Strong Tower participants and baby, Jay and Darcey at Banquet

"I am almost 2 years clean/sober by the grace of God by my side every step of the way! I got baptized and decided to raise my son in the Lord, surrounded by Godly people. I'm starting to save for a car and really just building my life, relationships and healing the trauma from the past, setting healthy boundaries, building healthy relationships."
Nelly, second-year resident and new mom

Art Therapy

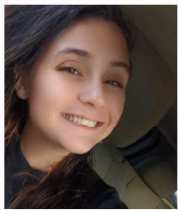

Heather Reese, Practitioner, LPHM

“When I first came to Kingdom Pillars, I was a scared, avoidant person. Isolated myself. I had been so used to moving in fear and seeking outward validation and I was very unstable. I was paralyzed. Since learning about God and reading the Bible, I've begun to access peace and am now able to laugh with others, have positive/healing conversations, and my art has radically advanced and became more complex since learning that much more is possible than I thought. I even got baptized! I owe this to the awareness of God and guidance from him as well as all the wonderfully wise people at KP. Thank you.”

Bri

Former Strong Tower Residents

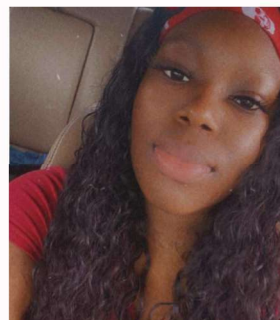

“Hey KP Partners it's Lizzy all the way from Florida! Oh, I have missed you Momma D!!! I thank you so much for always staying in contact checking in on the girls and I. The Christmas you helped me get presents for the girls is the fondest memory I have of any Christmas in my life. The weekly check-in's keep me accountable and remind me I'm still part of the KP family. All of your ongoing support means so much to me and always will. I am currently working in the security field and going to college to be a Social Worker!! See how you all have inspired me!! Thank you KP family & partners.”

Congratulations are in order for Alleeha who was one of KP's first residents with her daughter Aribella, Alleeha has since given

birth to her 2nd daughter Gabriella and is engaged to the love of her life Brett. Alleeha is also currently 2.5 years sober and is attending nursing school, she is currently employed as a STNA.

Lena is living independently and working full-time. She is grateful for all those who poured into her life while she was in the ST program. Although she believes she was “difficult” at times here,

she states she is truly a changed woman and credits all she learned from being part of the program.

Case Management Team (Volunteer)

Ryan Riggs, MSN, APRN, PMHNP-BC
Amy Davis, LSW, MA, EMDR
Lynette Baltas, PA-C, MHS
Christian Jones, MS/BH, MBA Psychology
Lauren McGee-LSW

A word from a ministry partner:

I wanted to share how blessed I have been to see the program transform the hearts and lives of the beautiful ladies from so many different angles of life.

I have attended a few art sessions with this group as well as worship and music events hosted by Kingdom Pillars and have chaperoned a visit to the Wilds with these beautiful souls. ST is a home base that allows these ladies to transition from a world of chaos and confusion to one of stability and purpose. It is a struggle for some to find the peace that is there for them.

I am continually blessed to see how KP has given the girls the opportunity to be who they are and encourage them to share. To God be the Glory!!

I am very honored when I am able to help assist and share time with these beautiful ladies. A gem of a program proving to change lives through God's grace and glory.

Jackie VanDorn

Project H.O.M.E. --Hope, Opportunity, Mentoring, Empowerment

Our capital campaign for acquiring, improving, and expanding the Kingdom Pillars property

Providing the Strong Tower haven requires proper maintenance.

This year, we replaced the:

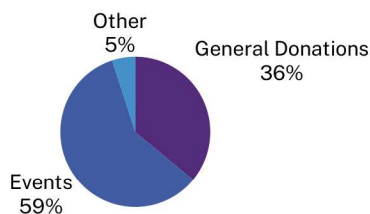

- Gutter guards
- Furnace on the residents' side
- Furnace and AC on the banquet hall/administrative side
- Well pump

Financial partners also donated a whole-house generator and chest freezer for the residential side.

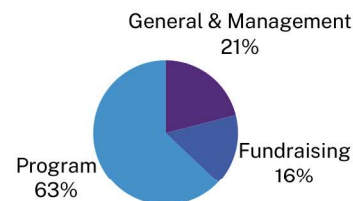

Thank you!

FINANCIALS

Income | \$257,312

Expense | \$291,448*

Remaining on mortgage: \$380,612

* Major HVAC replacements included

ADVISORY (Volunteer)

Jim and Linda Brucker
Joel and Diane Holt
Cary and Sandy Kaplan
Carol Middendorf
John and Julie Uible
David and April Watts
Judy Young

From our Founder/Executive Director, Darcey McCampbell

*Through most of the year, we had a full house of women and a baby boy (that was my favorite 😊) The home was full of conversations, laughter, and celebration as each of the women reached new milestones in their healing process. The Strong Tower women are putting in the hard work of healing and preparing for an abundant future. **We are seeing the fruit of our mission!***

*2023 was also a year of **replacing and revitalizing** so the Kingdom Pillars property could continue to be the haven essential to our mission.*

*Our amazing team of volunteers, staff, and ministry partners continues to grow so we can meet the needs of our current women, and plan for future expanded needs. As a team, **we appreciate your prayers, the time you spend volunteering, and the financial seeds you've planted in the lives of the Strong Tower women.** Blessings, Darcey*
