See below on how to register your child!

HOW TO REGISTER:

Registration/Pre-Ordering for your athletes is as EASY as 1-2-3!

1) Log onto www.lispn.com/sports or scan the QR code on the right:

2) Scroll down to UPCOMING EVENTS and click on your school, league or team and follow the on-screen directions on how to register. Please be sure to read through everything before registering. There is a \$25.00 deposit that is required in order to register your athlete for individual photos, but don't worry... that deposit acts as a credit towards your purchase once you pick out your proofs. **Registration for your team will close the evening BEFORE the shoot date!**

3) You will receive an email confirmation and that's it... you're all set! This will ensure that your child will be photographed for an individual photo and once proofs are published in a couple of weeks, you will automatically receive notification through email and text. Choose your photos and place your order on any desktop or mobile device!
