Since our incorporation as a 501(c)(3) nonprofit organization over 20 years ago, our mission has been to enhance cultural diversity appreciation and promote the successful inclusion of Latinos in the community.

In 2024, thanks to the generosity of our donors during the Gala's Live Auction, we provided 32 free English licenses to members of our community. This initiative helps participants improve their English skills and secure better job opportunities. Additionally, we awarded scholarships to Latino students who do not qualify for other financial aid, as well as to small business owners and nonprofit leaders participating in the Latino Professional Development Series (LPDS). We also launched a free Big Data workshop for the community, equipping participants with valuable job skills.

Moreover, proceeds from the **HOLA Gala** support charitable projects proposed by LPDS participants. In 2024, the Second Cohort chose to donate \$2,000 to St. Vincent de Paul, while the First Cohort in 2023 contributed \$1,500 to enhance the CAPE Head Start Enterprise Zone playground.

**We invite you to celebrate our successes over the past year and help us continue building a brighter future for our community!**

**The Latino Professional Development Series** is a comprehensive program delivered by faculty members from our three higher education partners, along with keynote speakers. This program provides participants with the leadership and advocacy skills needed to shape organizational culture.

**If you believe** that we will only reach our full potential by including **EVERYONE** in our journey to success, please consider contributing to the HOLA Gala 2025.

**Come! Enjoy the rich Latino culture and help us build the future together!**
