

Fabric Bookmark

Supplies: Three – 4” squares of fabric (1 should contrast)

Two – 3 ½” squares of fusible interfacing (Pellon 911F for example)

Assembly:

Cut one piece interfacing once on the diagonal

Fold your contrasting fabric on the diagonal and press
Insert the interfacing triangle into the fabric triangle
and fuse

Fuse the square of interfacing to the wrong side of
one of the fabric squares

Place the non-interfaced square right side up

Place the triangle with its open edges on the top right
corner of this square

Place the remaining square wrong side up on top of
the triangle

Sew a ¼” seam around the fabric layers leaving an
opening to turn the bookmark right side out. The
opening needs to be on a side opposite the triangle

Clip the corners and turn right side out.

Top stitch around the outside of the square
securing the opening
