

## *HITTING LESSON WITH BLAST ANALYSTS!*

**During your 30 minute hitting lesson receive instant feedback from the The Blast Softball Swing Analyzer. The accurate Swing Analyzer (sensor) provides real-time feedback by simply attaching to the knob of any bat. The swing metrics captured will allow the coach and player to analyze and improve timing, attack angle, and bat speed. Blast Softball is the ideal resource to becoming a stronger, more efficient, and better overall hitter. Get the most advanced hitting solution in the game. Unlock your potential with Blast, and with one of AASA's top instructors.**
