As Salaamu Alaikum and Eid Mubarak,

It's humbling for me to participate in the Eid ul Fitr celebrations of the **Muslim Filipino Association of Canada (MFAC)** at the **TARIC Islamic Centre** in Toronto.

This year's Eid ul Fitr celebrations are extraordinary because MFAC is observing the 15th anniversary since the founding of their organization. I am truly optimistic that the leadership of **President Jonathan Macala**, along with the executive board, and all the working committees will continue to make MFAC a vibrant organization in service to its members while actively reaching out to cooperate with other communities. **Congratulations MFAC on reaching this cherished milestone!**

In addition, MFAC's Eid ul Fitr celebrations will be highlighting the 75th anniversary of the Philippine-Canada Bilateral Relations, featuring, **"A Glimpse to the Muslim-Filipino History, Culture, and Arts."** Personally, I am fascinated to learn of this multi-dimensional cooperation, which has contributed significantly to the stability and prosperity of both countries. **Congratulations to the Philippines and Canada on achieving this unique milestone of bilateral relations!**

Congratulations again, and I am excited to witness your continued success, in shaa Allaah
