

Presents: 3D Defense

What is 3D Defense

3D defense was Established in 2015 to work on one of the most critical elements in the fast paced sport of softball, **"Defense"!**

We will spend 2 Hours on the field broken into 3 sections:

1. **Discipline** (Speed & Power)
2. **Drills & Skills**
3. **Defensive Strategies** (softball I.Q.)

Our 4 Week Program will emphasize Quality Reps, Team Building Skills, Foot & Hand Speed Drills, Position Play and much more. This will allow you to catch faster, throw faster, and anticipate the next play faster than your competitor in order to win. ***Come get some work in the Dirt!***
