Indianapolis IN

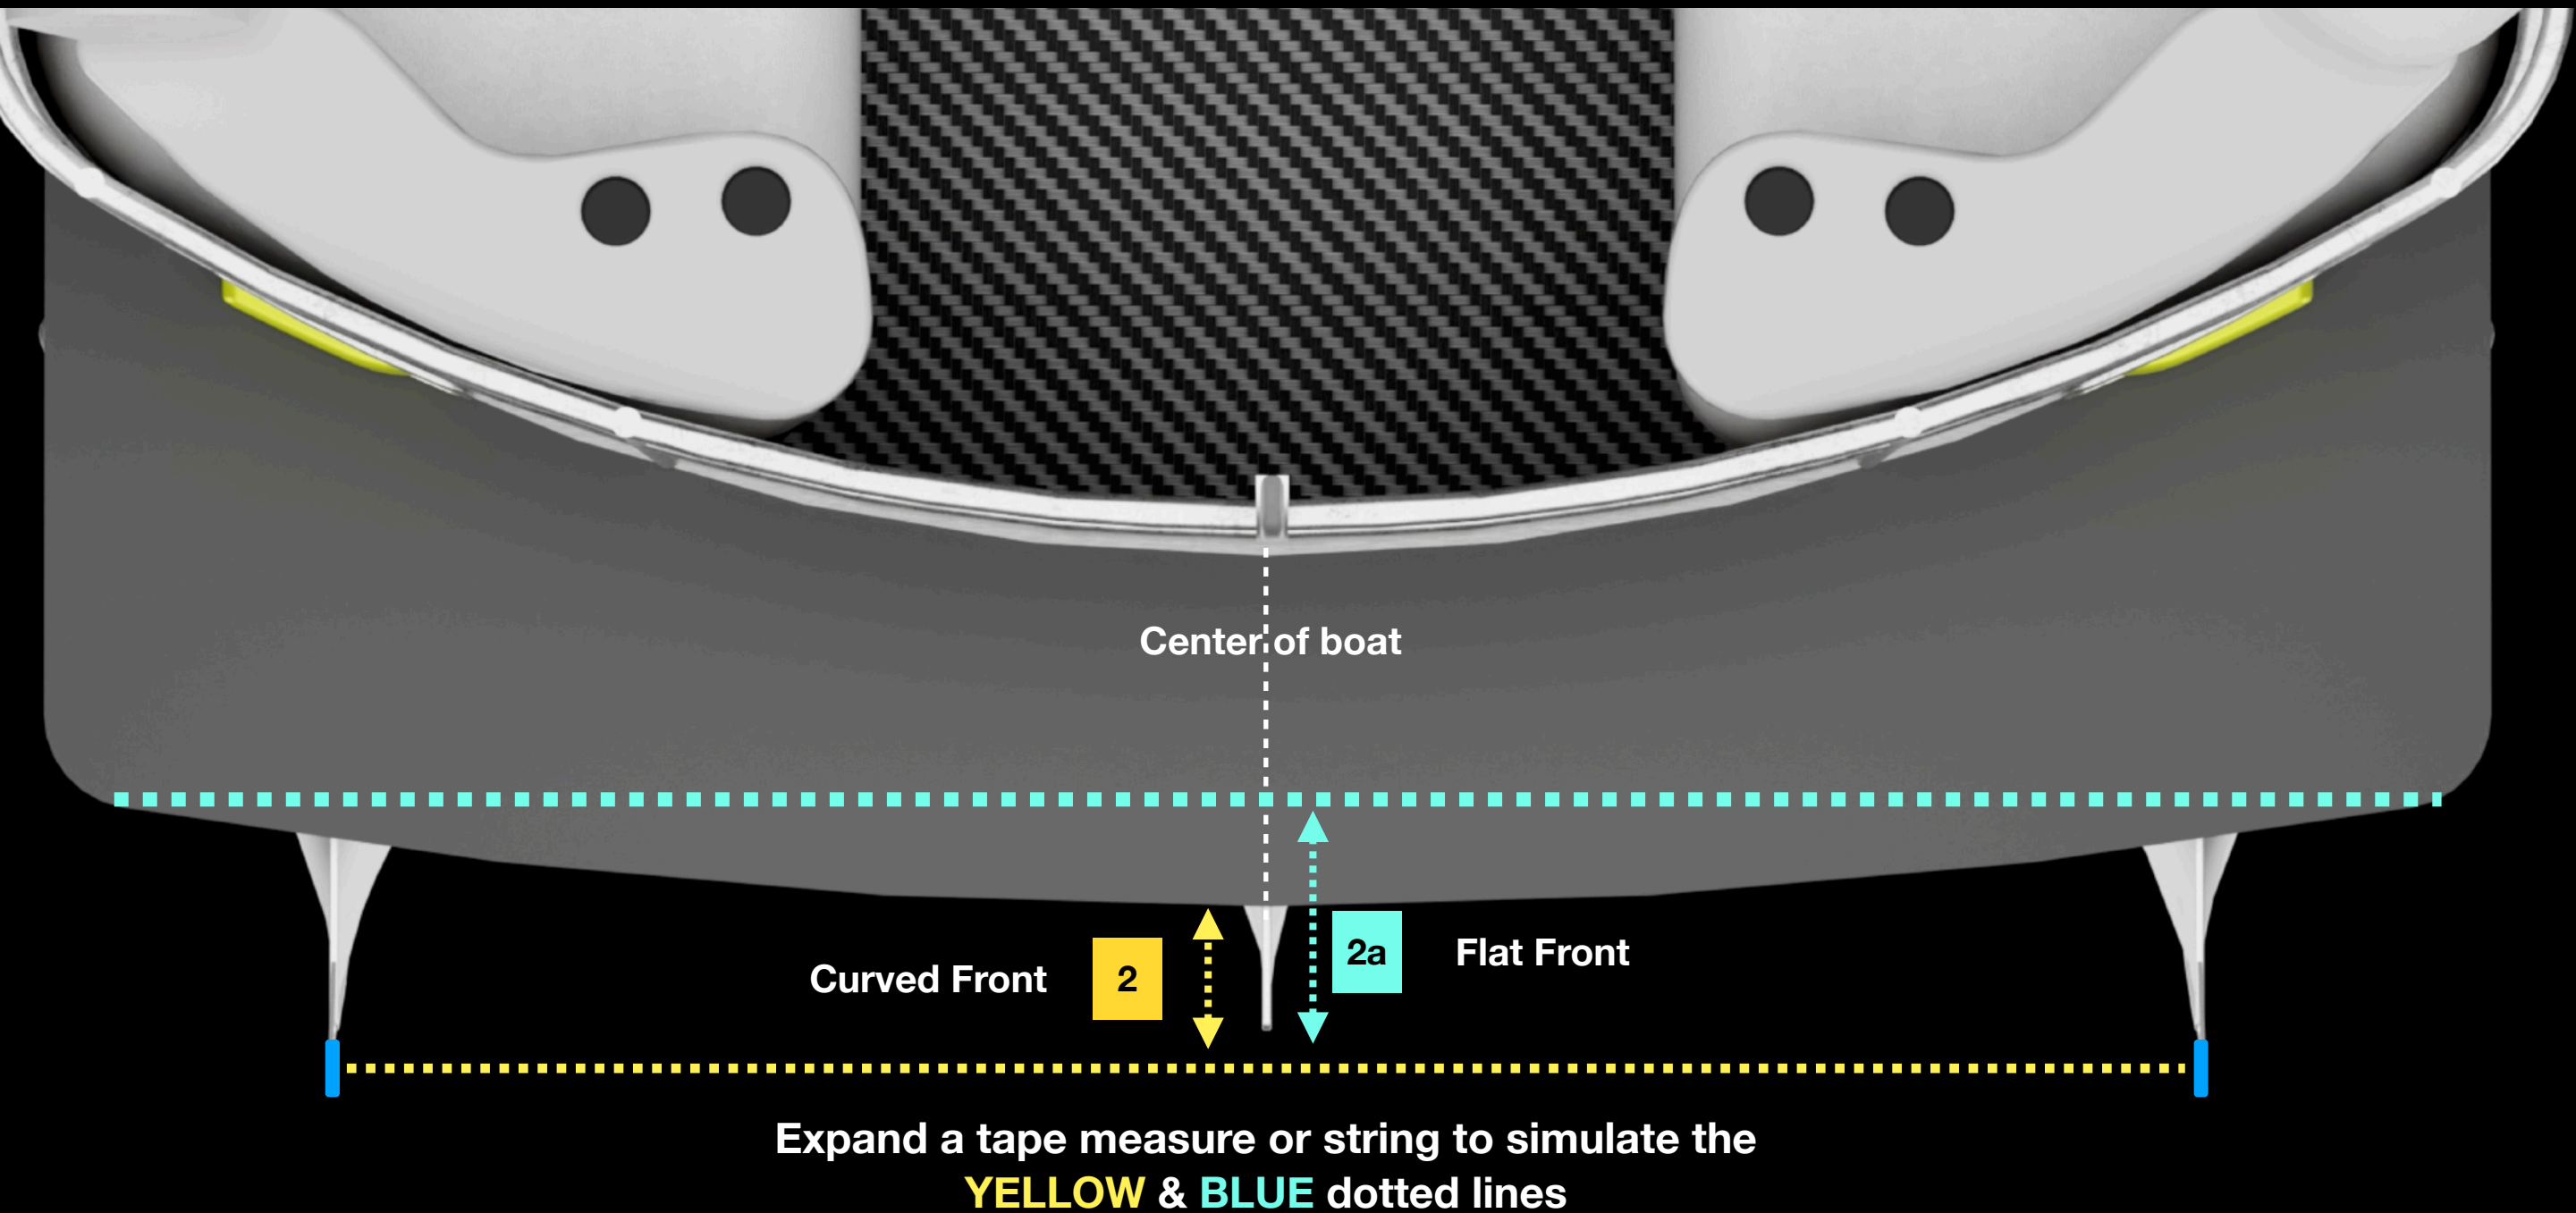

#1

Distance Between Eyelets

#2 OR 2a

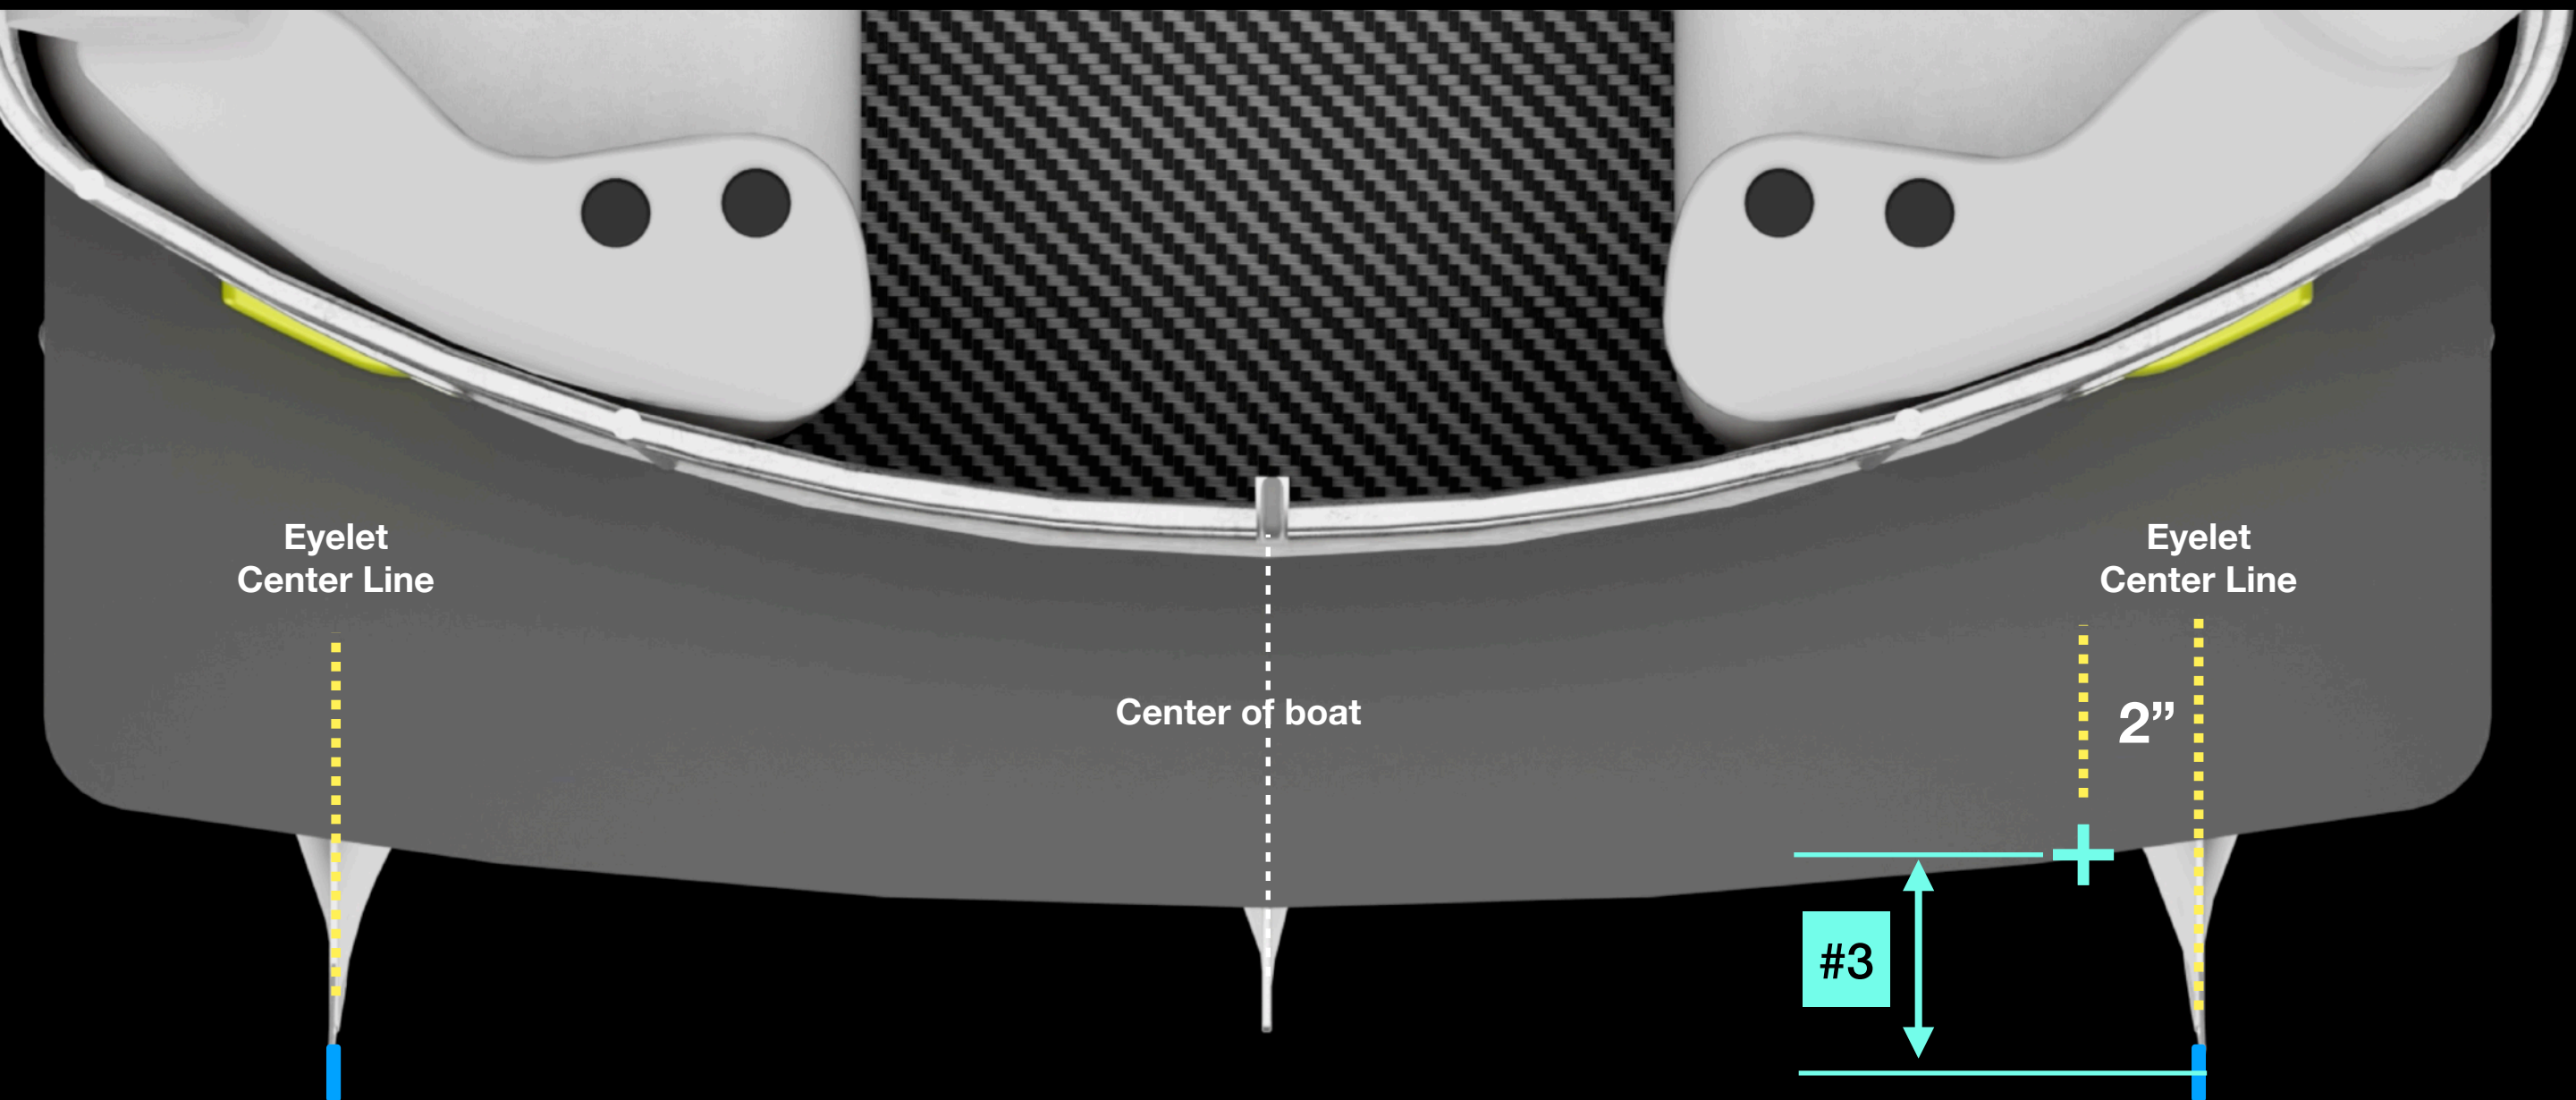

Distance from Eyelet Hole Center to front of Pontoon Deck

#3

Eyelet Hole Center to Deck Front

"Curved Deck Fronts Only"

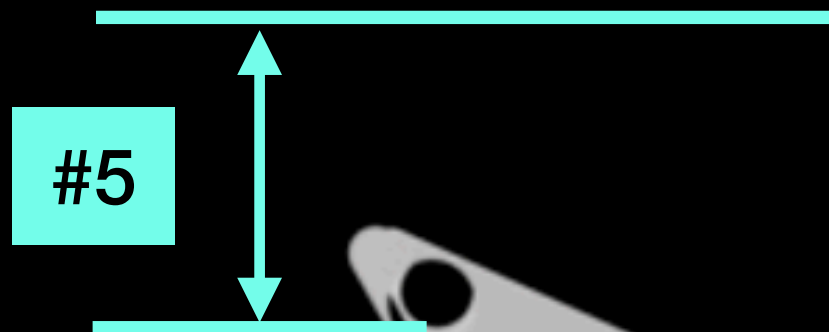

At 2" Inside of the Eyelet
Measure from the Eyelet Hole center back to the Deck Edge
Noting the #3 Dimension

