Through our subsidiaries, Xalles provides payment solutions and IT services to support government, business and consumer financial transactions.

Mission

Acquire, grow and spin off disruptive fintech companies. Grow through enhanced business models using proprietary and acquired technologies.

Focus

Acquisition targets are companies with solid management teams and recurring revenue and asset appreciation opportunities.

Targets

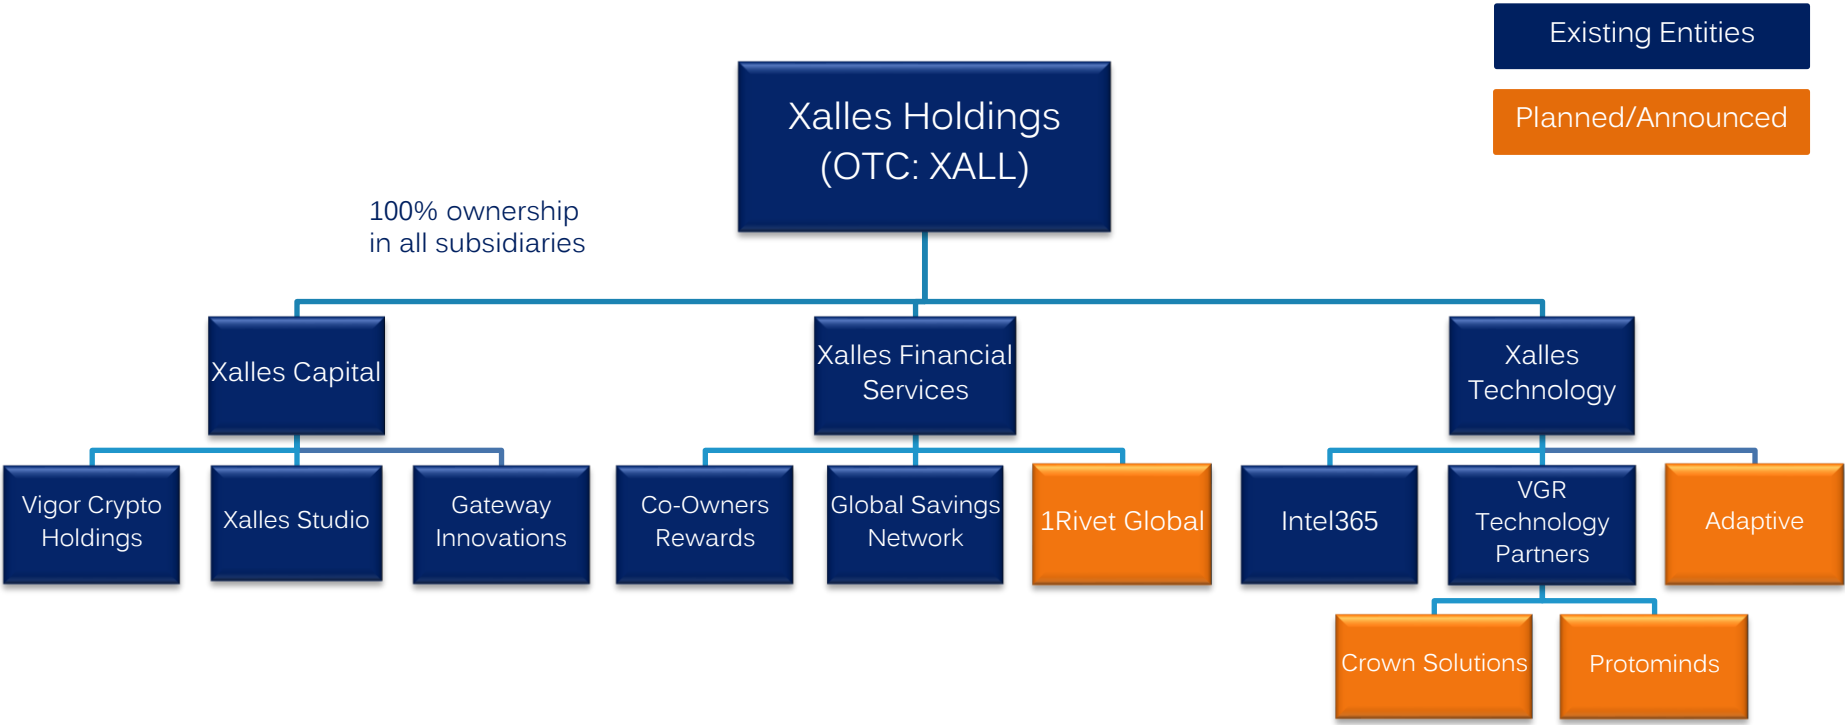

Fintech Holding Company

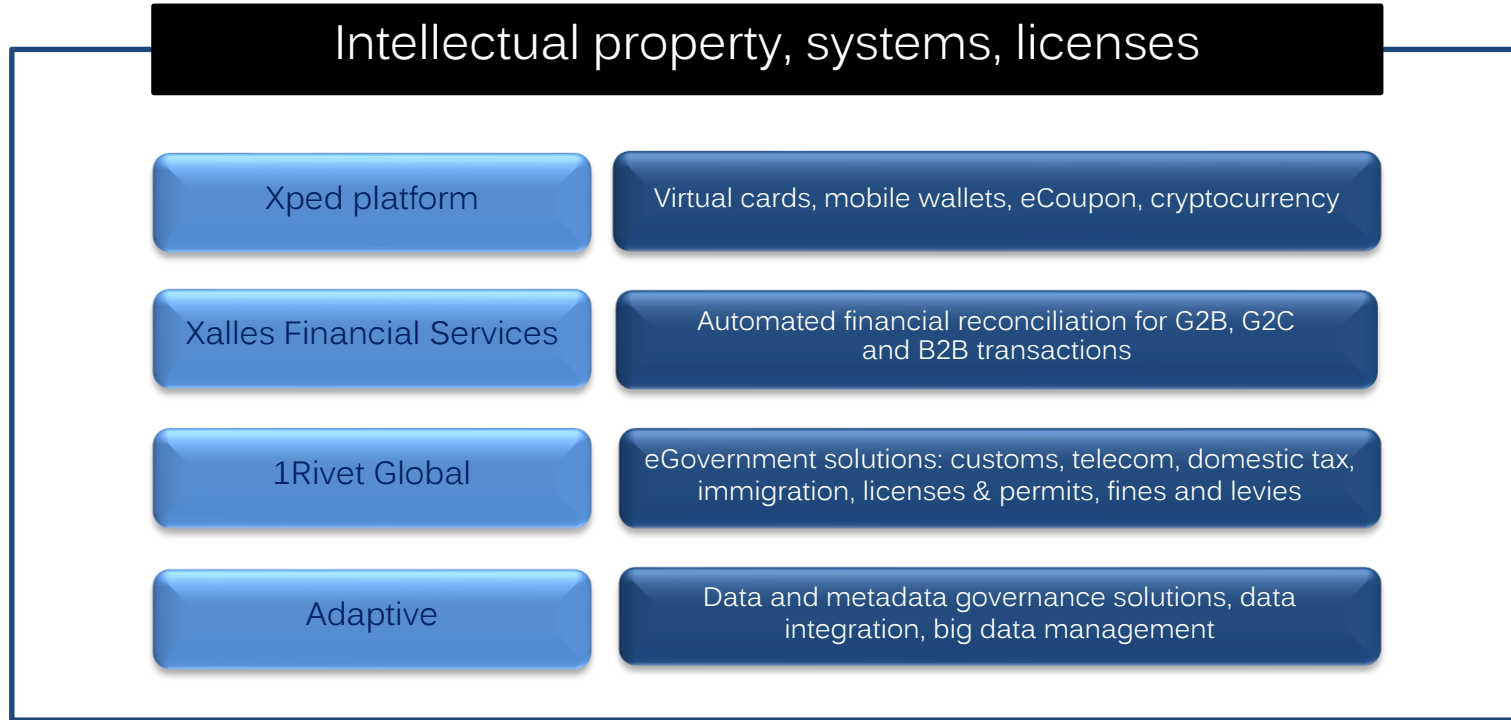

Global Footprint

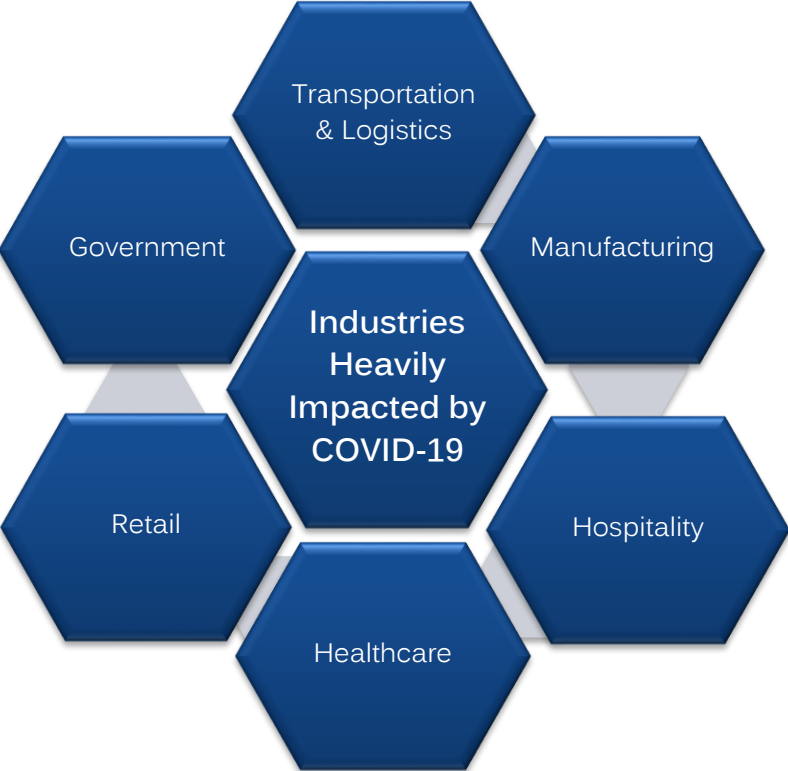

Corporate Structure

Building a Robust Payment Ecosystem

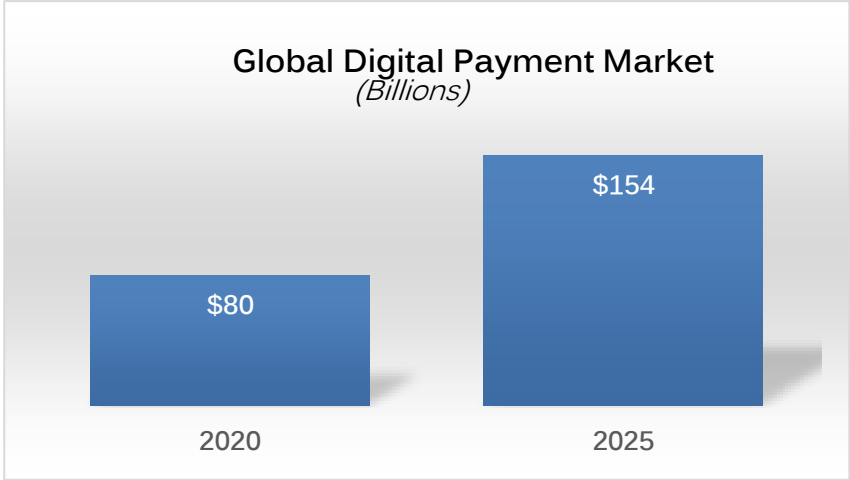

Explosive Growth in Global Digital Payments

