A Message from the President

Welcome

We are happy to welcome you to the Regional Christian University Higher Education Environment. All courses are offered for the Glory of God and the advancement of His Kingdom. It is our conviction that this nation and this world will only be saved and restored by the promulgation of a Christian Education which transforms the vision, the thinking, and the action of every student. The hope for the transformation of the world is not through politics, but rather through the renewing of the mind through Christ Jesus (Rom. 12:2).

Here at Regional Christian University, our educational program is founded upon the Word of God, and sustained by six general education foundational pillars: *Discernment & Critical Thinking* (2 Timothy 2:15), *Effective Communication* (Matthew 28:19), *Christian Worldview* (1 Peter 3:15), *Biblical Values & Engagement* (Proverbs 1:7), *Christian Leadership* (Matthew 20:26), and *Personal Growth and Maturity* (1 Thessalonians 5:23). As our students diligently attend to these foundational pillars and apply them to their lives, not only will there be academic rewards, but spiritual and sustaining victories in the inner man.

I trust that you will join us in this endeavor as the Lord leads you.

*Dr. David J. Hoyte,
President of Regional Christian University*

GENERAL INFORMATION

Holiness ~ Dedication ~ Excellence

Brief History

Regional Christian University, founded in January 1998 by Dr. David and Ana Luisa Hoyte as Regional Bible Institute, is an evangelical, non-denominational, Full Gospel, Holiness institution of Higher Education, geared to prepare Hispanic leaders to carry out the Great Commission in church related ministries as well as in careers in all walks of life. The University was founded with a vision to help underprivileged Hispanic young people, from both national and international origins, become equipped for the work of the apostle, prophet, evangelist, pastor, and teacher. Though the beginnings were very small, with a very small student population, there has been growth over the years, moving recently to the level of establishment of extension sites in other locations.

Our University is a Christian, Bible-believing, Holiness, transformational institution which believes in the Biblical call to reconcile man to God. Not only do we believe in the Biblical creation message and the fall of man, but in the divine provision of redemption available for all. Our influence in this community goes beyond the academic and seeks to prepare young people to have a truly Christian Worldview that will guide them in every area of life. Not only is the student to be prepared technically or academically, but also to have a clear spiritual vision of purpose in the Kingdom of God. We believe in the necessity for students to be drawn into deep and intimate fellowship and knowledge of God through prayer.

Vision Accomplished

In 2019, Regional Christian University (formerly Regional Bible College), became the first Christian Liberal Arts University in the South Texas Valley, providing Biblically based higher education programs in multiple career fields.

Mission and Purpose

Mission Introduction

Several years ago, God placed a vision in the hearts of Pastors David and Ana Luisa Hoyte to equip Hispanic and English-speaking young people for the work of the Kingdom of God in the area of education. Together, they started Regional Bible Institute for the purpose of restoring the ancient ruins in education and raising up foundations for generations to come (Isaiah 58:12). This restoration is being accomplished by recognizing and using the Holy Word of God, the Bible, as the basis for all education and pursuing a deep and personal relationship with the Lord Jesus Christ as the prime Mover for our daily life.

As this is accomplished, academic knowledge falls into its rightful place as subservient to and not separate and apart from the ownership of God. The integration of Biblical principles and a liberal arts education as well as personal prayer times will build character, high ideals and morals, confidence and integrity, good citizenship and respect for authority.

At Regional Christian University students do not only prepare to pass exams, they prepare for useful and productive lives. Not only do they learn to live the Christian life, they also become deeply involved in sharing the Christian life. Not only are they involved in missions, they become lifelong missionaries in all walks of life. Not only do they become excellent stewards of academic knowledge, they learn how to pass it on. Our goal is not only theoretical, but practical. We also stress the need to be culturally prepared to meet the needs of a culturally integrated society. Hence our emphasis on a bi-lingual education and an awareness and appreciation of the cultures on both sides of the border.

General Education Six Foundational Pillars

These foundational pillars embody the ideals and goals of the Mission, Crest, and Motto of Regional Christian University. The pillars are reflective of who we are, and we trust that all faculty, staff, and employees would begin to aspire towards achieving the ideals of our general education foundational pillars. All continuing education, workshops, professional development seminars for faculty, staff, employees, committees, and boards, will herald the ideals of these foundational pillars.

Mission Statement

Regional Christian University is a Full-Gospel, Bible based, Holiness institution of higher education, which endeavors to prepare people to fulfill the Great Commission.

School Crest

The School Crest is made up of a cross, a crown, an open Bible, and the praying hands. The cross and the crown symbolize that before winning the crown there is a price to be paid. The open Bible and the praying hands symbolize the emphasis of Bible reading and prayer as part of the curriculum.

School Motto

Our school motto is “Santidad, Excelencia, Dedicación” (Holiness, Excellence, Dedication).

The Concept of Great Commission in the Mission Statement

It is to be noted that the driving force behind RCU’s Mission Statement is the **Great Commission**. We are to prepare people to fulfill the Great Commission. The Great Commission, as stated in the last chapter of Matthew’s Gospel, clearly tells us that our mission is to go and make disciples, to baptize, and to teach all that Jesus has commanded us. So every course, class, and activity of our institution must have as its goal the preparation of people to accomplish this.

Fulfillment of Mission

In order to fulfill its Mission, Regional Christian University:

- Provides educational opportunities for the preparation and nurturing of men and women for Christian careers and vocations, for leadership, and for the ministry of the Great Commission.
- Provides resources, services, and a godly environment, that promote holiness and learning.
- Serves as a leadership development and resource center for local and international churches, primarily of a Full-Gospel, Holiness, and other evangelical backgrounds.
- Engages prospective students who have the calling to serve, but have lacked the economic ability to pursue the necessary training.

