Come join us for a fabulous trip to Bend, Oregon. Have you ever heard of the Deschutes National Forest? Forest Headquarters are located in Bend, OR making this a great hiking and skiing area.

Bend is world-famous for its outdoor pursuits and pristine beauty...as noted at www.visitbend.com

Home of award winning restaurants, relaxing spas, and the Craft Beer Capital of the West.

Mt. Bachelor is where we will be skiing! Not your average mountain per www.mtbachelor.com

With over 4,300 acres of lift-accessible terrain, Mt. Bachelor is the 6th largest ski resort in North America! The eastern flanks of Oregon's Central Cascades, known for its light, dry snow, diverse terrain and long seasons. This unique volcano has become a destination for skiers and boarders from all over the world.

If skiing/boarding is not your thing, try a new adventure with optional activities: snowshoe tours/Nordic trails, dog sledding, simply drinking/eating with enjoyable views!

FYI -- Mount Bachelor, formerly named Bachelor Butte, is a dormant stratovolcano atop a shield volcano in the Cascade Volcanic Arc and the Cascade Range of central Oregon. Named Mount Bachelor because it stands apart from the nearby Three Sisters, it lies in the eastern segment of the central portion of the High Cascades, the eastern segment of the Cascade Range.
