

SPACE WHISKEY

FIRST SPACE-AGED WHISKEY

We will age whiskey in Low Earth Orbit using ultrasonic maturation for 3 Months.

MUSIC/WHISKEY/SPACE

A collaboration of art, science, and environment that will create a truly unique experience.

MUSIC SPONSORS

The soundwaves from your music agitate the whiskey in zero gravity activating the interaction with the wood.

WHISKEY SPONSORS

Your distillers work with our engineers to design the spacecraft and age your whiskey.

SPONSORSHIPS

YOUR MUSIC MOVES THE WHISKEY

We are building a compilation of music that will be used to age the whiskey in zero-g, and your music can be a part of it.

- \$5,000** for one song on the track
- \$10,000** for three songs on the track
- \$25,000** for five songs on the track and your brand attached to crowdfunding / PR / Marketing efforts
- \$250,000** Same as the last level + you get one of the first bottles of space whiskey (Valued at \$1MM based on market rates for high-end, rare, whiskeys at auction)

YOUR WHISKEY LIKE NONE OTHER

\$25,000 Your whiskey is added to the blend that will be aged and your brand is attached to all crowdfunding / PR / Marketing efforts

\$250,000.00 for exclusive rights to the payload of whiskey + you get one of the first bottles of space whiskey (Valued at \$1MM based on market rates for high-end, rare, whiskeys at auction.)

USE OF FUNDS

Sponsorship money will be applied towards crowdfunding (Reg-CF), marketing, and operations, to raise \$5MM in capital needed to build the Low Earth Orbital spacecraft.

DIRECT INVESTMENT

DIRECT INVESTMENT

Stellar Luxuries is also accepting direct, seed round, investments. The full Pitch Deck is available after the initial qualification meeting.

FOR QUALIFIED INVESTORS ONLY

Through the Crowdfunding campaign, all investors can participate in this awesome combination of science, imagination, and engineering. For qualified investors though, we have room to join the team and be a part of its (potentially very lucrative) mission pre-launch.

TERMS

- Raising \$750k for 15% of the company
- Minimum investment of \$25k
- No maximum investment
- Accredited investors only
- Invested capital faces the risk of total loss

THIS IS ROCKET SCIENCE

Doing something that has never been done before in human history takes a special kind of crazy.

Direct investment is only for the adventurous and those who can afford to light money on fire when shooting for the stars!

LEGAL DISCLAIMER

This is a pretty flyer with half a page of content and no company vitals. Calling it 'general information' is generous, and it sure isn't an offer or solicitation for any securities. Only accredited investors who've completed our questionnaire may receive documents covering details, plans, and risks; letting them consider if the investment could be worth the risk of capital loss.