Institutional Objectives

During the course of study at Regional Christian University, students will be encouraged to:

1. Reach both a spiritual and academic awareness of God as the creator and sustainer of the universe and of man.
2. Know that Biblical truth is the foundation of all knowledge.
3. Know that Jesus Christ is God's son who came to earth to be man's Savior.
4. Understand the necessity of having a personal relationship with Jesus Christ and of letting him give direction to our lives.
5. Know the essential doctrines of the historic Christian faith.
6. Develop a Biblical sense of morals, ethics, and holiness.
7. Know the Biblical basis for respect of God, respect for authority figures, respect for individuals, and respect for life.
8. Develop a balanced perspective toward God's grace and God's law.
9. Know and understand the foundational teachings and the important figures of the Old and the New Testaments and how those teachings can form and positively affect our lives as Christian adults.
10. Will be aware of the six RCU general education foundational pillars which include Discernment & Critical Thinking, Effective Communication, Christian Worldview, Biblical Values & Engagement, Christian Leadership, and Personal Growth and Maturity; and upon graduation students will be able to document progress and improvement in each of these areas.

Institutional Goals

Regional Christian University seeks to be an internationally accessible institution of biblical higher education, espousing the following goals:

1. Maintain a high standard of prayerful, spiritual, academic, and ministerial excellence
2. Maintain low financial overhead, always spending less than is received
3. Become the South Texas Valley's first Christian Liberal Arts University, eventually preparing graduates in all career fields and with a distinctively Christian worldview
4. Develop an academic program that reflects our commitment to the six general education foundational pillars.
5. Always endeavor to place the ministry and calling above financial gain, seeking through the provision of God to provide quality education to deserving students even in spite of their economic need.

Statement of Institutional Philosophy of Student Development

It is our conviction that Christian education will form the way of thinking of the student. We believe in the renewing of the mind through proper instruction in the Word of God. Our approach is to base all teaching and learning on the revealed Word of God, examining current events, opinions, and doctrines, in the light of the Word of God and under the guidance of the Holy Spirit. We believe that of greater importance than merely acquiring an education is the gaining of knowledge of God and the forming of an intimate communion with Him. Hence, prayer is a vital part of any academic activity, and waiting on God is more important than the putting together of selfish plans and goals. We teach our students to seek God, to hear from God, and to obey God in all things.

Regional Christian University starts with the premise that the only true education is a Christian education and that there has to be a distinctive philosophical difference between what is being done in the Christian school and what is being done in the secular institutions. We believe that real education is the process of learning God's truths. Academics are not an end within themselves, but a means to an end, bringing glory to God and the development of Godly character in the student's life. Academics are used as a tool to assist the student to grow in wisdom and stature and in favor with God and man. Here are six premises upon which we build our pedagogical approach:

1. **DISCIPLESHIP** – Jesus commanded us to make DISCIPLES of men. As an extension of the home and the Church, Regional Christian University will disciple Christian students in a LIFESTYLE reflecting Jesus Christ and God's Word. It is not the intent of Regional Christian University to enroll non-Christian students or those who do not agree with our Biblical doctrines. Prov. 22:6
2. **REALITY** – Regional Christian University seeks to prepare students for the "Real World". We recognize that ultimate reality is God-centered. God is the personal and purposeful Creator and represents the guiding force of the universe. Reality in life involves the understanding that God is real and is active in the lives of men and women today. There are six presuppositions from the Christian point of view:

- | | |
|---------------------------------|-----------|
| A. The nature of God is real | |
| God is – the original Reality | Psa. 90:2 |
| B. The creation of God is real. | |
| God made – the infinite Creator | Gen. 1:31 |

- Gen.1:26-31; John 1; Rom. 1-3; Rom. 10:9.

6. **CHRISTIAN EDUCATION** – In order for an educational program to be academically sound and instructively effective, it must be founded upon Christian educational principles that recognize the true nature of God, of truth, of knowledge, and of man. Implicit in Christian education are these basic truths:

- A. Man does possess a spiritual dimension. Gen. 1:26-27
- B. Education involves the total being; spiritual, intellectual, physical, emotional, and social. Prov. 9:9
- C. Each person possesses unique individual potential, traits, and needs. Rom. 12:3-8
- D. The educational experience must involve (as a primary emphasis) the development of Christian beliefs, attitudes, and skills toward zealous application.
- E. An integration of Bible truth will be an inseparable and primary part of the total educational process. Christian concepts will be unified with, inseparable from, and central to the academic offerings.
- F. Youth need a steady influence while preparing to live in a complex society. Only the Bible has the answers to man's needs and longings, and therefore will serve as our authority on all questions.

In such cases, the student will not be granted a degree until such high school diploma or equivalent is obtained. Please check with the University counsellor for more information.

Non-Degree Seeking Students (Bible Certificate)

Non-degree seeking students are those who are solely pursuing studies for personal enrichment, or simply to experience University rigor and discipline before deciding on enrolling in a specific program. Such students may be admitted to the University for a maximum of 12 credit hours, but must, however, fulfill all normal requirements and procedures for admission. If the student desires to continue studies beyond the 12 credits allowed, he or she must then officially enter a program.

International Admissions

Regional Christian University will only accept students who do not need an I-20 form or a Student Visa in order to study in the States.

Probationary Admissions Policy

An applicant may be admitted to the University in a “Probationary” status based on the applicant’s academic or disciplinary records in a previous school, including being in probation or suspension at the last college attended. RCU reserves the right to review, deny or approve any applicant for any reason, on a case by case basis. Applicants previously on probation or suspension, after review by the admissions committee, may be given probationary admission status and will need to maintain a cumulative grade of 2.0 GPA or higher in order to be in good standing, and must fulfill all other requirements. After a successful semester of enrollment, and after evaluation, the student may be allowed unconditional enrollment.

