

How to change our ways of working

1

Review

Review your current ways of working to ensure everyone understands the baseline.

2

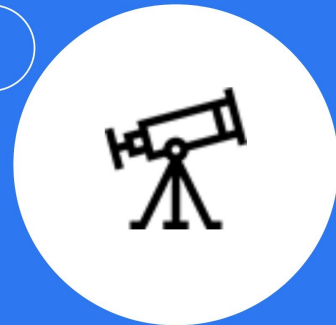

Data

Understand why things aren't working. Gather data to identify problems with current ways of working.

1

3

Vision

Create a vision for how you want to work in the future.

4

Identify

Understand the impact of problems and identify opportunities to improve your ways of working.

5

Plan

Plan your approach to implement your opportunities.

6

Learn

Implement, Measure, Learn. Introduced changes into you ways of working iteratively.
