

GARDEN RESOURCE PROGRAM

2023

Picture a city with places to grow food in every neighborhood, making fresh and healthy food accessible to families, and helping residents become a driving force of community and economic development. The Garden Resource Program (GRP), coordinated by Keep Growing San Bernardino (KGSB), helps bring this picture to life every day by providing gardening resources, educational opportunities, and technical support to help growers establish and maintain sites. Most important of all, gardens of all shapes and sizes are connected through the GRP to a growing network of gardeners, farmers, food entrepreneurs and advocates working to promote a healthy environment and thriving local food system.

FAMILY GARDENS PAY \$15/YEAR & RECEIVE:

- Seeds – 21 packs of easy to sow varieties*
- Plants – Approximately 125 vegetable and culinary herb transplants
