

OVATION™ SIDE COLUMN

REPLACEMENT KITS

EFFICIENT
ECONOMICAL
ADAPTIVE
DURABLE
EASY INSTALL
IN-STOCK

PPC HAS YOU COVERED FROM TOP TO BOTTOM

Whether you need outer or inner side columns, lower hydraulic cabinet side covers or a kit to replace them all; PPC delivers Ovation™ Side Columns at the best quality and value.

The kits are available for all dispenser configurations with either white or silver finishes.

Our side columns are built with OEM-equivalent specifications and materials to stand up to the challenge of working in a demanding environment while maintaining a like-new appearance.

Durability: Outer side columns are molded from impact-resilient ABS plastic with UV-inhibiting coating to resist UV fade and caulking. Inner risers and lower hydraulic side cabinet covers are cold-rolled steel and fully powder coated inside and out.

Easy Installation: Installs quickly in original holes with simple hand tools, no drilling or cutting required.
