

SoulTech Foundation Launches Free AI Literacy Training for 10,000 Americans

FOR IMMEDIATE RELEASE: Boca Raton, FL (September 10, 2025) The SoulTech Foundation, in partnership with the global education innovator Otermans Institute, today announced the launch of the **SoulTech AI Literacy Initiative**, a groundbreaking program that will provide **free AI literacy training to 10,000 Americans**. The initiative will run from **November through December 2025**, with registration open from **September 1 to October 31, 2025**. This program was initially launched in Africa, with nearly 200,000 students signing up for the course.

This transformative program is designed to **equip underserved and underrepresented communities with essential AI and digital skills**, ensuring that the future of work and innovation in America is inclusive, diverse, and accessible to all.

“Artificial Intelligence is reshaping every aspect of society,” said **Cynthia L. Elliott, Founder and CEO of the SoulTech Foundation**. “Our mission is to ensure that the next generation of Americans is not left behind. By partnering with Otermans Institute, we’re providing the tools, training, and certification that can open doors to opportunity and help reignite the American Dream in the Age of AI.”

Program Highlights

- **Free 9-lesson AI literacy program** delivered by Otermans Institute’s AI-powered teaching platform.
- **No prior tech experience required** — the program is open to learners ages **16–75** with internet access.

- **Certification upon completion** to support career-building and educational advancement.
- **Nonprofit & community partnerships** to ensure outreach and enrollment of underserved learners nationwide.
- **Global collaboration** with Otermans Institute, a leader in AI-powered education and workforce development.

Why It Matters

The SoulTech AI Literacy Initiative is part of a broader effort to ensure that **AI does not widen inequality but instead expands opportunity**. By equipping 10,000 young Americans with the knowledge and confidence to engage with AI, the program aims to **strengthen the nation's workforce, empower local communities, and build global leadership in ethical and inclusive AI adoption**.

Timeline

- **September 1 – October 31, 2025**: Registration open
- **November – December 2025**: Training sessions delivered
- **December 22, 2025**: Certificates awarded
