# About Us

## Humphreys Waste Recycling Ltd

Humphreys Waste Recycling Ltd was founded in 2002 by Kevin Humphreys who set up the business. Since the start we pride ourselves on being local and providing an excellent service. We are an experienced company in dealing with all aspects of waste on Anglesey and Gwynedd, with the best duty of care towards our customers and our work. Humphreys Waste Recycling Ltd is the number one choice for providing waste services across North Wales.

### Fully Qualified Site Details:

Qualified Waste Carrier - No: CB/DU10778

Waste Transfer Station Permit - No: EPR/ZP3695VH

---

## What We Offer:

### 01. First Step

Our depot is staffed by waste professionals who are trained to maximise the amount of waste that is recycled. This includes Cardboard/paper, plastics, scrap metal, Glass, aluminium, soil/hardcore and WEEE waste. All materials come straight on site to be sorted.

### 02. Second Step

All of the waste arrives at Refail Newydd Transfer station where all of the waste is processed from general waste into 100% recyclable materials. This happens through running the waste through our high tech picking line equipment which will sort out all the recyclable material leaving 5% of the material left for RDF treatment which recycles waste into energy.

### 03. Third Step

All recyclable materials that is extracted from the picking process are then bailed into blocks ready for the treatment centres to re process the materials into a new product and give the material a new life.

# Trade Wheelie Bins

Plastic/polymer wheelie bins with four/two wheels and easy grip handles. Strong and sturdy workplace wheelie bins designed to collect and dispose of trade and commercial waste.

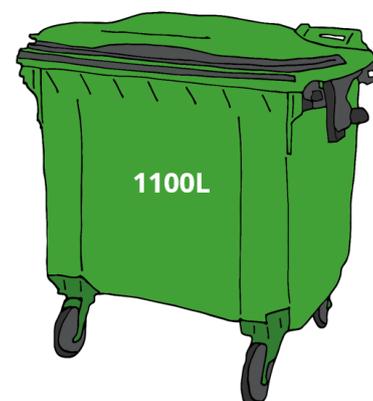

## 1100ltr Wheelie Bin—Holds Approximately 12—15 Bags Of Waste

|               | <u>Capacity</u> | <u>Weight</u> | <u>Width</u> | <u>Height</u> | <u>Depth</u> |
|---------------|-----------------|---------------|--------------|---------------|--------------|
| <u>Metric</u> | 1100 Litres     | 65Kg          | 1375mm       | 1460mm        | 1075mm       |

Waste Types:

- General Waste
- Cardboard/Paper
- Dry Mixed Recyclables (Paper, Glass, Cans, Tins & Plastics)
- Glass

## 660ltr Wheelie Bin—Holds Approximately 8—10 Bags Of Waste

|               | <u>Capacity</u> | <u>Weight</u> | <u>Width</u> | <u>Height</u> | <u>Depth</u> |
|---------------|-----------------|---------------|--------------|---------------|--------------|
| <u>Metric</u> | 660 Litres      | 43Kg          | 1265mm       | 1165mm        | 775mm        |

Waste Types:

- General Waste
- Cardboard/Paper
- Dry Mixed Recyclables (Paper, Glass, Cans, Tins & Plastics)
- Glass

## 240ltr Wheelie Bin—Holds Approximately 5—7 Bags Of Waste

|               | <u>Capacity</u> | <u>Weight</u> | <u>Width</u> | <u>Height</u> | <u>Depth</u> |
|---------------|-----------------|---------------|--------------|---------------|--------------|
| <u>Metric</u> | 240 Litres      | 21Kg          | 620mm        | 1090mm        | 850mm        |

Waste Types:

- General Waste
- Dry Mixed Recyclables (Paper, Glass, Cans, Tins & Plastics)
- Glass
- Food Waste

## 120ltr Wheelie Bin—Holds Approximately 2—4 Bags Of Waste

|               | <u>Capacity</u> | <u>Weight</u> | <u>Width</u> | <u>Height</u> | <u>Depth</u> |
|---------------|-----------------|---------------|--------------|---------------|--------------|
| <u>Metric</u> | 120 Litres      | 11Kg          | 310mm        | 549mm         | 425mm        |

Waste Types:

- General Waste
- Dry Mixed Recyclables (Paper, Glass, Cans, Tins & Plastics)
- Glass
- Food Waste

# Industrial/Commercial Skip Hire

High quality steel open and enclosed skips for construction, waste management and recycling.

