

GARDEN RESOURCE PROGRAM

2023

Picture a city with places to grow food in every neighborhood, making fresh and healthy food accessible to families, and helping residents become a driving force of community and economic development. The Garden Resource Program (GRP), coordinated by Keep Growing San Bernardino (KGSB), helps bring this picture to life every day by providing gardening resources, educational opportunities, and technical support to help growers establish and maintain sites. Most important of all, gardens of all shapes and sizes are connected through the GRP to a growing network of gardeners, farmers, food entrepreneurs and advocates working to promote a healthy environment and thriving local food system.

FAMILY GARDENS PAY \$15/YEAR & RECEIVE:

- Seeds – 21 packs of easy to sow varieties*
- Plants – Approximately 125 vegetable and culinary herb transplants
- Opportunities to access garden resources, including garden development supplies (like compost, raised beds, tool sharing, soil testing, etc.)
- Technical support to help start and/or expand your garden or farm
- Discounts at community and education events hosted by KGSB, a ROOTED IN COMMUNITY Program
- Opportunities to sell produce with Grown in San Bernardino

COMMUNITY, SCHOOL & MARKET GARDENS PAY \$30/YEAR & RECEIVE:

- Seeds – 54 packs of easy to sow varieties*
- Plants – Approximately 250 vegetable and culinary herb transplants
- Opportunity to access garden resources, including garden development supplies (like compost, raised beds, tool sharing, soil testing, etc.)
- Technical support to help start and/or expand your garden or farm
- Discounts at community and education events hosted by KGSB
- Opportunities to sell produce with Grown in San Bernardino

PARTNERS IN FOOD SOVEREIGNTY PAY \$10/YEAR & RECEIVE:

- Connection to community of growers and food advocates, including:
 - Access to technical assistance
 - Discounts at community and education events hosted by KGSB
 - Information through KGSB newsletters and other communications
- Opportunities to sell produce with Grown in San Bernardino
- No seeds, plants or garden resources

* Count of seed packs includes some donated seeds (all non-GMO). See 2023 seed & plant varieties on our website.

SEED & TRANSPLANT DISTRIBUTIONS

Gardeners are responsible for picking up their seeds and transplants. Distributions occur at the KGSB Garden, located at **575 W Base Line, San Bernardino, CA 92410** with alternate options for those with health or mobility challenges. **You will receive information one month prior with exact dates and times for each distribution.**

Cold Weather Seeds & Transplants: Begin 3rd week of April

Hot Weather Seeds & Transplants: Begin 3rd week of May

Fall Weather Seeds & Transplants: Begin 3rd week of July

Garlic: In mid-October

2023 Seed & Transplant Varieties are available on our website: www.rootedincommunitysb.org

GRP Applications are accepted on a rolling basis, so it's never too late to join! We distribute the appropriate seeds, transplants and resources for the time of year you join.

THERE'S MORE TO THE GRP THAN SEEDS & PLANTS!

LEARNING TO GROW

Whether you are a beginner or veteran grower, there's always something to learn with KGSB! We offer a mix of in-person and online classes, comprehensive series and have a great library of garden guides and YouTube videos.

CONSULTATION

Our staff provides one-on-one support to ensure you have a successful season. We can assist with everything from garden development to farm business planning. Call 310-867-4916 to request a consultation, site visit or ask us any questions.

GARDEN MATERIALS

GRP members are eligible for a garden soil test and many other resources including compost, woodchips and tool sharing available at community resource hubs. If we don't have a resource you need, we'll help you find it!

COMMUNITY!

Connection to San Bernardino's network of gardens and farms is the most valuable part of the GRP! We look forward to offering a mix of in-person and online gatherings and volunteer opportunities in 2023.