#4 Eyelet Hole - Inside Diameter

#5
Top of Deck to
Bottom of Eyelet Hole

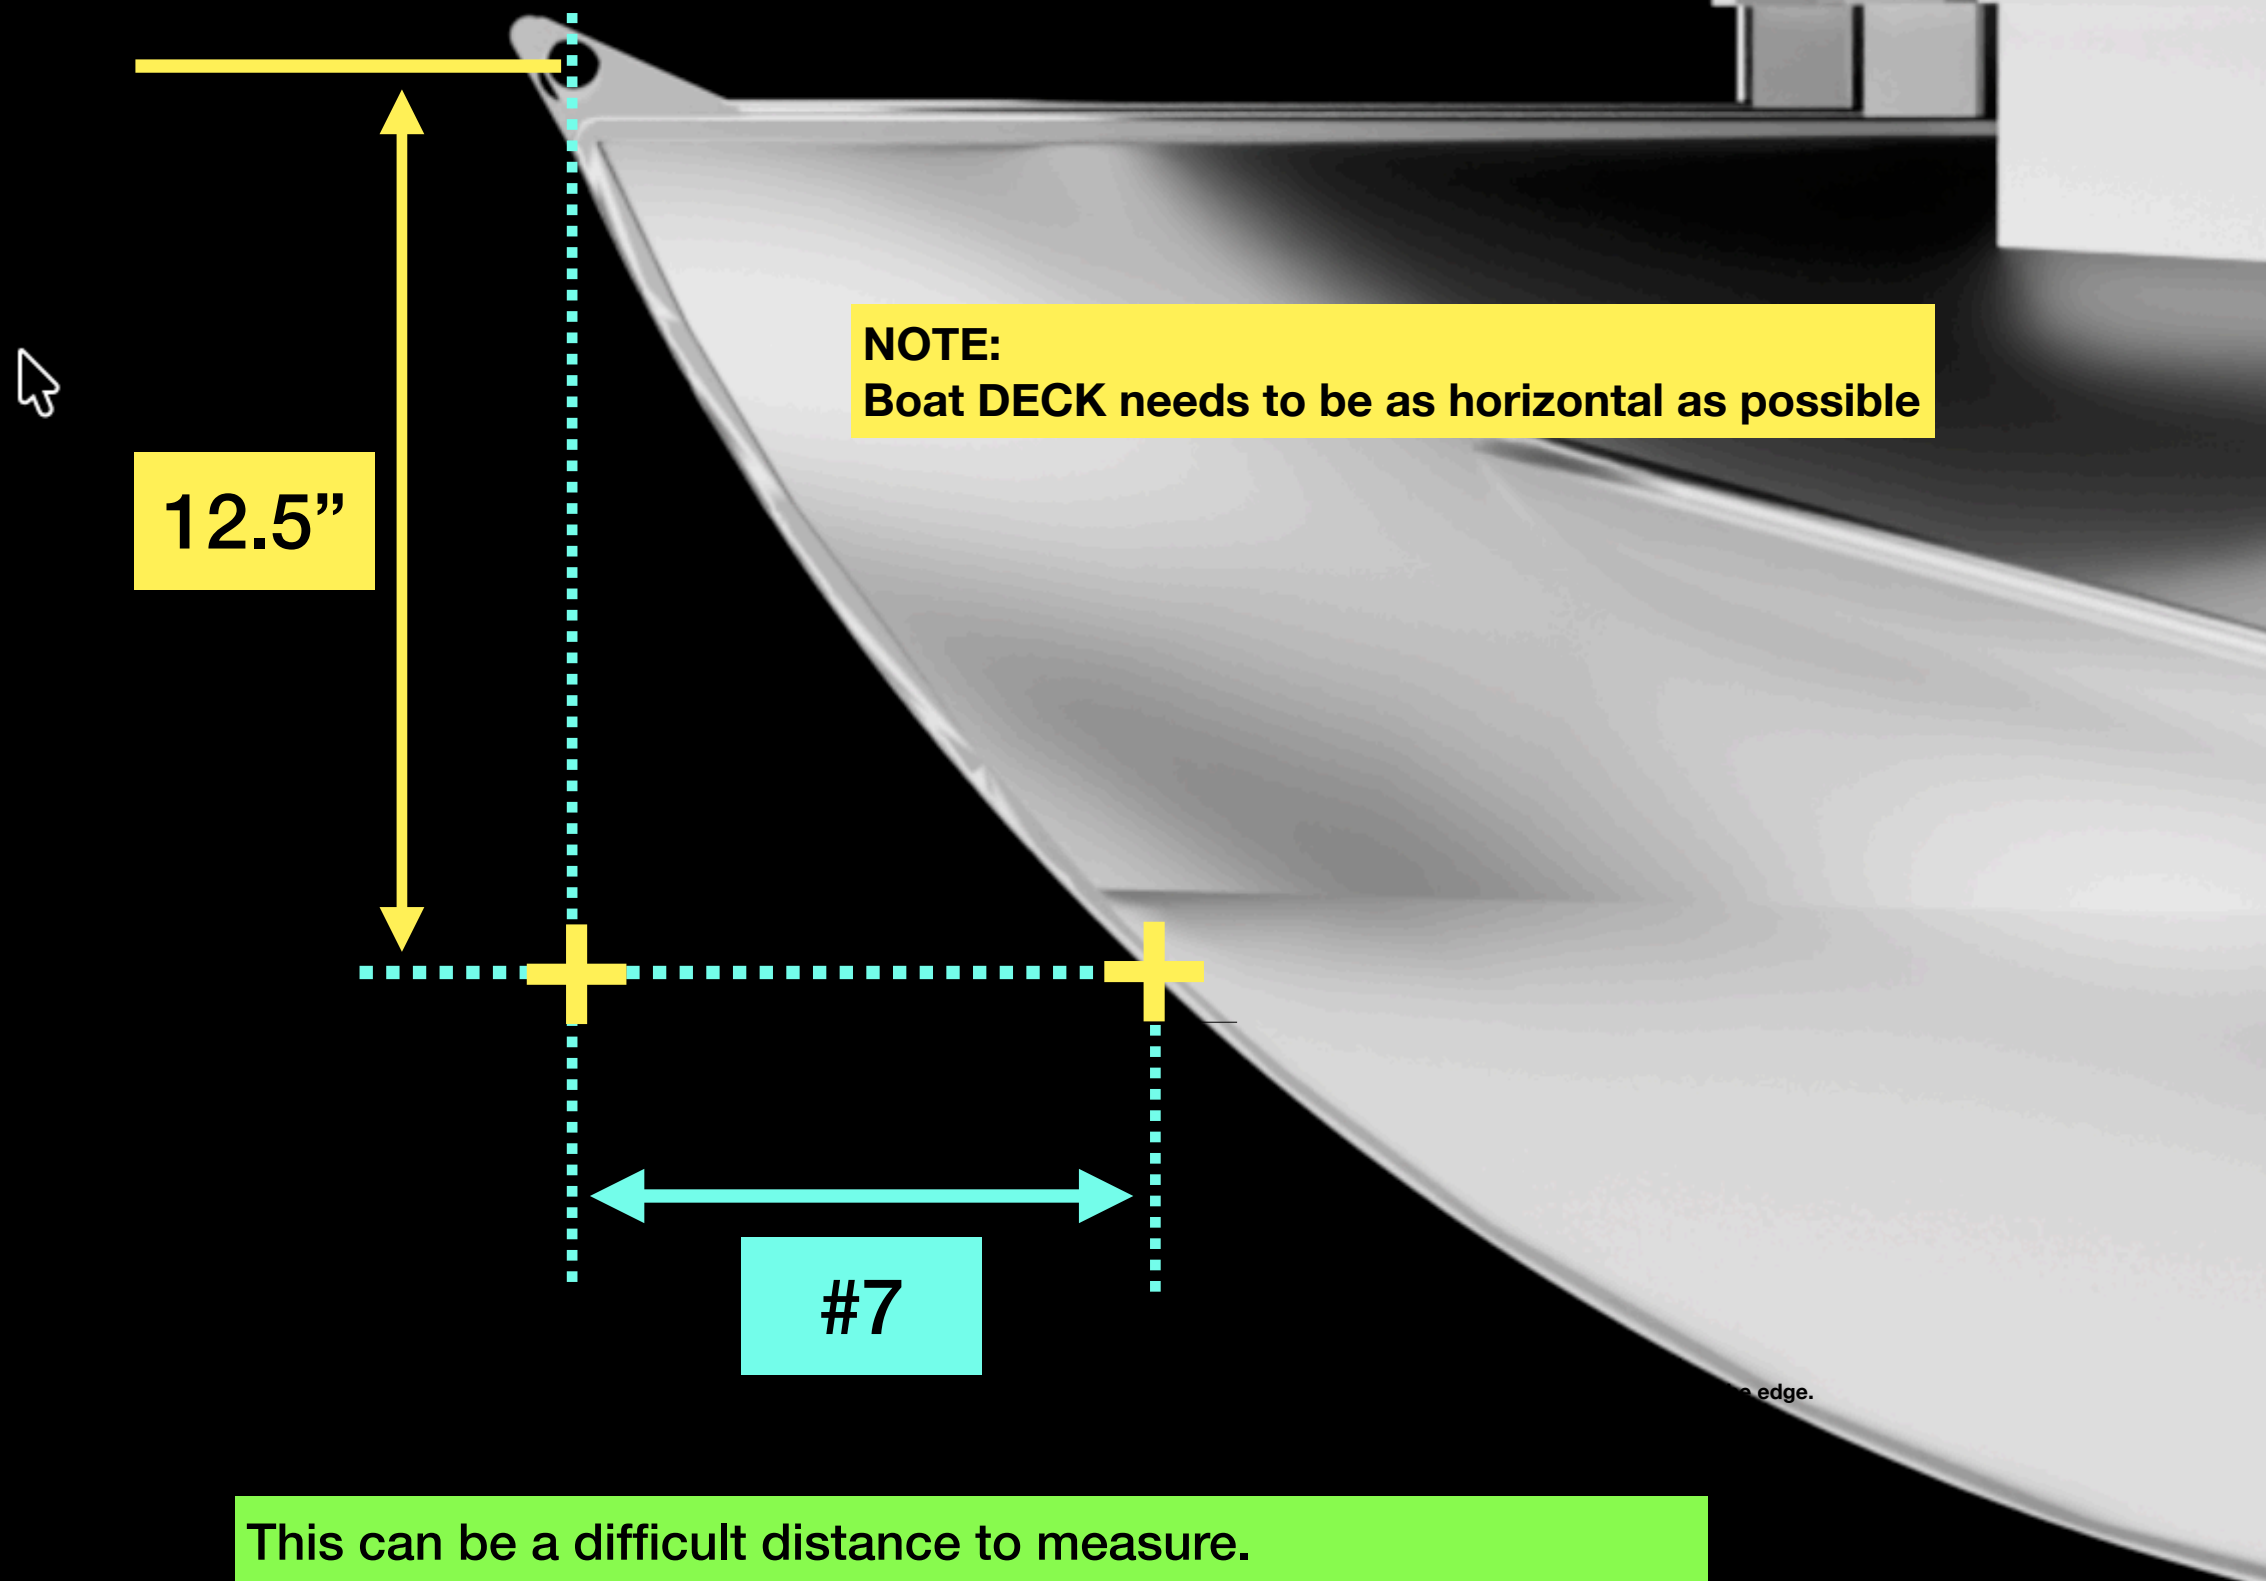

