From the ED

March (8th) was Women's History Month

I speak to every woman today and encourage her to find her voice. I encourage my sisters to walk in their purpose and power. I encourage my

sisters to speak life into one another as the things that have been buried within will be resurrected and begin to live again.

I speak to her hurt, pain, shame and disappointment. You are a queen. You are the apple of God's eye. You are beautiful and wonderfully made. There is something inside of each one of you that was formed and fashioned for you to become a light in this world. You are NOT what happened to you. Your determination must always outweigh your situation.

No matter your race, culture or background; You are special. You are unique. You are blessed. Sister girl, lift your head up and tell the devil to shut up. Your test is your testimony. Your mess is your message and your trials shall become your triumph! You are fierce from the crown of your head to the soles of your feet. I salute you Queen!!!
