Board Member Spotlight

Meet Liz!

Liz Lowrance is a life-long resident of NJ, born in Elizabeth, NJ. Liz managed and bartended at her family's business, Maria's Bar and Restaurant for 16 years. While bartending and managing, she started training to become a groomer. She quickly moved into a grooming manager position which she worked in for 4 years and 15 years ago, Liz started her own mobile pet grooming business which she successfully operates to this day.

"I love working and caring for the animals and I knew this would be my calling."

Liz has an exceptional passion for animals! Among her many accomplishments, she started and funded a trap/neuter/release program over 10 years ago, neutering 65+ cats and finding loving homes for those that could be adopted. She is still caring for an active cat colony in her community.

"I love helping the resident animals at Freedom Ranch and with fundraisers. I hope to one day move closer to become more involved."

In addition to being a board member with Freedom Ranch, Liz has a very active life with her family back in NJ! She enjoys working, hiking, and spending time at the Jersey shore. She LOVES her pets and includes them in her daily activities.

"People who really know me know I am very devoted and driven. I know I will always have a pet as an important part of my everyday life and hope to foster long into the future."

Volunteer Spotlight

Michael Williams

I am a North Carolina native, born in Duplin County, and now live in Apex, NC. I love all things outdoors, hiking, biking, swimming, fishing, camping, climbing, boating, and exploring. I'm three years into Brazilian Jiu-jitsu, an incredibly engaging and addictive sport! I love spending time with my friends, family, and those who I care about. My career is with McGill Environmental working as a dewatering tech for the past two years.

I love volunteering at Freedom Ranch and seeing the animals, helping them out brings me joy. Being at the ranch and learning how an operating animal rescue works is so fun for me! The founders, Gail and Sean, are kind and hospitable people who truly care about the wellbeing of the animals as well as all those who come around to visit.

We have a new sign!

Thank you to the folks at NC Graphic Pros for helping us create this masterpiece of a sign we had made from recycled redwood. Also, a special thanks to EZ Recycle, Blackwood Solutions and Duke Energy for the repurposed telephone poles.
