

About Us

Friends of Family Visiting Service is a family-owned company with decades of experience within the healthcare field. Through client-focused relationship building, we look to provide local visitation support for time-limited and geographically separated family relationships.

Everyone can benefit from a trusted friend of the family during a time of need.

Professional
Visiting
Service

Your Family is Precious, and so is Your Time!

Despite the noblest of intentions, the care of a loved one will eventually encroach on **YOUR** time.

What Happens

Vacations are cut short or not planned due to fear of not being there when you are needed.

Career development opportunities are missed.

Significant family dates and events are lost because no one can be in two places at once.

Getting Additional Support is not neglect of Your Family.

Friends of Family Visiting Service supports the changing needs and dynamics of the modern family. We provide a trusted professional staff resource who will value your family as much as you do. We become more than professional friends; we become true **Friends of Family.**
