SPEAKER BIO

Introducing Yolanda Bethea: A Multifaceted Servant of God and Community

Yolanda Bethea is a licensed Minister, Prophetess, Author, Coach, Worship Leader, and Teacher who is divinely appointed to proclaim the Word of God. Her gift of simplifying complex concepts into easily understandable principles is widely recognized. Yolanda's mission is to bring light into the world, and she achieves this through her ministry and outreach programs.

Yolanda is the founder of Yolanda Bethea Ministries International, an organization dedicated to sharing God's love by eradicating hunger among the elderly, the working poor, and homeless communities. She donates to various charities in alignment with her mission to eliminate hunger. Additionally, she authored the devotional and journal, "Devotions For Everyday Life," which helps foster a deeper connection with Jesus Christ.

Aside from her ministry, Yolanda serves as an Adult/Marriage Biblical Counselor, providing counsel based solely on Biblical teachings. As a servant-leader, she is committed to developing other leaders and currently acts as a mentor to small group hosts at her church.

Yolanda is also the CEO and founder of YBethea Consulting, LLC, where she mentors, coaches, and consults with unfulfilled married couples and those seeking to get married.
