## Cover Photos

The cover photos were selected to represent the special people in the Atlantic Area. When residents are asked about their favorite part of living in the Atlantic Area, a common response is "the people", "the hometown spirit" and "a deep connection to the community." This cover celebrates the people of the area and the rich tradition of friendly faces, caring hands, hard work and small town kindness.

# WELCOME

Welcome to Atlantic, Iowa! We hope that you feel at home here—whether you call Atlantic home or if you are just visiting for a day.

The Atlantic community is home to 7,500 folks and we have big plans for where we are heading. In Atlantic, you will find signs of a thriving community, continually seeking to better serve its residents and visitors. We boast a modern high school, a state-of-the-art YMCA, a healthy economy, a strong downtown, and caring residents. You will find everything you need here—our diversity of businesses makes us a regional hub for shopping, health care, history, outdoor adventure and other services.

Take some time to walk along our main street, Chestnut Street, which is a bustling center for businesses and a beautiful centerpiece to our community. Daylilies, spirias and petunias cover each corner with vibrant color during the summer. In the winter, Chestnut Street comes aglow with thousands of white lights strung in the trees and along the rooftops. Throughout Atlantic, you will find that feeling of a traditional Iowa hometown.

## Iowa Western Community College Cass County Center

The Cass County Center of Iowa Western plays a leading role as an academic and business hub where serving the community is key. The Center serves hundreds of people in Cass County and Southwest Iowa from high school students through lifelong learners enjoying a wide variety of stimulating topics for career preparation or professional advancement to personal enjoyment.

One jewel of the Cass County Center is the Design Technology program. First-in-the-nation at a community college, students undertake a rigorous, engineering technology and design curriculum. With a 92 percent placement rate, graduates of the high-tech program are prepared for roles as product designers, process developers, research specialists, mechanical technologists and any other job where technology and growing industries meet.

IWCC students represent the fabric of the community. Area high school students take a wide variety of courses, earning college credits and personal and academic experience which aids them in successfully transitioning to a fully immersed college setting in the future. Both traditional and non-traditional college students appreciate the availability of the local campus, saying, "If I did not have a campus here or be able to take classes online, I probably would not be in college." Others chime in, "People at Iowa Western actually know you and are so genuine. I see classmates out in the community and it is improving my own commitment to excel and contribute. I feel like I fit in!"

Five full-time faculty together with three full-time staff and more than a dozen adjunct instructors serve the Cass County Center. The local site, plus stellar online capabilities, not only provide classes and curriculum for career pathways leading to an associate's degree, but also serves those who want to

earn their high school diplomas. The Center provides a local opportunity to students and provides a professional, educated workforce for area businesses.

A career transition student who has taken advantage of a college education mid-life says, "I appreciate that IWCC is helping me keep my brain sharp. The tuition is very affordable. I am grateful for this campus." A newly launched and growing opportunity is "Work by Day, Learn at Night" programs where students attend evening classes to complete a degree.

Whether you are a new or lifelong resident in our community, a traditional or an adult student pursuing new career opportunities, explore more than 80 academic programs and find your passion. Connect with Iowa Western today!

# ANITA

First platted in 1869, the people of Anita are committed to the community and quality of life. Anita lives up to its motto, "A whale of a town!" boasting an excellent public library and community center, lovely city parks, recreational trails, an 18-hole golf course and beautiful Lake Anita. Family focused events and the Farmer's Market which runs spring to fall are also what you will find in this charming Iowa town.

## LAKE ANITA STATE PARK

Lake Anita State Park covers more than 1,100 acres and holds a body of water of 171 acres. There are 161 campsites in the campground, plus a primitive camping area. The past few years

it has been ranked in the top ten for camping numbers in the state of Iowa.

Lake Anita is one of the premier run-off lakes in the state. Water running into the lake goes through a series of silt retention ponds. As a result, siltation of the lake is minimal. It has never been in need of dredging as has been the case for other Iowa lakes.

Good clean water makes for good swimming and excellent fishing, boating and hiking are also popular pastimes at this recreational area. According to the Iowa Department of Natural Resources the fish count is excellent.

## ANITA SPORTING CLAYS COURSE & HANSEN OUTFITTERS

**Anita Sporting Clays Course** is a state-of-the-art facility for shooters of all levels. A first-class shooting range with ten stations that can accommodate six shooters each. They focus on providing sporting opportunities for shooters of all abilities. Operating on approximately twenty-eight acres and using top of the line machines, Anita Sporting Clays Course offers a wide variety of shooting situations that will be presented in the average hunting experience. The sporting clays facilities are available for family events, benefits and corporate outings. The Anita Sporting Clay League runs May to August with a tournament in September.

