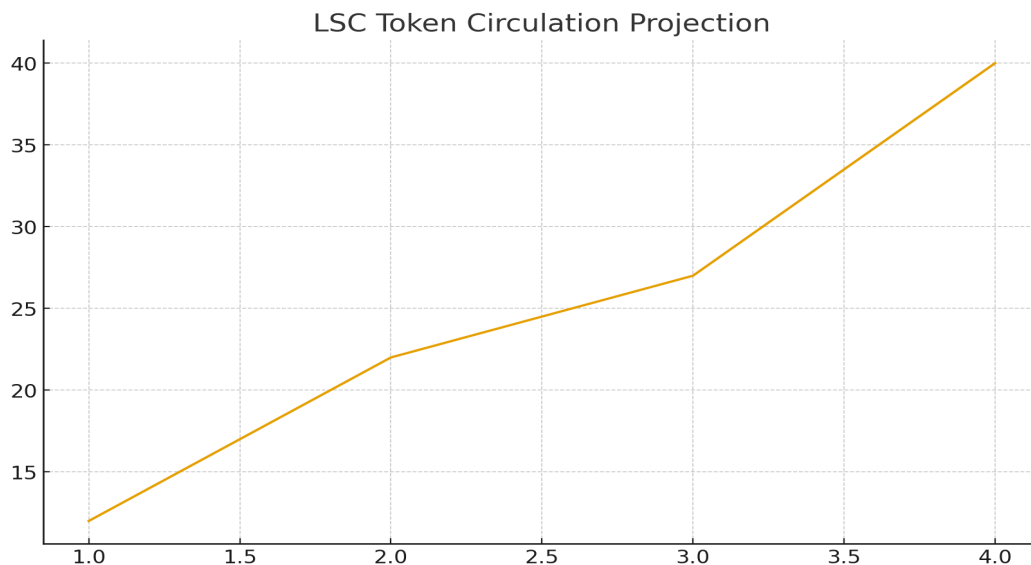

TOKENOMICS & ECONOMY

Total Supply: 22,000,000 LSC

Deflationary Mechanisms: Vendor auto-conversions create consistent buy pressure.

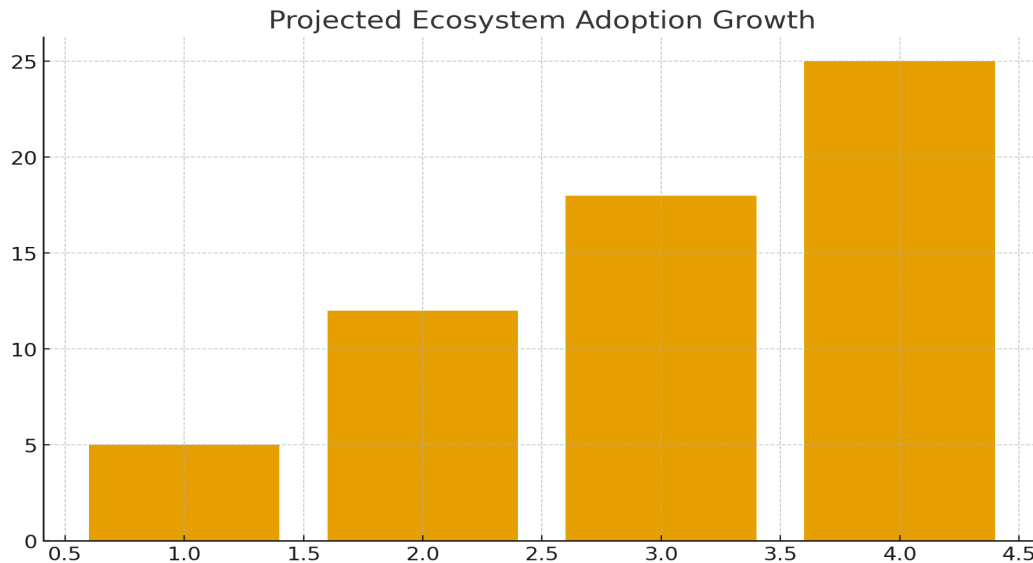

Anti-Rug System: No wallet may sell more than 3% of its supply in a 24-hour window.

Utility: Access to wholesale hospitality inventory, luxury assets, experiences, and MembersOnly rewards.

ECOSYSTEM & ADOPTION ENGINE

The LSC ecosystem connects hospitality vendors, AI systems, crypto ATMs, gaming lounges, travel providers, and luxury services. Every vendor transaction automatically converts a percentage of funds into LSC, fueling perpetual on-chain demand.

ROADMAP & FUTURE DEVELOPMENT

Q1: Token launch, liquidity lock, brand framework
Q2: Marketplace buildout, vendors, POS integration
Q3: App release, AI concierge engine, global partnerships
Q4: Energy + gaming integration, large-scale adoption wave

SECURITY & AUDIT

LSC uses 3rd-party smart-contract auditing, multi-sig wallets, time-locked liquidity, and anti-whale provisions to protect long-term investor integrity.