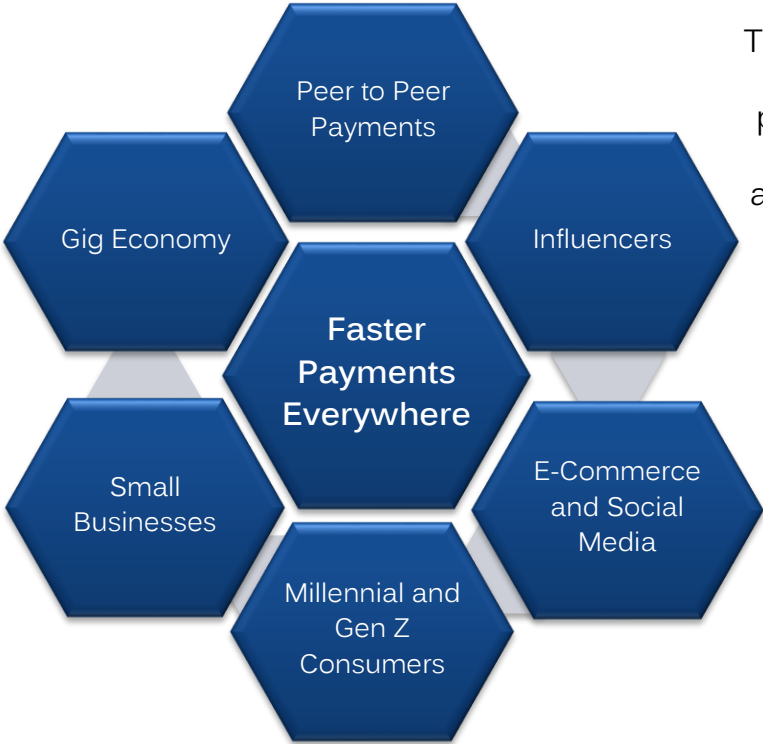

The global digital payment market is expected to grow at **14% by 2025**; driven by high proliferation of smartphones and growth in internet penetration globally.

COVID-19 has disrupted the norms and trends of both B2B and B2C commerce and amplified the importance of diversification of business models and digital revenue streams.