NSCA (National Sporting Clay Association) registered shoots are held monthly at Anita Sporting Clays Course. The events are well attended with shooters coming in from several surrounding States. Anita Sporting Clays Course is open May to December.

**Hansen Outfitters** is a fully licensed hunting preserve and guide service for big game, waterfowl and upland bird hunting. In addition to being a licensed hunting preserve, they are also a licensed game bird breeding farm. Founded in 2008 by Paul and Lori Hansen, Hansen Outfitters has grown to include 800 acres of preserve land. The National Bird Dog Circuit and Bird Hunters United hold frequent field trials there and anyone interested in watching or participating is always welcome!

Located just outside of Anita in a beautiful setting, the proximity to Anita and Lake Anita makes this a great place to come for a day or a weekend. The sporting clays course is a fun outing for all and the hunting preserve offers full and half-day guided and unguided hunts. There are also several fields available for dog training. Hansen Outfitters game bird farm raises pheasants, quail and chukar for sale.

LAKE ANITA STATE PARK

# ATLANTIC

## Home to thriving businesses, vibrant community and healthy families.

Life in Atlantic offers the best of both worlds: a small town atmosphere fostered by friendly, family-oriented people, paired with first-class amenities and access to major metropolitan areas. Residents enjoy an array of great natural resources, an excellent school system, recreational facilities and affordable housing in addition to diversity in businesses and industries.

Atlantic was founded in 1868 by Franklin H. Whitney, passionate entrepreneur and surveyor for the railroad from New York. Whitney envisioned Atlantic as the home of Rock Island Depot, a route between Chicago, Pacific Railroad and Rock Island. Whitney's vision became a reality and Atlantic's rapid growth of businesses, organizations, churches, schools and banks thrived soon after the depot was built. History tells us two furrows were plowed up to become the current day Chestnut Street and the community developed from there.

Located between the Atlantic and Pacific Ocean, our prosperous small town was named based on a coin toss between the two oceans. And at the flip of a coin, Atlantic was named.

Whitney's entrepreneurial spirit continues throughout today's vibrant historic downtown, home of many established family-owned businesses, exceptional health care facilities and dynamic community events. Enjoy year-round recreational opportunities, downtown retail, two 18-hole golf courses, Produce in the Park, AtlanticFest and Christmas in Atlantic.

Christmas in Atlantic is a magical time of year for residents and visitors. Downtown Atlantic lights up six blocks with nearly 200,000 lights for the holiday season. Visit Santa's cabin and say hello to his reindeer in the City Park and take a complimentary carriage ride down historic Chestnut Street.

As the Coca-Cola Capital of Iowa, Atlantic is home to Coca-Cola Days, a mini convention for collectors across the country, held every September to celebrate the tradition of Atlantic Coca-Cola Bottling Company. For more than 100 years, Atlantic Bottling Company has been owned and operated by the Tyler family.

Whether you are visiting or looking for a place to settle down, Atlantic's friendly folks welcome you and your family.

# CUMBERLAND

In 1884, the Chicago, Burlington and Quincy Railroad bought land from John Worthington for a town to serve as the terminus of a branch from Creston. By the time the first train arrived, July 4, 1886, Cumberland was a thriving community. By 1890, Cumberland had a population of 400 people and early businesses included grocery stores, wagon makers, blacksmiths, drug stores, harness makers, dressmakers and milliners, hardware stores, furniture stores, lumber yards, banks, barber shops, a creamery, hotel, livery barns, etc.

Now, 130 years after its inception, Cumberland has a number of great local businesses and is home to 116 households (per the 2010 census). In addition to great annual events like the Memorial Day Service and City Halloween Party, Cumberland also serves its residents through its fire department, library and community building.

The city's excellent volunteer fire department was organized in 1935 and still protects the residents of Cumberland as well as all of Union Township and parts of surrounding townships

and towns. The picture perfect, small-town library provides a fun setting for kids and adults alike to read, learn and even play. The town community building is another centerpiece of Cumberland that is regularly hosting weddings, birthdays and many other events for those in the area.

Though Cumberland no longer has a railroad as it did in its early years, it is still a great city to visit, to do business and to call home. When you see the black and white water tower, you know you are in the right place!
