

## **REMINDER: Science Kits for sale (for 3 days).**

Hello Parents & Guardians, SUPER COOL SCIENCE performed at our school!

The presentation consisted of 10 amazing demonstrations using Liquid Nitrogen, Dry Ice, and many dramatic Chemical Reactions. Students are excited about science & have the opportunity to purchase science kits for a very limited time. The science kits contain simple, step-by-step directions, educational science facts, & non-toxic chemicals. The \$1 & \$3 kits are packaged in simple baggies to keep costs down

**Kids receive a Yoyo Ball with a \$10 EXTREME JAR purchase.**

**Going with our popular FAO?  
(Free Assemblies Option)**

**This is the order form that  
students will take home on  
the day of the shows.**

**We provide the forms.**

Child's Name: \_\_\_\_\_ Teacher: \_\_\_\_\_ Grade: \_\_\_\_\_

My child can spend \$\_\_\_\_\_ (Cash please, or checks made payable to Miracle of Science).

**Please circle the science kit(s) that will be purchased:**

**\$1 Ghost Crystals** - Grow 50+ nickel sized crystals that feel like Jell-O & appear invisible in water.

**\$3 Sponge Powder**- Pour liquid into cup that has Sponge Powder. Turn cup upside down to defy gravity.

Powder instantly absorbs the liquid, creating a gel (similar to Play-Doe). Perform "trick" 5x's to amaze friends.

**(Best Seller) \$10 EXTREME JAR OF FUN KIT (12-oz)- Contains:**

**instructions + non-toxic chemicals to make 5 cups of snow, 2 liters of  
Rainbow & Clear Space Rocks + a YOYO BALL!**

**(does not include Sponge Powder or Ghost Crystals).**