Re-Admission

Students who have withdrawn or have been expelled from an academic program or the University may apply for readmission and enrollment but **will be considered under the terms of the current Academic Catalog**. Students who are in default whether for fines, library fees, unpaid financial obligations, or disciplinary action, may be denied enrollment at the discretion of the admissions committee.

Transfer Credit

Transfer credit is considered on all college credit courses completed at a nationally or regionally accredited institution. RCU reserves the right to accept credits that reflect the content, objectives, and extent of courses required for graduation at our University. Exact number of credits accepted will depend on RCU’s academic standards council.

A transfer student must meet all scholastic standings as other full-time students. Online courses from another accredited institution may be accepted. No courses with a grade of “D” or lower will be accepted by the University. Courses with pass/fail/satisfactory grading will not be accepted. All transfer students must be in “good academic standing” at the previous institution and have their Registrar’s Office provide documentation directly to the University.

Criteria Governing Eligible Transfer of Credits

- Coursework must have been completed at a regionally or nationally accredited or recognized academic institution, college or university
- Coursework should be equivalent to courses that are or could be offered at RCU
- Coursework must have earned a grade of C (2.0) or higher
- Course must be taken for a grade (not pass/fail)
- Coursework completed on a quarter system basis will be converted to semester hours for RCU credit by multiplying quarter hours by 2/3 to calculate semester hours
- Developmental, remedial, continuing education, and college orientation courses will not transfer
- Certain credits may be accepted from non-accredited but recognized institutions upon review by the Academic Standards Council

University Credit for Work, Life, and Ministry Experience

Adults returning to school in order to enhance employment opportunities, find better jobs, or complete a degree which they started years ago, may earn additional credit through work, life, military, or ministry experience. Corporate training, certifications, licenses, certain examinations taken, and ministerial study and experience, are some avenues for earning possible credit towards their degree. Please consult with the Office of the Registrar for more information. Occasionally, some assessments may be conducted prior to accepting an adult student.

Special Pastoral Remedial Track

Occasionally there are pastors who have attended an unaccredited Bible Institute before or while fulfilling a successful pastoral ministry, and who would now like to be able to continue their studies towards a ministerial degree or simply obtain additional preparation for future ministry. Through Regional Christian University, students may have the opportunity to earn additional credit toward their degree through a variety of options. Avenues to earning possible University credit for prior learning experiences will be a combination of the following:

- All transcripts from former Bible Institute study will be meticulously scrutinized to determine courses taken, course descriptions, actual meeting times, credentials of the professors who gave the classes, textbooks used, and assignments that were required.
- Length of ministerial experience including detailed information on the ministerial structure and governance under the applicant's tenure, church or ministry growth and progress, and outcome of the ministry.
- Additional personal ministerial study habits of the applicant, any writings accomplished, any new missions or new ministries opened under applicant's tenure, personal testimony and testimony of credible witnesses such as association leaders, ministerial supervisors, etc.
- Ministerial conferences or seminars attended, online courses done through accredited schools, other extra-church professional seminars or trainings received during applicant's tenure.

These and other factors will be taken into consideration when deciding what, if any, credits can be accepted, and what, if any, credits can be granted towards the completion of an associates or bachelor's degree. No course shall transfer having less than a "C" grade. Additional courses to be taken will be determined by the Academic Standards Council.

Students should contact the Office of the Registrar who can provide them with more detailed information into this process.

Practicum Experience

All students must be fulfilling practicum experience in ministry-related service in order to maintain student status at the university, even when for some reason they are not enrolled in a specific course. This ministry-related service may include active leadership or other roles in a local church, missions or evangelism, ministry service of a public nature, or an approved mentorship involvement either as mentor or mentee.

Adult Education Program

In conjunction with the Regional Bible Institute Christian Academy (Sanctuary Christian Academy), the University provides a program of adult education for people who have never finished their high school education. This is done by having our Academic Standards Council carefully review their elementary, middle, and high school transcripts in keeping with Texas State requirements for graduation from high school to determine what courses are lacking. Deficiencies are then made up by courses and examinations conjointly provided through the University and our affiliated Academy under meticulous supervision, and a High School Diploma is presented by the Academy upon the fulfillment of all high school course requirements.

Please submit all transcripts to:

Undergraduate certificate programs provide educational opportunities for those students enrolled at RCU as undergraduates, as well as non-degree seeking students. Certificate programs are narrower in scope and much shorter in duration than baccalaureate degrees. Undergraduate certificate programs are neither “degree” programs nor teacher certification programs, but students may also apply to receive certificates in a field of study while pursuing a degree.

Admission Requirements

Undergraduates currently enrolled in baccalaureate degree programs or enrolled as non-degree-seeking students and who want to earn undergraduate certificates may at any time seek to enroll in undergraduate certificate programs. Students that desire to enroll in a certificate program should contact their academic advisor and request permission to enter into the certificate program. An approval must be granted by the student’s academic advisor and the registrar.

Students not currently enrolled and who are interested in earning an undergraduate certificate are required to apply for admission to RCU as non-degree-seeking and indicate in the application process their desire to pursue the requirements of a specific undergraduate certificate. Applicants

will be required to meet all university admission requirements for special students at the undergraduate level. After the student is admitted, the student must contact their academic advisor and the registrar to receive approval to enter the certificate program.

Students admitted to a certificate program as non-degree-seeking who wish to enter into a degree program will be required to reapply to RCU as a degree-seeking undergraduate. Admittance to, or completion of, a certificate program is not considered qualification for admission as a degree-seeking undergraduate. Individuals pursuing certificates as non-degree-seeking students will not be eligible for financial aid, Veterans Administration educational benefits, or most other financial aid opportunities.

Certificate Requirements

Undergraduate certificate programs at RCU generally require a minimum of 15 semester credit hours, at least three hours of which must be at the upper-division level. No more than one (3 hour) course taken at another institution can count toward completion of a certificate. All courses used to satisfy the requirements of an undergraduate certificate program must be college-level courses.

