Little about me:

I love all sports, but softball is my number one. I am passionate about coaching and want to share my knowledge and love for the game. I am very attentive and aware of what it takes to coach a wide range of athletes. My years of experience as an Athlete, Coach and CrossFit Trainer, has given me a perspective and insight that not all athletes can be coached in the same way. I take a different approach to coaching and find fun ways for our athletes to understand fundamentals, game knowledge, softball IQ, competitiveness, mental toughness, but more importantly- passion and love for the game.
