

# MEET THE FOSTERS!!

## Candy

Hi! I'm Candy! My husband Gene and I live in central Arkansas, and love puppies! Saving as many as we can, socializing and training them so we can transport excellent pets to you, is our mission in life. We are both retired and "do puppies" now. Feel free to call me with any questions. Central time zone. (501)269-2893 Leave me a message and I'll call you back asap!

## Caitlyn

My name is Caitlyn! I am a pediatric speech therapist and travel during the day to treat kiddos in their homes. When I am not doing that, I am hanging out with my own pups (Nala, JoJo, and Marley). I have always rescued animals, but now that I have graduated and started my career, I now have the time and more resources to rescue and foster more. I love to get puppies prepared for their new homes, whether that be potty training, socializing with people and other dogs, or just playing! If your pup is in my pack, they are in good hands! If interested in one of my foster puppies, please text/call (text preferred) at 501-285-5408.

# Carmella

I'm an adopter turned Foster. After adopting my first pup from Help in 2021, I've stuck around to bring pups up to South Central PA to help get them exposure. I've hopped in my car and driven the 15+ hours to Conway to pick up dogs a few times! We love dogs of all shapes and sizes, but our 6 resident dogs are mostly 60lb and bigger Pitbull breeds! When we aren't rescuing pups, I play pool and go to wine & music festivals. If I had the room (and food budget!) I'd probably have 20 resident dogs!

Hi, my name is Lisa. I'm married to my wonderful husband Mark (38 years) we have 3 daughters, Alisha (37), Marissa (34), and Audrey (17). I have been fostering since September 2022. I have loved every moment.

I work full time as a Pharmacy Technician. We have 2 dogs and 1 cat. I crate /pen train each puppy and work hard at housebreaking them... They get lots of love and lap time. Each baby takes a piece of my heart when they leave. They know they are loved when they move on to their new families.

# Cyndi

I'm Cyndi, a foster for the HELP Rescue. I retired in 2017 and am now able to spend time doing what I love - taking care of my animals (Nigerian Dwarf and Pygmy goats, sheep, bunnies, chickens, 5 dogs, and a cat!), gardening, fishing, spending time with my husband and grandkids, and of course fostering! I've been a bottle baby foster for many years now. Although fostering neonates can be challenging, especially with those that have had a rough start in life, the satisfaction I get when they finally get stronger and turn the critical stage corner is the best feeling ever! My bottle babies generally move on to a different foster after they are weaned so I can be available to help the littles if needed. I'm passionate about animal rescue and hope that I can continue to play a role as a foster for many years to come!