Some courses required for undergraduate certificate programs may require prerequisite courses. Before enrolling in any course required for a specific certificate program, students are required to satisfy all the prerequisites for the course as listed in the course description.

In order to receive an undergraduate certificate from RCU, students must meet the following minimum requirements:

1. Complete all course requirements of the specific undergraduate certificate program.
2. Receive a grade of “C” or better in each course used to satisfy the requirements of the undergraduate certificate program.
3. Achieve at least a 2.0 grade point average (on a 4.0 scale) in all courses used to satisfy the requirements of the certificate program.

The student’s academic advisor and the registrar must verify the completion of requirements. Upon completion of all requirements the certificate will be recorded on the student’s undergraduate transcript. The student may be recognized and “officially” awarded the certificate for completion of the program at a ceremony organized by the RCU administration.

It is the student’s responsibility to meet with their academic advisor during the last semester of certificate coursework in order to verify that all requirements for completion have been met. **Students who complete a certificate program without completing a degree program do not receive a university diploma.** However, courses completed while pursuing a certificate may be applied toward the requirements for completion of an undergraduate college degree.

Pastoral Care and Family Counseling Certificates I & II

Many Christians feel they are not properly equipped to perform counseling interventions effectively. Yet, when our brothers and sisters in Christ encounter difficult situations, trials, loss, suffering, and even sin, we are called to help them “get out of hardship and grow up in every way into Him who is the head, into Christ,” by speaking the truth in love. Christian counseling offers spiritual and emotional intervention through the work of Jesus in a person's life. RCU

wants to equip those Pastors and Christians to be faithfully ministering the Word of God to those who need counseling.

Overview

From the perspective of a Christian worldview, you will explore the beauty of the human mind. You will understand the spiritual side of existence by developing interventions that help others. Be able to help those to connect with God and become a more whole human. You will grow spiritually.

Program Learning Outcomes

STATEMENT OF ACADEMIC FREEDOM

The freedom found in Christ behooves us to cultivate and support an environment that promotes true learning and scholarship since our goal is to show the light of Truth. At Regional Christian University, we believe that all truth is God's truth. Furthermore, God has made it possible for us to discover and understand truth. We affirm our commitment to freedom of inquiry and expression in academic endeavors.

Regional Christian University wishes to maintain an academic community in which faculty are free to engage in rigorous scholarly inquiry, as well as critical thinking, while maintaining a belief in God as the creator of all things, in Jesus Christ as Savior and Lord, in the Holy Spirit as teacher and guide, in Scripture as God's authoritative and infallible revelation, and in the Christian community as an expression and vehicle of God's redemptive work in this world.

The University follows these ethical principles in its practice of academic freedom:

1. Faculty are entitled to the rights and privileges of academic freedom in the performance of their duties. Faculty are entitled to freedom of expression in the classroom in discussing their subject. Faculty should be careful not to introduce into their teaching controversial matter that has no relation to the subject.

2. Faculty must remember that the public will form opinions of their profession and their institution by what they say.
3. Complaints against faculty may be generated.
4. Faculty will be protected from any demand to retract or modify their research, publication, or teaching merely because a complaint has been received.
5. Consideration shall only be given to complaints alleging faculty violations of moral, ethical, professional standards, or of advocating opinions incompatible with the University's identity as a Christian school.
6. Violations of the academic freedom policy should be referred to the dean of the school in which the faculty member teaches. The dean may recommend appropriate sanction for the case at hand, including counseling, disciplinary action, or termination of employment.
7. If a faculty member believes his or her academic freedom has been unduly restricted, he or she may pursue resolution of this issue through the existing faculty grievance procedure as articulated in the Faculty Handbook.

STUDENT FINANCIAL AID INFORMATION

Holiness ~ Dedication ~ Excellence

Funding

Our University is organized, and functions through the direct provision of the Lord Jesus Christ. We seek to provide this education as economically as possible to the students who come from situations of great economic need. Families of students contribute a minimal amount when possible. Financially capable families are not expected to abuse this kindness, however. All financial commitments of students are treated on an individual basis. We provide scholarship assistance which covers most of the cost of each student. We also cover all expenses when we send our students out on missions. Eventually, we hope to expand our territory, and to be able to fund the starting of new ministries, churches, and schools in Mexico and other places where our graduates will be able to offer their full-time labor unto the Lord as they seek to win souls for Christ, ground believers in the Full Gospel of the Lord, and prepare children and adults for service in the Kingdom of God.

ACADEMIC REGULATIONS

Holiness ~ Dedication ~ Excellence

Course Numbering

All RCU courses have an Alpha prefix of 2-4 letters which carry the abbreviation of the academic discipline. Each course also has a four-digit number whose first digit denotes the level of the course, i.e. 1000-1999 represents first year or freshman level courses; 2000-2999 represents second year or sophomore level courses; 3000-3999 represents third year or junior level courses; and 4000-4999 represents fourth year or senior level courses. The second and third digits represent the course sequence; and the last digit represents the credit value.

Availability of Classes

Not all courses listed in the catalog are offered each semester or each academic year. RCU reserves the right to withdraw any course from its semesters' course offerings due to low enrollment. Other courses may be added at the discretion of the Chief Academic Officer.

Student Classification

A student who is actively pursuing a degree program is classified by the number of earned credit hours. The student's class standing is based on the number of credit hours successfully completed at the end of each semester. These classifications are as follows:

Freshman	0 – 29 credit hours earned
Sophomore	30 – 59 credit hours earned
Junior	60 – 89 credit hours earned
Senior	90 or more credit hours earned

Registration

RCU students must register and arrange for payment of all tuition and fees prior to each semester and before attending any class. Students should consult the admissions office to register for classes or to make any needed changes.

Attendance/Course Structure

Registered students must attend all class sessions for which they are registered. Professors are required to take weekly attendance.

