Come join the Pensacola Ski and Travel Club as we head to **Big Sky, Montana!!!**

The vastness of the Big Sky and the unique scenic beauty will envelop your senses and revitalize your soul. Then once you strap on your skis and explore the mountains, you'll feel as if this winter paradise was reserved exclusively for you. Ski Big Sky and discover acres of terrain on three immense mountains that provide you with enough variety and expanse that standing in lift lines is an anomaly to Big Sky visitors.

The Biggest Skiing in America ticket gives skiers and riders access to a vast 5,532 acres of interconnected trails and lifts, all with one pass. Big Sky skiing has captured the ski world's attention with its awe-inspiring Lone Peak Tram to the 11,166 foot summit of its mountain namesake. The tram has bestowed the honor upon Big Sky of having the total most vertical feet of skiing in the United States and offers 360° views of Yellowstone Park, the Tetons and all three bordering states.

This expanded advanced and extreme terrain provides white-knuckle descents for even the most seasoned of skiers. Combine all these inviting ingredients plus our special family lift ticket program of children 10 and younger skiing free and you may realistically never want to leave.

With all this in mind, come experience your physical and spiritual awakening this winter at Big Sky Resort and Moonlight Basin with the Florida Ski Council. The council along with the resort have planned some amazing events. Details are included below.
