

Values:

family-centered,
compassionate, dedicated,
supportive, patient,
determined, kind,
professional

VISION

Our vision is planting seeds, growing skills, and transforming lives of special needs children and adults with their families and communities.

Planting → seeds of knowledge

Growing → skills by learning and working with animals and agriculture

Transforming → individuals by helping them attain their goals to guide them towards a successful future

CULTIVATING HOPE FARMS

5500 240th Ames, IA

515-210-5407

Iowa's 1st Care Farm

Agricultural landscapes are a base for promoting mental and physical health, through normal farming activities. We are an inclusive, family-centered, supportive farm environment using nature, farm animal helpers, and gardening to help our children and adults learn valuable life and job skills. We value kindness and acceptance above all and encourage fun learning, work, and play. Join our team by volunteering, donating, or sharing this care farm mission!

1st Autism Support Day, May 2019

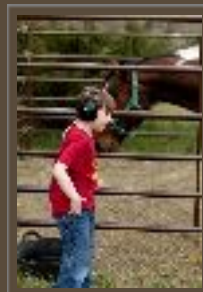

Cultivating Hope Farms Priority Needs:

1. Barn accessible to all individuals with ADA compliant bathroom.
2. Shelter/Fencing for farm animals
3. Tractor, building supplies, & necessary "build out" equipment
4. Utility Implementation
5. Paved driveway and parking lot

Help us build a
Home Away From Home
for Special Needs
Learning Programs and
Supportive Events

Please Help Us Build a Community Care Farm

Building an opportunity for children and adults with special needs to thrive and "Cultivate Hope" for their future emotional and physical development with their families, friends, and community.