Student Guidelines

Students are expected to do all homework assigned and to make sure it is turned in when due. In case of an excused absence, students are permitted time to make up assignments that were assigned when absent. However, major projects and research papers that are assigned days or weeks in advance must be turned in on or before the due date in order to receive full credit even in the event of an excused absence. Some other guidelines that the student should be aware of are the following:

Late assignments are not permitted unless advance permission was obtained from the teacher.

Homework or weekly work turned in one day late will receive a maximum grade of 70.

Homework or weekly work that is more than one day late will receive no credit ("0"), but must still be turned in.

Progress Reports and Report Cards

When a student is doing poorly in class (an average of 74 or below), the student will be called on for academic review. Continued poor performance may cause the student to incur academic probation or withdrawal. Progress reports will be handed out once during each semester. Final report cards will be delivered at the end of each semester.

Grading Policy

Grade	Percentage	Quality Points
A	93-100	4
B	85-92	3
C	77-84	2
D	70-76	1
F (Failed)	P (Passing)	WP (Withdrawn Passing)
S (Satisfactory)	I (Incomplete)	WF (Withdrawn Failing)

Incomplete

An extension may be given in unusual circumstances (illness, family emergency, etc.) upon request of a student to allow for completion of the coursework requirements. Incompletes must be made up within three weeks of the ensuing semester or else the grade is changed from "I" (Incomplete) to "F" (Failed).

Unexcused Absences

After three unexcused absences the student's qualification is lowered by one letter grade.

Homework Assignments Purpose

Homework is an important part of the total educational process and is assigned as it is

deemed necessary for learning. Homework is given for several purposes including the following:

For drill - Students need solid drilling to master material essential to their educational progress.

For practice - Following classroom explanations, practice is often necessary to ensure full understanding.

For remedial activity - As weak points in a student's grasp of a subject become evident, homework is often given to overcome such difficulties.

For special projects - Book reports, compositions, special research assignments, and projects are some of the activities that are frequently the subject of homework attention.

Course Load

The maximum number of credit hours in a given semester in which a student may enroll is 18 credit hours. Any student wishing to enroll in more than 18 credit hours must obtain written approval from the Academic Dean.

Repeating Courses

Students may repeat a course for which they receive a grade of "F". Students are also allowed to re-enroll one time in a course for which they previously earned a grade of "D" or higher. All grades and credit hours having a numerical value are calculated in the student's cumulative grade point average.

Auditing Courses

Students may register for a regular course as an auditor subject to the availability of space. Students may participate in the class if they so desire, but are not required to submit assignments. There is no credit for audited courses. The grade will be listed as "AU". Students may not switch from audit to credit status, or from credit to audit status after the published deadline in the Academic calendar.

Non-Credit Coursework

No academic credit is awarded for coursework taken on a non-credit basis.

Directed Study

Students in their last semester before graduation who need a class that is not being offered or is not available at the time may be permitted to fulfill the course requirements on a "Directed Study" basis. A request for Directed Study must be submitted on a specified form along with an attached proposal and approved by the Academic Dean before the beginning of the semester in which the study is to be conducted. Students are permitted to complete a maximum of 12 credit hours of Directed Study at Regional Christian University. The proposal should include:

- Title

- Course Objectives
- Syllabus
- Meeting Schedule

Directed Study is not meant to be used only for convenience, or to avoid waiting to do the same course at a later date, or if the student is finishing an Associate's degree and planning to continue with the Bachelor's degree.

Grade-Point Average

Grade points earned in each course are computed by multiplying the number of credit hours for the course by the grade-point value of the letter grade received. The student's grade point average (GPA) each semester is determined by dividing the total number of grade points earned in all courses by the total number of credit hours taken.

Academic Honors

The Academic Honor Roll includes students who earn a GPA of 3.30 or higher in 12 semester hours or more.

Graduation Honors

Associate degree students are graduated with the appropriate honor designation by earning the following cumulative grade-point averages:

Highest Honors	3.80 – 4.00
High Honors	3.65 – 3-79
Honors	3.50 – 3.64

Baccalaureate students are graduated with the appropriate honor designation by earning the following cumulative grade-point averages:

Summa cum laude	3.80 – 4.00
Magna cum laude	3.65 – 3-79
Cum laude	3.50 – 3.64

Satisfactory Academic progress

Regional Christian University reserves the right to place a student on academic probation and/or suspension for any reason deemed appropriate during his/her matriculation at the University. Students whose cumulative grade point average (GPA) falls below 2.0 will be placed on academic probation and are required to make satisfactory academic progress per the following guidelines:

- Must be enrolled in a degree program, taking classes leading to that degree.
- Must maintain a cumulative GPA of 2.0.

Academic Warning

Students who earn a semester GPA of less than 2.0, but whose cumulative GPA is not less than 2.0 will be given an academic warning, and are strongly encouraged to meet with an Admissions Counsellor before the start of the next semester. Students who earn a GPA of less than 2.0 in their major courses, but whose cumulative GPA is not less than 2.0 will receive an academic warning. An academic warning will not be placed on the official transcript.

Academic Probation

Students whose cumulative GPA is less than 2.0 will be placed on academic probation, and will be required to meet with an Admissions Counsellor before the start of the next semester. Students placed on academic probation will need to achieve a cumulative GPA of 2.0 during the semester in which they are on probation. Students placed on academic probation will also have a registration hold placed on their account, and the academic probation status will be indicated on the official transcript.

Academic Suspension

Students who do not achieve a cumulative GPA of 2.0 during the semester in which they are on academic probation may be placed on academic suspension for one academic year. If placed on academic suspension more than twice during two consecutive years, students will be placed on academic suspension also. Students placed on academic suspension will be withdrawn from the University and the academic suspension status will be indicated on the official transcript.

