

Certificate in Pastoral Ministry

Overview

The Certificate in Pastoral Ministry is a great opportunity for future and practicing Christian ministers who feel called by God to the pastorate. Credits earned may be applied toward an Associates or Bachelor of Arts in Biblical Studies, or to an Associates or Bachelor of Arts in Theology.

Program Learning Outcomes

Students who earn the Certificate in Pastoral Ministry will:

- Be equipped with an introductory knowledge of biblical principles, concepts, and tools for effective study and teaching subject matter using appropriate Christian applications.
- Recognize, understand, and apply the Biblical perspective in a manner that meets needs of fellow believers in the church setting.

Student Learning Outcomes

Upon completion of this certificate, the student will:

- Be able to articulate a philosophy of Pastoral Ministry and formulate a personal philosophy for their own approach to ministry in the Church setting.
- Demonstrate an understanding of biblical knowledge and interpretation, the development of the Church throughout history, the expectations of pastoral and church ministries, involving applied skills and methods, and the importance of having well-balanced personal spiritual disciplines.
- Possess a working knowledge of the dynamics of interpersonal communication.

Program Structure

This Certificate in Pastoral Ministry is 15 credit hours. Students must complete the specified Pastoral Ministry courses to earn the Certificate in Pastoral Ministry. Courses in the Certificate in Pastoral Ministry may be completed in any order. Course substitutions for certificate programs must be approved by the student's academic advisor and the registrar.

Course Descriptions

BIB1203 General Biblical Studies (An Overview of the Bible and its Interpretation)

A general overview of the Bible, along with developing of effective hermeneutical skills for its interpretation.

PSY3323 Introduction to Pastoral Counseling

The ministry of listening and guiding from a Christian and spiritual perspective, marriage & family counseling techniques, grief counseling, and individual therapies.

TH3233 The Spiritual Ministry of the Church

An examination of the overall ministry and spiritual goals of an effective church. An investigation into the spiritual gifts and ministrations which have been placed by the Lord into His Church. A study of revival, deliverance ministry, corporate prayer, evangelism, outreach & spiritual rehabilitation ministry, and Church Growth.

HST3303 Church History

History of the Church from the apostles to the Reformation, with applications for the current day.

MIN3223 The Work of the Pastor

The role of the pastor, including understanding of calling and its fulfillment, individual prayer and spiritual disciplines, personal holiness, effective preaching, Church administration, ministerial ethics, and financial management.

TH1123 Intro. to Basic Theology & Doctrine

An introduction to basic theology and doctrine, covering the topics of the Triune God, Man, Sin and the Fall, Redemption, Salvation and New Believers, the Church, Ministry gifts, the Bible, Church life, Faith, Prayer, and others.

TECH1221 Technology Overview for Pastors

Introduction to the use of computers for pastoral applications.

MIN3703 Pastoral Intern Practicum

A self-directed, independent study under the guidance of an appropriately credentialed field supervisor who will oversee the student's development in a chosen area of pastoral ministry. Student will follow a strictly laid out professional plan of pastoral ministry involvement, spread over the length of a semester, or term, fulfilling the equivalent of weekly class hours, and combining academic reading and writing with practical activity, and other activities assigned by the professor in conjunction with the field supervisor.
