

WHO ARE WE?

ProOne has created an industrial line of lubricants and fuel technology for Marine engines and applications.

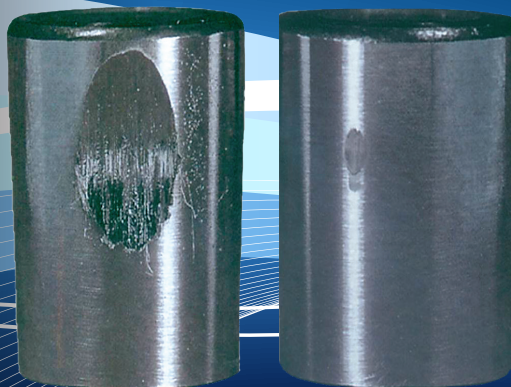

They are designed to withstand extreme amounts of pressure and solve various fuel issues that will save you thousands.

In addition:

- Proprietary metal bonding technology that is 50 times more powerful than ordinary additives type lubricants.
- \$2.5 million in laboratory and field testing.
- Products trusted by fishing charters, blue chip companies such as Ford, Nucor Steel, military agencies and NASA.

WITHOUT XPL+ @ 4,000PSI

WITH XPL+ @ 200,000PSI

**HEAVY DUTY OIL STABILIZER
SLOWS OIL BURNING &
INCREASES FUEL ECONOMY**

"After 200 hours on a 10-day trip we would had to add 1 gallon of a make-up oil. After using the Heavy Duty Oil Stabilizer, we only have to add one quart, and the engine is no longer leaking oil. On the fuel side I was burning 33gph, now I'm burning 29gph with the Fuel Maximizer."

-CAPTAIN PAUL STRASSER/ INDEPENDENCE, NEWPORT BEACH, CA

TECHNOLOGY

ADVANCED FUEL CONDITIONING TECHNOLOGY

10 oz Treats 300 Gallons

TREATMENT RATIO
1:4000 or 1oz per 30 gallons.
Double dose first tank.
ADD AT EVERY FILL UP

FUEL MAXIMIZER

ProOne's advanced Fuel Maximizer is a super-concentrated fuel catalyst/conditioner that liberates fuel's chemical energy addressing water, corrosion and algae problems in marine engines.

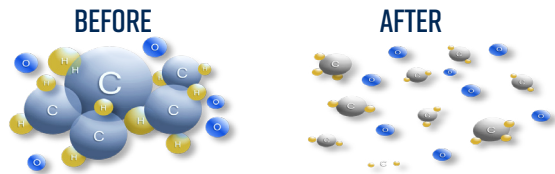

This helps create better performance, significantly reduce fuel consumption and clean carbon and soot, keeping parts clean and reducing downtime caused by carbon build up.

ADVANTAGES

- Converts most WATER and ALGAE into BURNABLE FUEL!
- Liberates fuel's chemical energy for more power
- Helps eliminate black smoke
- Preserves fuel for long time storage
- Easier engine start-up
- Cleans fuel filters without changing them
- Provides lubricity against corrosion and wear
- Cleans and prevents carbon buildup

HOW IT WORKS

Fuel Maximizer breaks down large particles which accelerates combustion. This produces more efficient combustion by creating more energy per unit of fuel burned.

Experience The Power Increase!

ProOne#	Size	Case Pack
32010	10oz/295ml	12
32001	1 Gallon/3.78L	4
32055	55 Gallon Drum /208L	1

50 Times More Powerful Than Typical Oil Stabilizers

DIRECTIONS FOR USE

- Diesel engines - 20% by volume

HEAVY DUTY OIL STABILIZER

This high performance heavy-duty formula is designed to fortify your oil to provide extra protection and enhance the performance of your engine or gearbox.

It is formulated with XPL+ Technology which offers 50 times more film strength protection other stabilizers can't provide. It provides exceptional results in engines that are burning, leaking, or using oil.

ADVANTAGES

- Extreme pressure protection
- Protects engines against dry start-up
- Helps reduce smoke
- Slows oil burning & oil leaks
- Slows blow-by
- Helps restore compression
- Improves performance
- Easier starting at all temperatures
- Increases oil pressure
- Extends engine life

TYPICAL OIL ANALYSIS RESULTS

Wear Metals (ppm)	Cu	Fe	Cr	Al	Pb	Gn	Si
H200-40202-0002	20	68	1	2	0	1	.4
H200-40111-0001	135	431	6	9	12	4	12

Copper (Bushings, Bearings) = 135ppm to 20ppm **85% REDUCTION**
 Iron (Cylinders, Rings, Crankshaft) = 431ppm to 68ppm **84% REDUCTION**
 Aluminum (Pistons, Bearings, Pumps) = 9ppm to 2ppm **77% REDUCTION**

ProOne#	Size	Case Pack
13032	32oz/946mL	6
13001	1 gal/3.785L	4
13055	55 gallon/208L	1

Best Spray Lubricant For Boat Maintenance

XPL-101 PENETRATING LUBRICANT

No other penetrating lubricant offers XPL+ lubrication technology which protects metal surfaces from heat, friction, moisture and the elements, and easily loosens rusted or sticky mechanisms.

We guarantee that once you use XPL-101 Penetrating Spray Lubricant, you will never settle for anything else.

ADVANTAGES

- Protects metal from rusting
- Resists the elements including salt water
- Frees stick corroded or rusted parts
- Retards electrical corrosion
- Extreme performance film strength
- Reduces friction and heat
- Non-toxic
- Environmentally friendly

FOR USE IN:

- Propellers
- Engine controls
- Engine components
- Anchor chains
- Winches & pulleys
- Nuts & bolts
- Rail brace brackets
- Electrical terminals
- Airtools
- Fishing reels