Re-admission After Suspension

Students placed on academic suspension may re-apply to the University after a period of one academic year. Students will need to meet the current admission requirements for the University and the application will need to be considered by the Admissions Committee. Students re-admitted to the University after an academic suspension will be immediately placed on academic probation and will need to meet the requirements of a student on academic probation. Students who reapply will be subject to all current fees and applicable policies at the time of re-admission.

Academic Expulsion

Students placed on academic suspension twice will be permanently dismissed from the University. An academic expulsion status will be placed on the official transcript.

Students must withdraw in a timely fashion in order to withdraw with a grade of “WP” after the last date to drop a class with a grade of “WP”. Only in extreme circumstances beyond the student’s control and with approval of the University will a student be able to withdraw with

a grade of “WP” after the final date.

Students may withdraw from the University by completing a withdrawal form and following a withdrawal process initiated at the Office of the Registrar.

Leave of Absence

Students may request a leave of absence from the program if necessary. A leave of absence may not exceed 180 calendar days throughout the matriculation in the program. After approval of a leave of absence request, the start date of the leave of absence will be the next class session after the date of the request.

A grade may be changed upon approval of the faculty member and at his discretion, in the event of an error, if the student provides documented proof of the inaccuracy. A grade change may also be obtained subsequent to Faculty approval for an extension or for additional work to be done by the student. Faculty members will need to submit a grade change request to the Academic Dean within 180 days of the original assigning of the grade.

Student Grievance and Complaints

The aggrieved party ("the Aggrieved") should pay particular attention to the Matthew 18 principle and to Colossians 3:12-13: "Therefore, as the elect of God, holy and beloved, put on tender mercies, kindness, humbleness, meekness, longsuffering; forbearing one another, and forgiving one another, if any man have a quarrel against any: even as Christ forgave you, so also do you."

God's way is that the offended should first try to resolve the matter with the offending person. When this is not adequate, then the matter is to be taken to the next level and finally to a higher body. RCU requires a space of 60 days between transitions to another level of authority so as to allow enough time for any godly counsel to be implemented.

When dealing with a grievance, the Aggrieved and source (the one causing the offence) should adhere to the following guidelines:

Prayer - Pray together for God's wisdom--James 1:5

Discussion of the Complaint - Discuss the grievance only with those that are part of the problem or part of the solution.

Openness - Be open, friendly, willing to listen, and teachable.

Understand the Complaint - Make certain the complaint is understood and all circumstances surrounding the grievance are clarified. Both parties should have the facts.

Resolution - Come to some type of resolution of the problem even if the agreed resolution is that you will proceed to the next higher authority.

Implement the Solution - If there has been a solution, allow adequate and reasonable time for the solution to be implemented before proceeding to the next higher authority.

Domestic Complaints

For interned students, the procedure for addressing complaints in domestic matters is as follows:

- Student to Dorm Leader
- Dorm Leader to Dean of Student Affairs (after 60 days)
- Dean of Student Affairs to Pastoral Ministries Committee

Since the Pastoral Ministries Committee is the final arbiter, there is no appeal beyond their decision.

Academic Complaints

all students, both interned and commuting, the procedure for addressing academic complaints and grade disputes against a Faculty member is as follows.

- Student to faculty member
- Faculty member to Academic Dean
- Academic Dean to Faculty Committee

Since the Faculty Committee is the final arbiter, there is no appeal beyond their decision.

Student Assignments

Regional Christian University is required by our accreditors to assess program effectiveness and Students' Learning Outcomes. The University may keep samples of student assignments as a part of the evaluation process. This is done in order to ensure continued excellence in learning and teaching. Assessments will be done during admissions, the student's academic program; at graduation, and after graduation. All identifying information will be removed and student privacy protected. All assessment results become part of the institution's aggregate data.

Academic Integrity

RCU will not permit academic dishonesty since it is an offense against the Christian student's character and testimony. Academic dishonesty will include but will not be limited to the following:

- Cheating
- Plagiarism
- Copying from another student's paper
- Using a marked Bible when an unmarked Bible was instructed
- Using concealed information during examinations
- Falsifying reports
- Giving and completing assignments to and for other students
- Giving information to another student during examinations
- Obtaining information from a student who has already taken the examination
- Submitting as original research, a paper from another class or a paper that another student has submitted for any class

Students are encouraged to report dishonest behavior whenever they are aware of such behavior. By this means, together we can maintain Christian standards and conserve a healthy spiritual atmosphere among students and faculty members. It is not wise to cover up for others who have erred in this manner.

First offenders will receive a grade of "F" on the particular assignment, and may be subject to course failure. Repeat offenders will be referred to the Academic Dean who will decide upon applicable disciplinary action, including expulsion from the University. The student will have the right to appeal the decision of the Academic Dean, at which time the matter will be taken to the Faculty Committee.

Since the Faculty Committee is the final arbiter, there is no appeal beyond their decision.

STUDENT LIFE

Holiness ~ Dedication ~ Excellence

Spiritual Life

By being a student at Regional Christian University students agree to happily and willingly participate in all activities geared toward enhancing one's spiritual life. A student may not flaunt an unwillingness to pray, read the Bible or engage in worship while at our school, nor try to induce other students to demonstrate similar attitudes.

Each student is expected to exhibit the following attributes (inside and outside of the classroom):

Love, 1 John 3:11 - "For this is the message which you have heard from the beginning, that we should love one another."

Edification, Romans 15:1, 2 - "Now we who are strong ought to bear the weaknesses of those without strength and not just please ourselves. Each of us is to please his neighbor for his good, to his edification."

Bearing One Another's Burdens, Galatians 6:2 - "Bear one another's burdens, and thereby fulfill the law of Christ."

Speaking the Truth in Love, Ephesians 4:15 "But speaking the truth in love, we are to grow up in all aspects into Him who is the head, even Christ."

