- Athletic Coaching Certificate of Specialization (College of San Mateo 2020)

Little about me:

I grew up in a very athletic family, so from a young age I have had a passion for athletics. With all of the various sports played, softball/baseball are easily at the top of my list. Having 5 sisters that all play softball I have been studying this sport for over a decade. I played travel baseball for eight years in the Bay Area, and after moving out to the valley I found a love for coaching. I have coached softball at multiple levels; I started with recreational, quickly moved up to travel, and within the past few years I took on coaching at a local highschool. I love coaching because I not only get to instruct, but have the privilege of teaching life lessons far beyond the field of play. I feel blessed to be able to give back to the softball/baseball community!

Coaching Experience
