- Independent Private Lessons (2020-2021)

## Little about me:

Softball is where my heart is. I started playing at the young age of 3 years old. I immediately fell in love with the game and have never looked back. I played travel ball in my home town of Rohnert Park, Ca from 8U-18U Gold. In high school we broke the record for home runs hit and I led the way. I made NCS all league multiple times and ended up signing to play college softball at San Francisco State University. I played there for 3.5 years and unfortunately had my senior season ripped away from me due to COVID-19. This didn't stop me, this only made my passion grow. I turned away from my college major of Criminal Justice to pursue a coaching position. It is my calling to give back to the game that gave so much to me. It is my goal to pass on my love for the game to athletes for generations to come. In the future I plan to continue coaching at an even higher level and teach others the art of coaching.