Responsibility to Other Believers, 1 Corinthians 8:9 - "But take care that this liberty of yours does not somehow become a stumbling block to the weak."

- Daily prayer and regular Bible study
- Development of mature relationships with other believers
- Maintenance of a positive attitude
- Encouraging and edifying one another in the love of Christ

Student Code of Conduct

Students at RCU are called to a high standard of Christian conduct. Christian commitment should result naturally in godly living. However, the biblical doctrine of human nature requires a realistic approach to the question of Christian lifestyle. Faculty, staff and students are expected to abide by standards and principles found in the Holy Scriptures. While

the Scriptures do not provide specific teaching on every aspect of social practice, they do provide general guidelines and advocate self-resistance in that which may be harmful or offensive to others. There are standards and expectations that have been adopted which will contribute to a healthy spiritual environment.

Youth Meeting

7:00 PM

Chapel

A Chapel Day is held each week in the University Chapel. This is a time of spiritual uplifting and an opportunity to renew our commitment to the Lord Jesus Christ. Students may participate in the service as well as hear other visiting speakers from time to time.

June & Howard Carr Garden of Prayer

The June & Howard Carr Garden of Prayer provides a special place to get away and be alone with God, while enjoying the beauty of the plants and flowers. Students are able to utilize this special prayer garden on a daily basis, or even during the hours of the early evening.

Evangelistic Programs

There is a diversity of programs in which students are encouraged to participate, including the University choir, drama, pantomime ministry, children's ministries, music programs (piano, guitar, mandolin, violin, and drums), tambourine and choreography, and others.

Local Church Ministry

Students are encouraged to participate in monthly local Church ministry programs. There are several ministry groupings in which a student may contribute his or her skills, talents, and anointing, such as playing musical instruments, singing, drama, preaching, and prayer. A student may sign up to go out in such ministry groupings on a monthly or weekly basis.

Summer Missions

Every year, in June, the Regional Christian University sponsors a summer missions program for credit. All students who come on scholarship are required to participate. This is an opportunity to give back a little of what the Lord has given as they share with people in needy areas on both sides of the border. Students are able to keep in touch with the needs in Mexico even as they pursue their studies here at the University. During the month of missions, activities include going out in groups to serve churches and pastors. It is also customary to travel as an entire school to churches both in Texas and elsewhere in the north to conduct presentations of the Gospel in the unique manner of the Regional Christian University students. Students share their ministry of preaching, teaching, music, pantomime, and prayer. It is always a blessing to the churches.

University-Operated Christian Academy

Regional Christian University sponsors and conducts a Christian school, Sanctuary Christian Academy. Sanctuary Christian Academy is accredited by the Association for Christian Teachers and Schools (ACTS), and by the National Council for Private School Accreditation (NCPSA). This is a private Christian elementary, middle, and high school, which ministers to underprivileged girls, primarily from Mexico. These children, many of whom formerly lacked the opportunity to obtain their basic education, are now able to conclude their High School studies and go on to study various careers in Mexico and the United States, including nursing, social work, and commerce. Several Academy students enter our teacher education program here at the University when they terminate their High School studies. This prepares foreign students to return to Mexico to work as teachers in orphanage schools, private schools, or even to be instrumental in starting their own Christian schools.

Practicum Experience

Sanctuary Christian Academy is, in effect, a lab school for the Christian education program of Regional Christian University. Education students can fulfill their internship requirements at RBI Christian Academy (Sanctuary Christian Academy).

The local church, Centro de Oración (Center of Prayer), is the locale for fulfillment of ministerial practicum experience for theological and ministerial students. Students may also fulfill ministerial practicum experience at their own churches, or at any other evangelical church affiliated with the work of the University. The university's Director of Ministry Formation is available to assist students in identifying potential ministry placement opportunities.

The Edinburg Conservatory (Fine Arts Piano Program)

All students of Regional Christian University are encouraged to take advantage of the piano training and performance program offered by the Edinburg Conservatory. This program includes piano introduction, keyboard skills, music theory, and performance.

Alumni Association

Students who have left the University are invited to join the alumni association in order to keep in touch with on-going events of the school, as well as to let us know the wonderful things that they are doing in their own life.

Sexual Harassment

Sexual harassment is a form of misconduct that is not permitted at Regional Christian University. Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature to which students are required to submit to secure favorable treatment or better grades, etc. It is also considered sexual harassment if the conditions substantially interfere with the student's work performance or study environment. Disciplinary action for sexual harassment could lead to termination of the offender's position at the school. If you feel that you have been a victim of sexual harassment, immediately contact the Dean of Students, or the Office of Student Affairs.

Grievance Process

It is the desire and goal of Regional Christian University that students be fulfilled and happy as they pursue their educational and spiritual goals. Occasionally, it is possible that concerns may arise, either due to misunderstandings, or misconduct on the part of someone else. If students feel that they have been disrespected or denied their rights, or if they believe they have been mistreated or misunderstood, or for whatever reason are not entirely satisfied with their RCU experience, they are encouraged to make their grievance known to the Dean of Students, or the Office of Student Affairs so that appropriate intervention can be made.

The aggrieved party ("the Aggrieved") should pay particular attention to the Matthew 18 principle and to Colossians 3:12-13: "Therefore, as the elect of God, holy and beloved, put on tender mercies, kindness, humbleness, meekness, longsuffering; forbearing one another, and forgiving one another, if any man have a quarrel against any: even as Christ forgave you, so also do you."

