

Zaryiah Franklin

4-H GLOBE Delegate 2022-2023

Service Project: "Journey Bags" for Grand Central Station

Follow my journey:  

What is GLOBE teaching me?

- Understanding poverty and how it impacts a culture and its people.
- Experiencing cultures and learning my own ancestry.
- Sustainable living practices and appreciation of our natural resources.
- How to be a leader in my school, community, and world.
- Outreach in my local community and in other countries.

What is my service project?

- My goal is to create 300 hygiene bags, or Journey Bags, that contain hotel sized shampoo, conditioner, lotion, deodorant, and other basic toiletry and wash needs.
- This will benefit Grand Central Station and their facility extending access to restroom and laundromat facilities for the homeless and others in need.

How can you help?

- Support my community service project, benefitting Grand Central Station, through monetary* and volunteer opportunities.
- Help me spread the word to other people and groups in our community to gain support.
- Prayers for my journey to Costa Rica in June 2023. Our GLOBE group will be putting into practice all that we have learned through multiple service and education projects.