## Open Skips— 4cyd Holds Approximately 30—40 Bags Of Waste

8cyd Holds Approximately 60—80 Bags Of Waste

| Size (Cyd) | Length (mm) | Width (mm) | Height (mm) |
|------------|-------------|------------|-------------|
| 4cyd       | 2514        | 1625       | 1000        |
| 8cyd       | 3403        | 1676       | 1250        |

## Enclosed Skips— 8cyd Holds Approximately 75—100 Bags Of Waste

| Size (Cyd) | Length (mm) | Width (mm) | Height (mm) |
|------------|-------------|------------|-------------|
| 8cyd       | 3048        | 1680       | 1670        |

## Hooklift Containers— Large Scale Containers Made To Carry Large Bulk Of Waste Materials.

| Size (Cyd) | Length (mm) | Width (mm) | Height (mm) |
|------------|-------------|------------|-------------|
| 25cyd      | 5791        | 2185       | 1520        |
| 35cyd      | 5791        | 2185       | 2130        |
| 40cyd      | 5791        | 2185       | 2435        |

## Waste Compactors— 35cyd Holds Approximately 8-10 Tonne Of Waste

| Size (Cyd) | Length (mm) | Width (mm) | Height (mm) |
|------------|-------------|------------|-------------|
| 35Cyd      | 5791        | 2208       | 2552        |

PAKAWASTE  
WASTE HANDLING SYSTEMS

# Recycling Units/General Waste Container

## Three Compartment Recycling Station

The three compartment recycling station aims to make recycling an easy solution for organisations and businesses. With each compartment labelled with decals stating what should be in each compartment and also with a diagram of the waste that should be in each compartment.

**Rear Compartment**—Mixed Glass

**Middle Compartment**—Paper/Cardboard

**Front Compartment**— (DMR) Plastic and Cans

## Three Door Recycling Station

The three door recycling station is a all in one solution to recycling and having your general waste in one unit (segregated). These units are ideal for usage such as restaurant establishments. These units are very compact and an answer to small accesses .

**Rear Compartment**—General Waste

**Middle Compartment**—Paper/Cardboard

**Front Compartment**— Glass/(DMR) Plastic and Cans

## 14cyd Enclosed Skip

The two door enclosed unit provides an effective solution for removing large amounts of commercial waste and domestic waste from outlets such as factories, restaurants, caravan sites and small commercial stores and franchises.

- General Waste
- All aspects of recycling material and specialist materials.

## Recycling Cage

The Recycling Cage is a solution to handling and recycling a large amount of cardboard from a business establishment and has proven the most affective way of handling large amounts of cardboard.

- Cardboard Waste

# Recycling And Waste Management

## Waste Output Materials

## Organisational Aims And Objectives

We operate a sustainable licensed waste management and recycling facility for domestic, commercial and construction waste. We provide an efficient and cost-effective waste management solution. Within our waste handling facility, we strive to recycle as much material as possible and turn what is left into a valuable resource to divert waste away from landfill to a fuel that will fuel green RDF power stations.

We provide a full waste collection and waste management service for commercial clients. We can deliver the bins and skips you require and provide a regular collection service. We strive to offer the most competitive service, helping you to reduce your annual waste management costs.

# Benefits To The Environment

## Recycling With Humphreys Waste Recycling

Recycling is the process of collecting and processing materials that would otherwise be thrown away as trash and turning them into new products. Recycling can benefit your community and the environment.

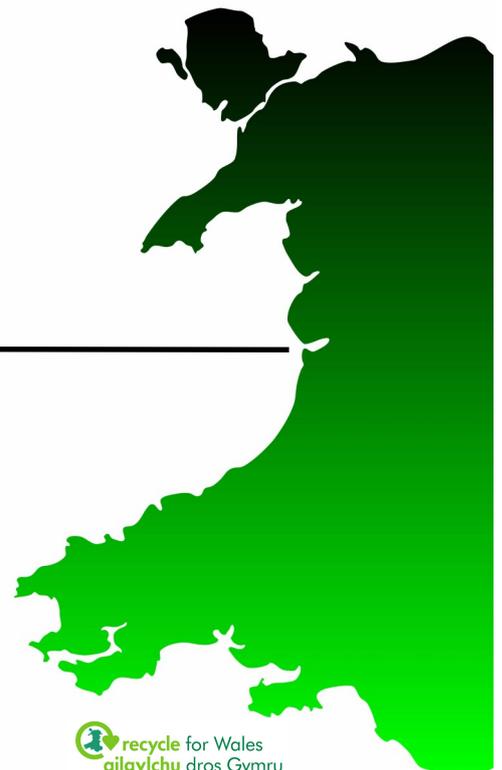

## Benefits of recycling with Humphreys Waste Recycling Ltd

- No waste goes to landfill
- Conserves natural resources such as timber, water, and minerals
- Prevents pollution by reducing the need to collect new raw materials
- Saves energy
- Reduces greenhouse gas emissions that contribute to global climate change
- Helps sustain the environment for future generations
- Helps create new well-paying jobs in the recycling and manufacturing industries on Anglesey

## In Addition to all details supplied to you in this booklet,

### Humphreys Waste Recycling Ltd Will:

- Provide excellent service from start to finish
- Ensure that all waste containers are colour coded and are sign written correctly and will be cross referenced to both invoice & waste data
- Use only certificated disposal/waste handling contractors
- All waste containers will be checked on site arrival and will be monitored to ensure that they are safe for all of our customers.
- Reserve the right to request payment of invoices within 30 days as per our business T&C's
