USPFO Texas Selects Sec-Ops Proposal for access control systems installation Camp Bullis, San Antonio, TX in accordance with the Performance Work Statement.

Corpus Christi, TEXAS—September 23rd, 2024—Sec-Ops Inc. announced that they were awarded the USPFO Texas Army National Guard contract commencing in October of 2024. The Texas USPFO stated Sec-Ops was selected based on their best value pricing, proven performance record, and security technology expertise for this important contract. This contract was awarded as a HUBZone set-a-side award.

The contract encompasses the installation an all IP based Galaxy access control system. Contracting selected Sec-Ops based on their best value pricing, proven record, client references and technical design approach for this important project. The Sec-Ops team of experienced personnel will install the Galaxy access control system.

Sec-Ops was quoted; “We are thrilled and honored to be selected by the USPFO Texas to install the security access control system and protocols in this important project. We are proud to be working with the USPFO Texas and their staff. We take our mission very seriously; we are confident that our technicians and operations staff will exceed the client’s expectations. Our licensed technology staff and operations team has over 150 years of security systems management experience to meet the security requirements thus ensuring success for this important contract.” says Robert Lott – President, Sec-Ops, Inc.

About Sec-Ops, Inc.