#6 Deck Thickness

#6

#7

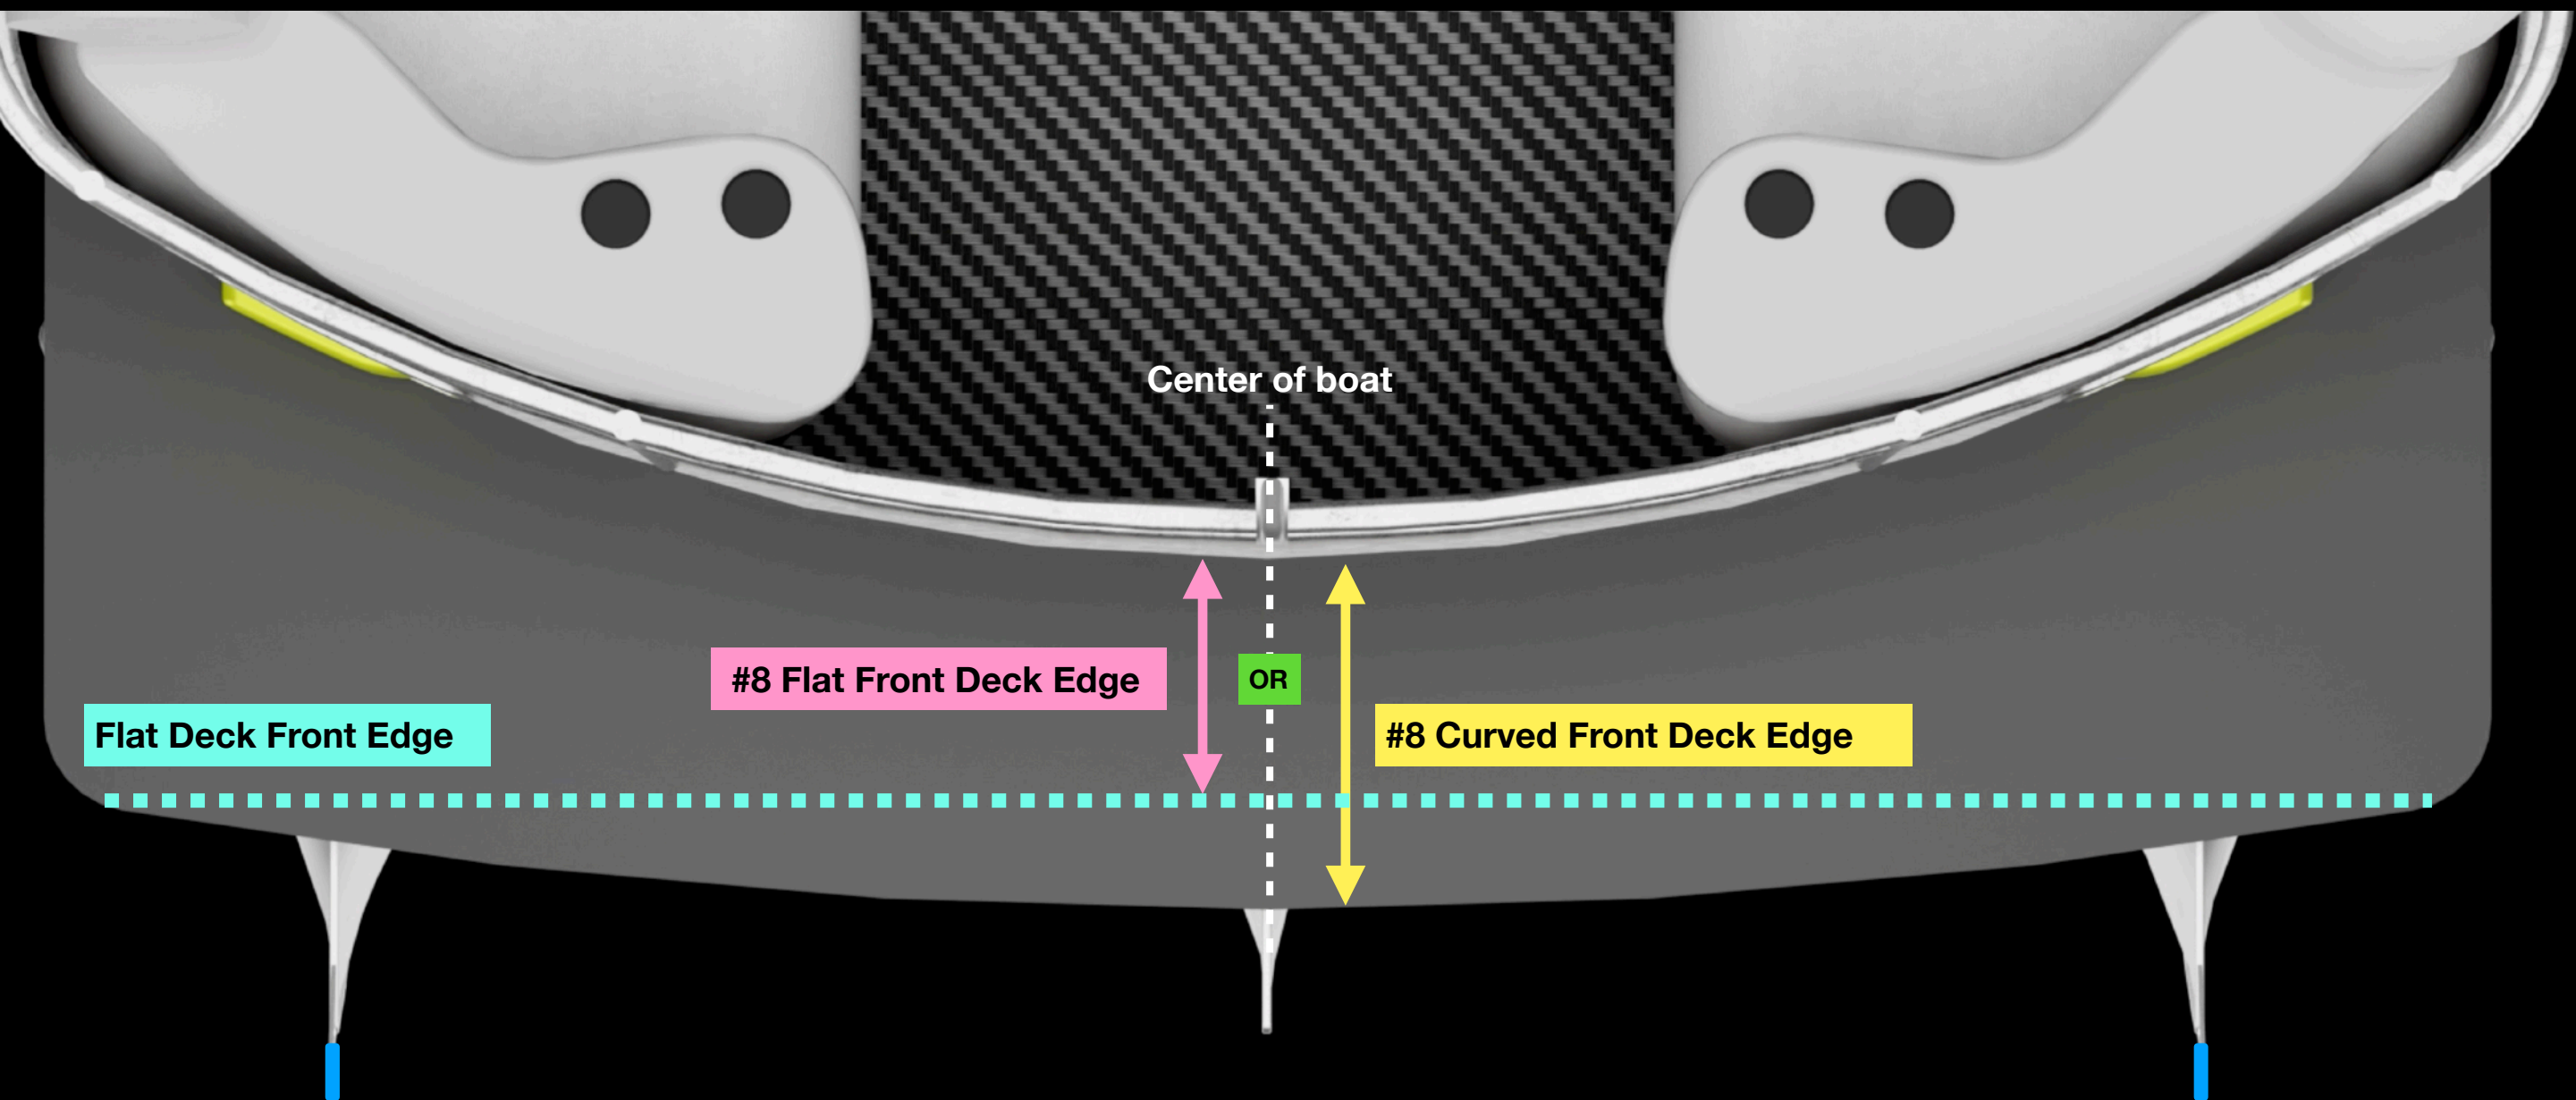

**At 12.5" below Eyelet Hole Center, measure back to
Front Edge of Pontoon Tube**

This can be a difficult distance to measure.
If this is not capable of being measured please ignore it

