 - ii) 4th of July – tough weather day. Meet and greet included 4 boats and one kayak, despite some drizzle and threat of storms; a very nice casual gathering with mimosas, provided by Diana, and blueberry muffins. Despite a severe storm threat for the parade 5 boats made an initial showing. Made it a quarter way around the lake before the skies opened up and there was a mad dash back to shore.
 - c. Watershed and Environment – Tarki and others
 - i) Lake level - Jeff
 - ii) Mifoil – Received Little Bear report with survey findings and recommendations on 6/4/26. Follow-up call with Little Bear (Nicole White) and SePRO (Josh Burnside) on 6/19/26 to discuss. Concurrence to hold off on treatment and continue monitoring. Treatment of small patches at multiple locations would not be effective. Little Bear will continue with permitting for potential treatment in out years.
 - iii) Harvester update. Latest from DEC is that a permit is required. Tom coordinating with Brandon on additional permit information. Schedule pushed from week of 7/6 to weeks of 7/13 or 7/20. Payment received from 5 of 8 requesters along with membership renewals.
 - iv) CSLAP – Tarki. Two sampling rounds completed.
- 7) **Shoal Markers and Sampling Buoy** –
 - a. Jeff installed shoal markers.