For interned students, the order of authority is as follows:

- Student to Dorm Leader
- Dorm Leader to Dean of Students
- Dean of Students to Chief Student Officer

For day-school students, the order of authority is as follows:

- Student to Professor
- Professor to Dean of Students
- Dean of Students to Chief Student Officer

The Aggrieved shall first go to the source of the grievance in order to resolve the grievance. Many times grievances can be resolved at this level. If the issue cannot be resolved, then the aggrieved should take the complaint to the appropriate person at the next level who will then take the matter to the Dean of Students and lastly to the Chief Student Officer. The Chief Student Officer may consult with the President's Cabinet about a policy problem. When dealing with a grievance, the Aggrieved and source (the one causing the offence) should adhere to the following guidelines:

Prayer - Pray together for God's wisdom--James 1:5

Discussion of the Complaint - Discuss the grievance only with those that are part of the problem or part of the solution.

Openness - Be open, friendly, willing to listen, and teachable.

Understand the Complaint - Make certain the complaint is understood and all circumstances surrounding the grievance are clarified. Both parties should have the facts.

Resolution - Come to some type of resolution of the problem even if the agreed resolution is that you will proceed to the next higher authority.

Implement the Solution - If there has been a solution, allow adequate and reasonable time for the solution to be implemented (at least two weeks) before proceeding to the next higher authority.

Using Mediation

An independent third party or Christian mediator can sometimes help resolve grievance issues before it is necessary to invoke a formal procedure. Mediation is a voluntary process where the mediator helps two or more people in dispute to attempt to reach an agreement. Any agreement comes from those in dispute, not from the mediator. The mediator is not there to judge, to decide who is right or wrong, or to tell those involved in mediation what they should do. The Christian mediator seeks to monitor the process of seeking to resolve the problem in a fair and loving manner in hopes of achieving a God honoring outcome.

Regional Christian University will seek to identify employees or local affiliate pastors who have been trained in mediation who can act as internal mediators. When this is not appropriate the University will source an external mediation provider. Mediators will work individually or in pairs as co-mediators.

There are no hard-and-fast rules for when mediation is appropriate, but it can be used:

- for conflict involving colleagues of a similar job or grade, or between a professor and a student, or a student employee and his or her manager

- at any stage in the conflict as long as any ongoing formal procedures are put on hold
- to rebuild relationships after a formal dispute has been resolved
- to address a range of issues, including relationship breakdown, personality clashes, communication problems and bullying and harassment.

Mediation is not part of RCU's formal grievance procedure. However, if both parties agree to mediation, then the grievance procedure can be suspended in order to resolve the grievance by that means. If mediation is not successful, then the grievance procedure can be re-convened.

Cultural Diversity

Cultural diversity is a phenomenon which is growing more and more present and relevant to the progress of a Christian University, and it is necessary to have a clear understanding of what this will mean for our school. Cultural diversity is not only limited to race or ethnicity, but to differences in age, language, ability, nationality, socioeconomic status, religious beliefs and philosophies, and the sexual make-up of the campus population. The campus population is considered culturally diverse when a wide variety of groups are represented.

As Christians, we want to strive for respect and understanding of the differences within our diverse culture. A policy of kindness, love, and patience must be in place in order for an appropriate atmosphere of learning, working, and living. We are not called by God to accept the world and its ways, but we are called to patiently shed forth the love and the light of Christ in the midst of the turmoil and darkness of this world.

At RCU, we strive to have cultural diversity without compromising the sanctity and truth of the Word of God and the requirements that God has ordered for the peaceful and holy life. While there must be no judging and condemnation of others who might have different views on issues of importance, our first commitment is to following the guidelines spelled out in the Holy Word of God. The factor that truly joins people together and unites people in one is the love of Christ and His Truth (John 17:17-26).

Rights of Disabled Students

Regional Christian University attaches particular importance to the needs of disabled people.

Under the terms of this policy, faculty is required to:

- make reasonable adjustment to support the studies of a student who becomes disabled, for example, training, provision of special equipment, adjusted study hours and assignments. (NB: faculty is expected to seek advice on the availability of advice and guidance from external agencies to maintain disabled students in University);
- include disabled students in training/development programs;
- give full and proper consideration to disabled students who apply for on campus jobs, having regard to making reasonable adjustments for their particular aptitudes and abilities to allow them to be able to do the job.

Living Accommodations

Women's Residence Hall. Women's residence halls are available for female students needing housing. All residential students must be fulltime. There are dormitories and living areas for interned students, educational classrooms, a computer laboratory, a library, chapel, and cafeteria. Free laundry services are offered for the interned students. RCU is located near a local community park and there is access to the city library, as well as the nearby University library.

Men's Residence Hall. Off-campus housing will soon be made available for male students upon a first-come, first-served basis. Off-campus students will need to provide their own transportation to and from the campus.

Dress Code

In deference to the several denominations represented at Regional Christian University, we request adherence to a modest and conservative attire at all times while on campus. All students are required to adhere to the prescribed uniform dress code of Regional Christian University. Professors are expected to dress professionally for attendance at the University. Male professors and students are expected to wear suits with or without ties. Shorts are not permitted. Female professors and students are expected to wear dresses or skirts of a modest length (two inches past knee), and tops which are not low-cut nor expose the stomach or armpits. Tight clothing, spaghetti straps, and pants or slacks are not permitted. For both males and females, optional uniforms with the University monogram may be used.

Social Interaction

Regional Christian University is a place of academic advancement, spiritual healing and nurturing, and the practice of the Presence of God. As such, it is important always to maintain a healthy, holy, Christian attitude and relationship between male and female. It is hoped that respect and godly appreciation will be developed, and frivolous and sensuous behavior will be avoided. Personal dating is strictly discouraged. It is hoped that a more prayerful and godly approach will be followed when seeking God for a life companion. Pastoral counseling is freely available for those desiring godly counsel and wisdom, and students are encouraged to take advantage of this service. Many group activities are available for mutual and healthy interaction.

Counseling Services

Counselling is available to students to address personal, spiritual life concerns. The Department of Pastoral Ministries will be happy to set up an appointment for any student who desires to meet for counseling and spiritual orientation.

The Office of the Academic Dean will be happy to set up an appointment for students to meet for academic guidance and orientation.