#8

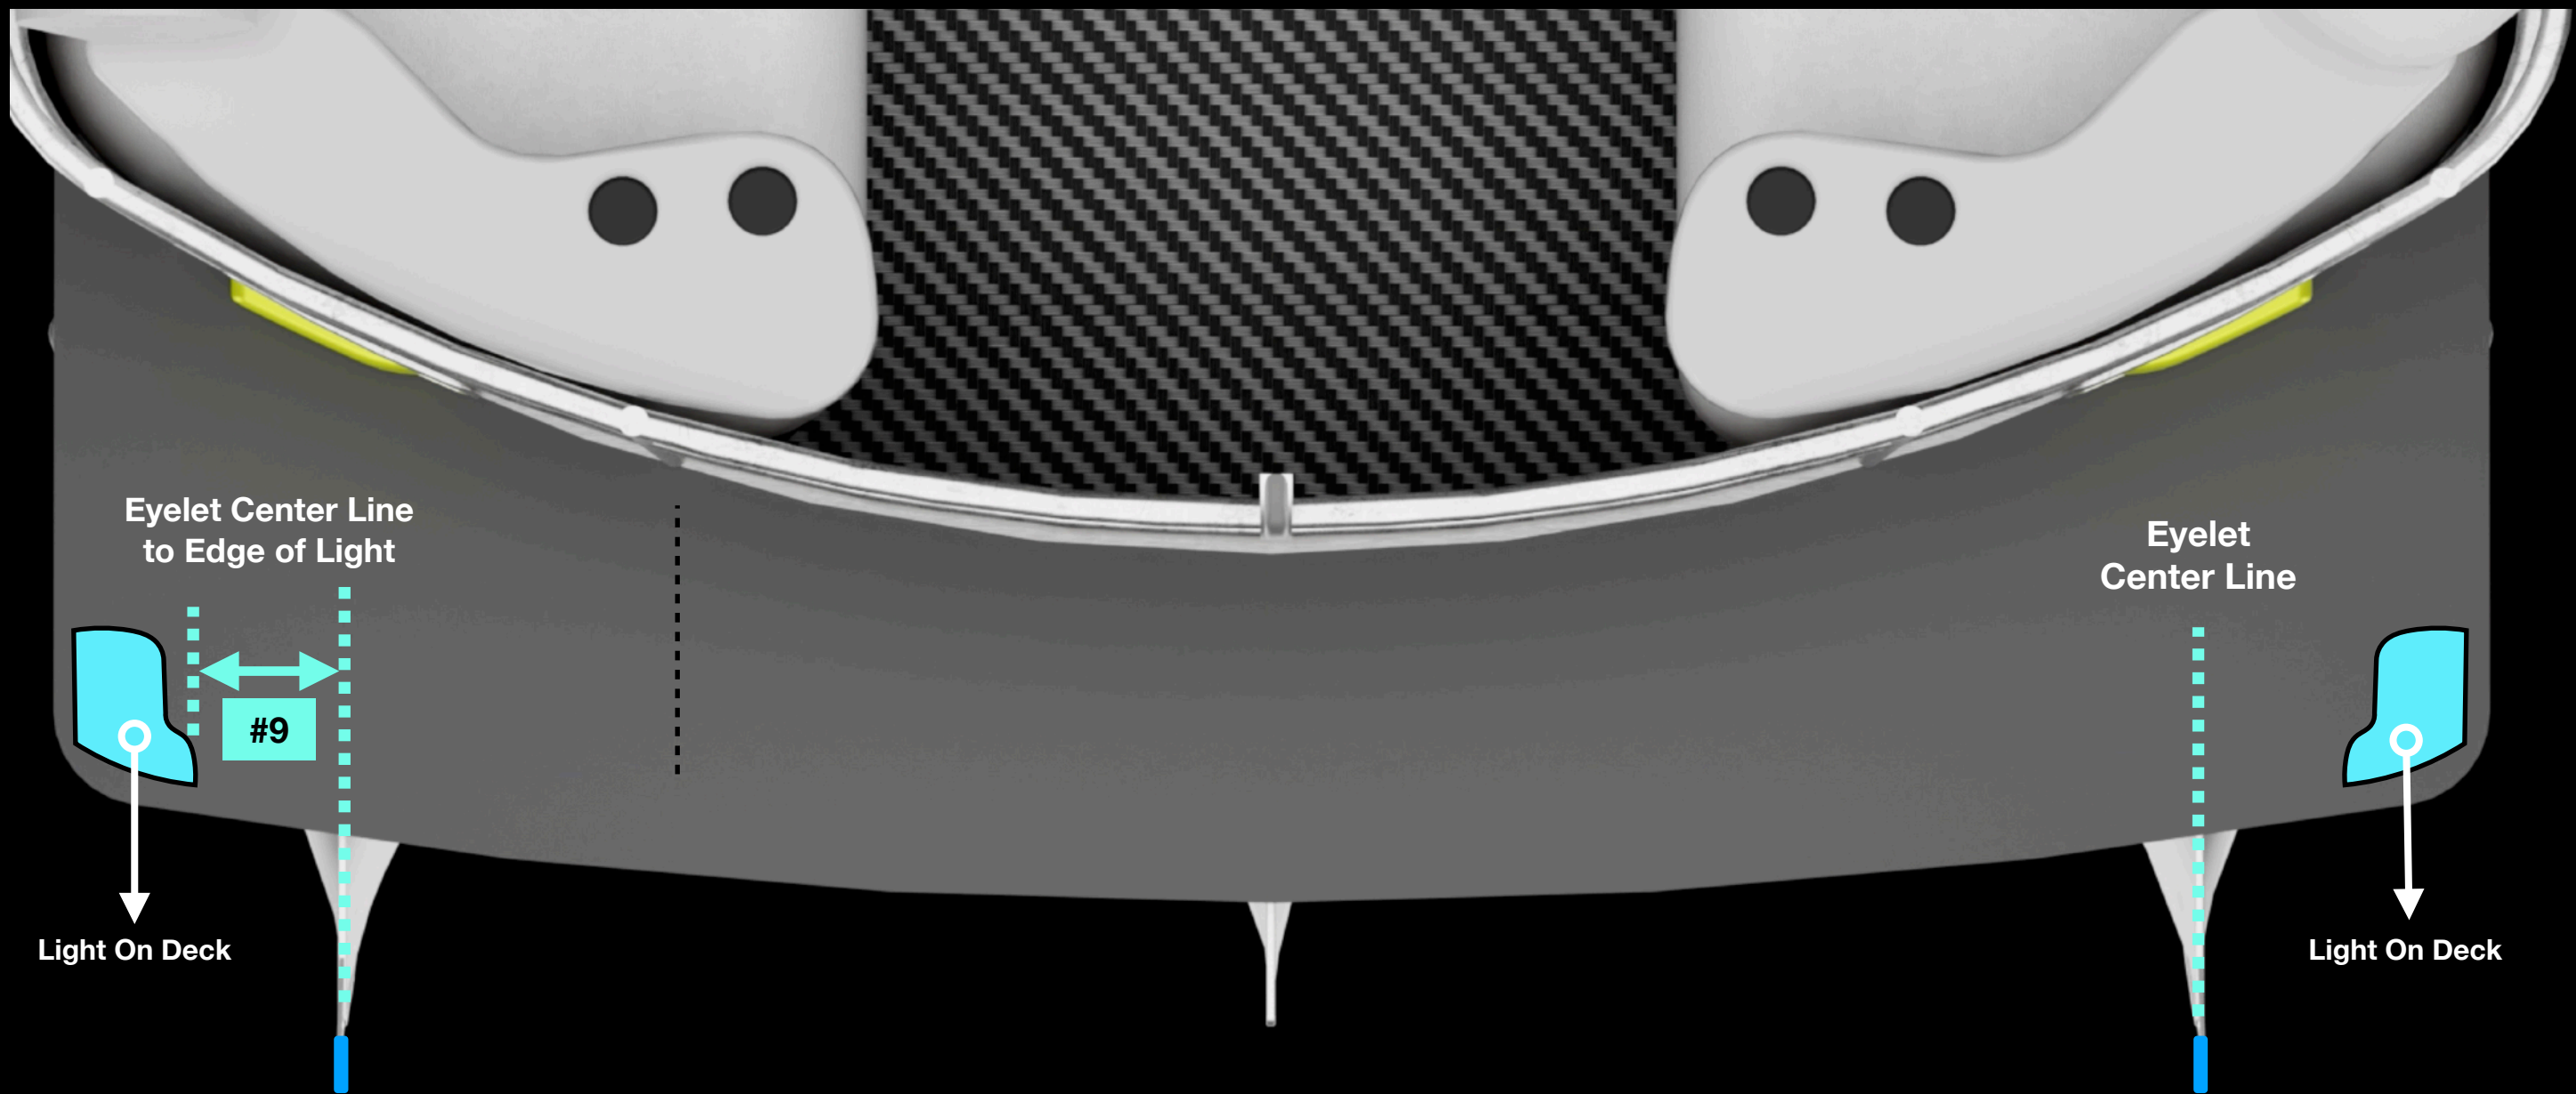

Distance from Front of Gate to
Front of Deck at