Beautiful Belize, an independent English-speaking nation. You will arrange your own flights from Pensacola to Belize City arriving early afternoon of Dec 15th. We will arrange your "hopper" flight from Belize City to Ambergris Caye and your transfer to Ramon's Village Resort. Ambergris Caye is the largest island of Belize. Enjoy a welcome reception when we have all arrived.

Ramon's Village is located within walking distance to the city of San Pedro. We have several levels of accommodations to choose from at different price points: diver, non-diver, Jungle Deluxe and Seaside Deluxe. This beautiful resort is located directly on the Caribbean Ocean. The dive shop, and dive boats are located at the resort. The diving is easy and the reefs are exceptionally beautiful. The reefs are 40-60 foot dives. You will return back to the resort for your surface intervals. All dives have a dive master with each small group.

LODGING: Jungle Deluxe Cabin

The cabins can accommodate 2-4 persons They are much like a large hotel room with coffee maker, microwave and small frig. – not much privacy Chose: 2 queens or 1 king All cabins have a nice covered front porch. See pricing above
