A mountain of many adventures, Winter Park is full of vast and varied terrain with seven distinct ski and ride experiences. That means everyone can find and fulfill the winter adventure they've always imagined. From the endless groomers of Winter Park to the challenging trees and bumps that blanket Mary Jane, that's just two of the seven territories! The territories are comprised of: Winter Park, Mary Jane, Vasquez Ridge, Parsenn Bowl, Terrain Park, Eagle Wind, and The Cirque; each individually significant, but all integral in building Winter Park Resort into more than you imagine. It's all here for the mountain-minded adventurer who wants to find excitement for the whole family in the Rocky Mountains of [Colorado](#). Expect the highest average snowfall of any destination resort in Colorado. Named Colorado's Top Adventure Town two years in a row by Elevation Outdoor. Winter Park is Colorado's favorite ski resort. Here we go, making memories and new friends! We want you to join us!

### Winter Park Statistics

- \*350 inches of annual snowfall staying open through May
