a&d

b&c

b&d

c&d

**7. What are the risk factors of Parkinson's**

- a).Age and toxin only
- b). Age, heredity, sex, exposure to toxin
- c). Heredity & sexual orientation
- d) exposure to toxin , sex , age

**8. Parkinson's is a high fall risk**

- a) Not sure
- b) False
- c) True

**9. There are several complications listed for Parkinson disease**

**Select the correct answer from the combination below**

**A).** Bladder problems, **B).**Smell dysfunction. **C).**Fatigue. **D),** Sexual dysfunction,  
**E)** Pain

- a) All are correct
- b).None is correct
- c) Only A,B,C is correct
- d) C,and E are incorrect

**10. Select The correct knowledge/skills from the combination below a home health aide must have when caring for a Parkinson's client**

- 1.Have patience when communicating with the client
2. Knowledge of proper transfer techniques
- 3, Knowledge of the disease process
- 4, Physical strength when caring for client
- 5, Must know the client's name and address

- a) 1,2,3 only
- b) 2,4,5 only
- c) All of above
- d) None of the above
