Little about me

My name is Emma Golden, and I started coaching for the love of the game. I am passionate about teaching and guiding younger athletes to become the best version of themselves. It's a huge reward for me to see them become great athletes and watch their skills grow. Growing up playing this sport has taught me so much and now I'm eager to pass on that on to the next generation of athletes. Coaching has also helped me grow as a leader and taught me the importance of patience, communication, and teamwork. I strive to create an environment where every athlete feels supported, motivated and confident in their abilities. My ultimate goal is to not only develop skilled players but also to inspire strong, disciplined and positive individuals both on and off the field.
