# Career Styles Inventory™

A Comprehensive Measure of Workstyle Preferences

## Executive Brief

For

## Sample

Strictly Confidential. All measurements are inexact. Formally constructed, rigorously developed instruments are technically sophisticated measurement devices, and as such, are also subject to error. Although it represents a long tradition of research and development, the assessment upon which this report is based is no exception. Therefore, well-intentioned managers will use the results wisely -- as training and development hypotheses, and not as hard-and-fast impersonal conclusions to be imposed upon the lives and careers of other people.