Center of Boat

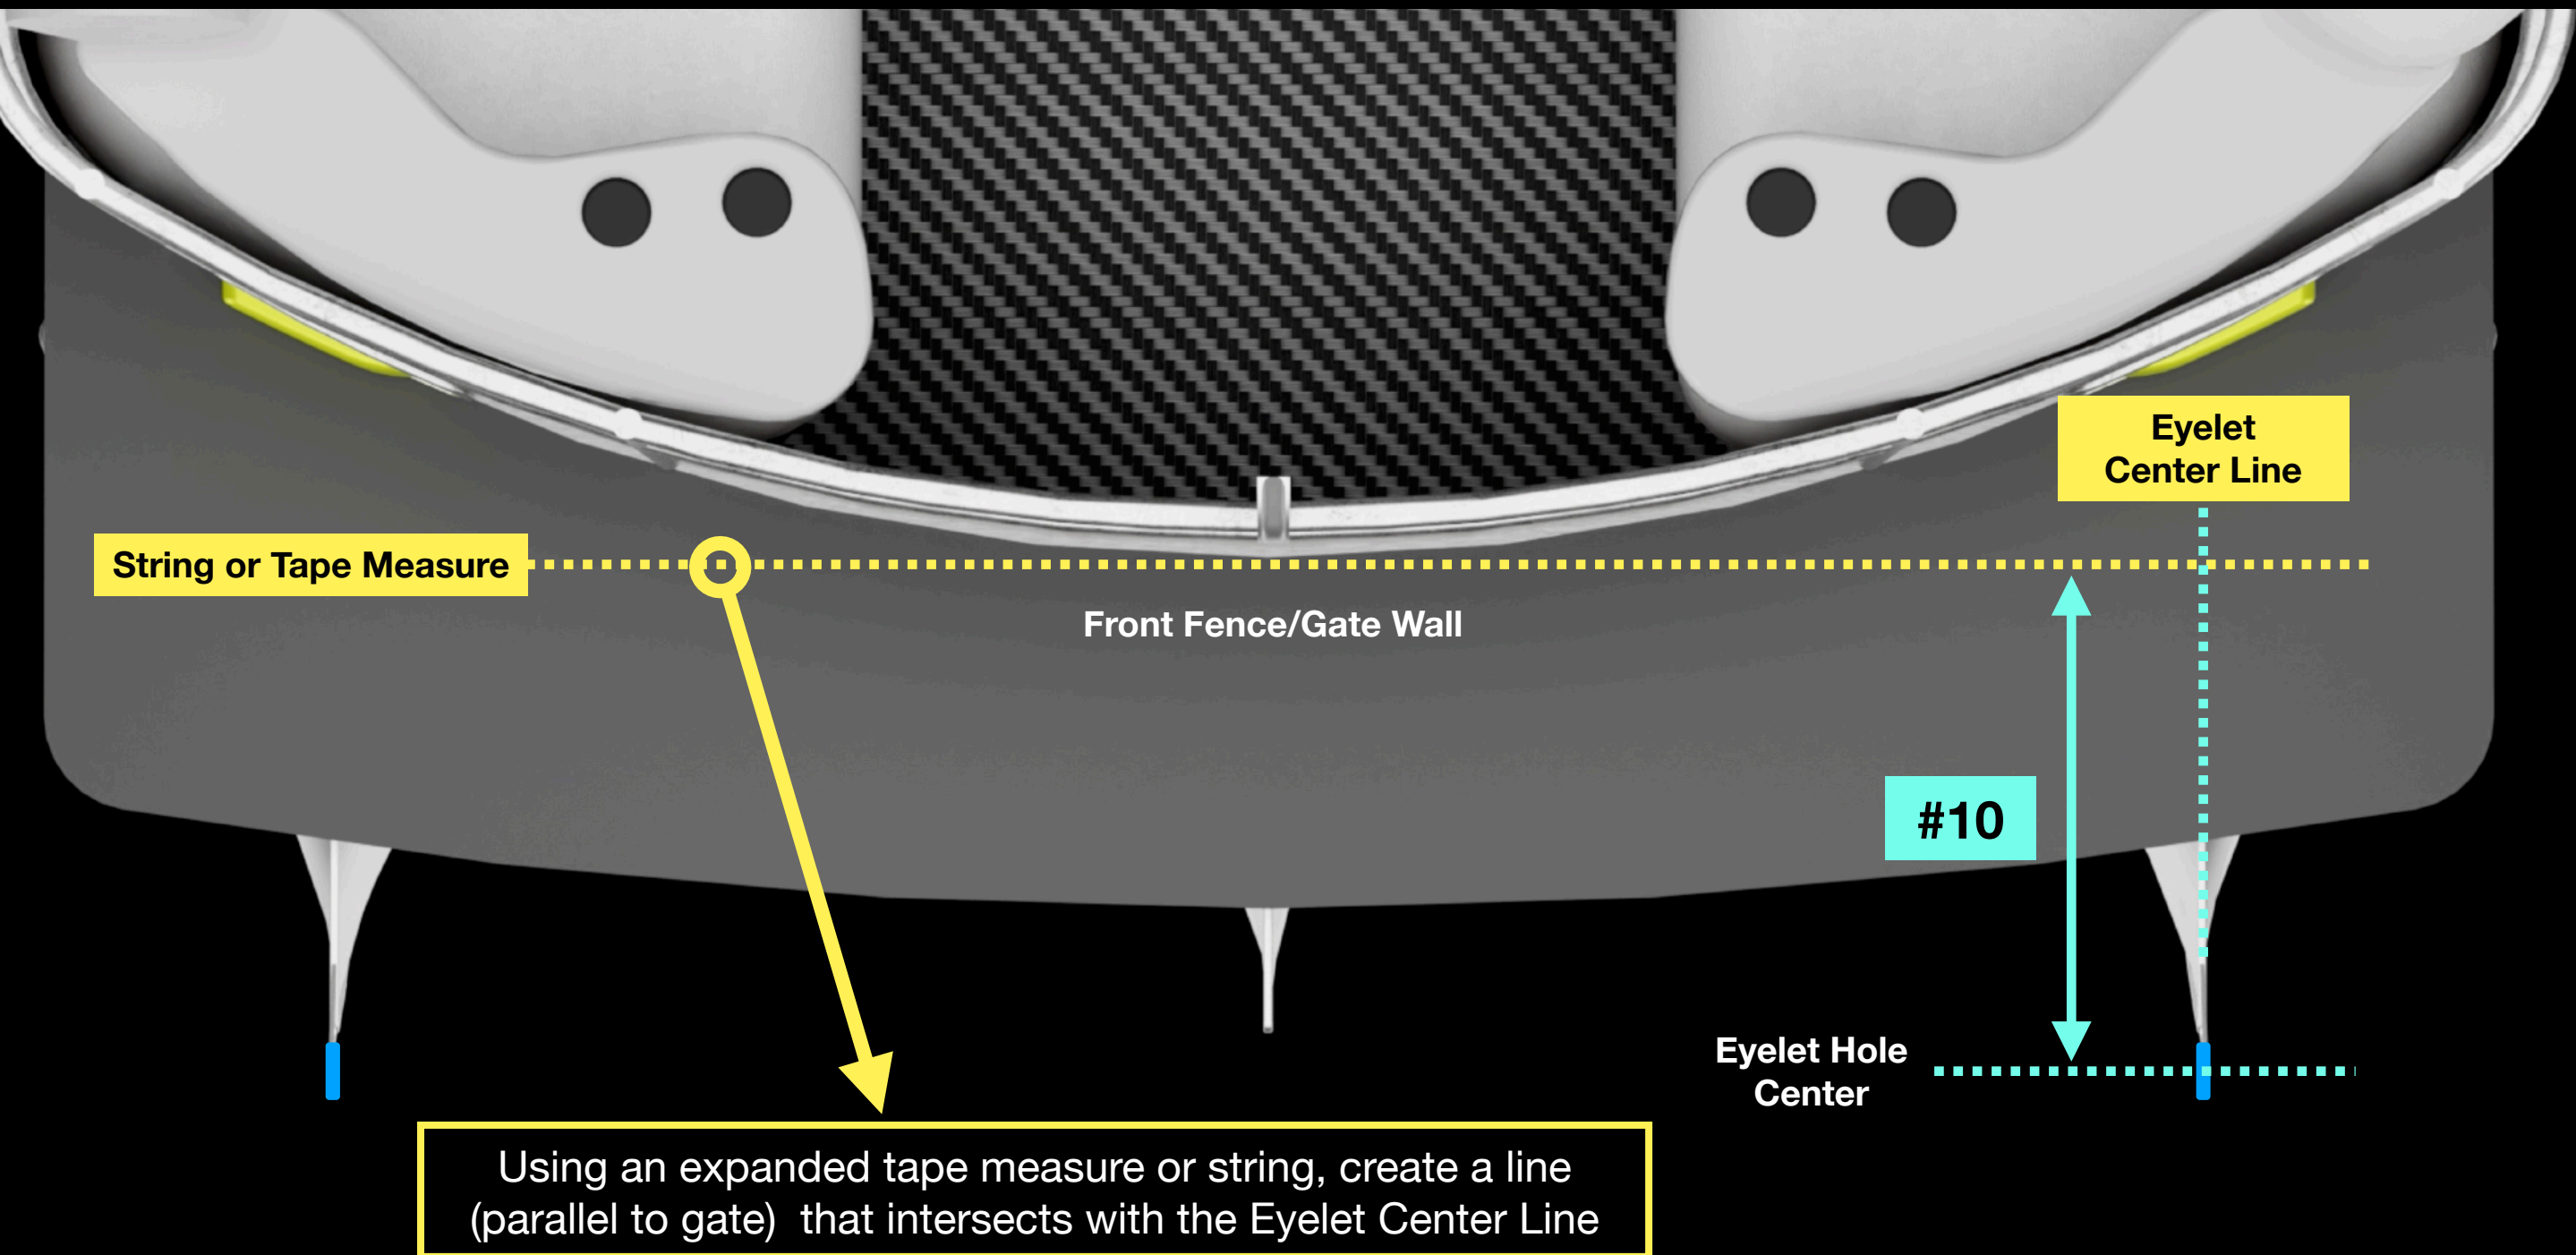

#9

(Ignore if no deck light exists)

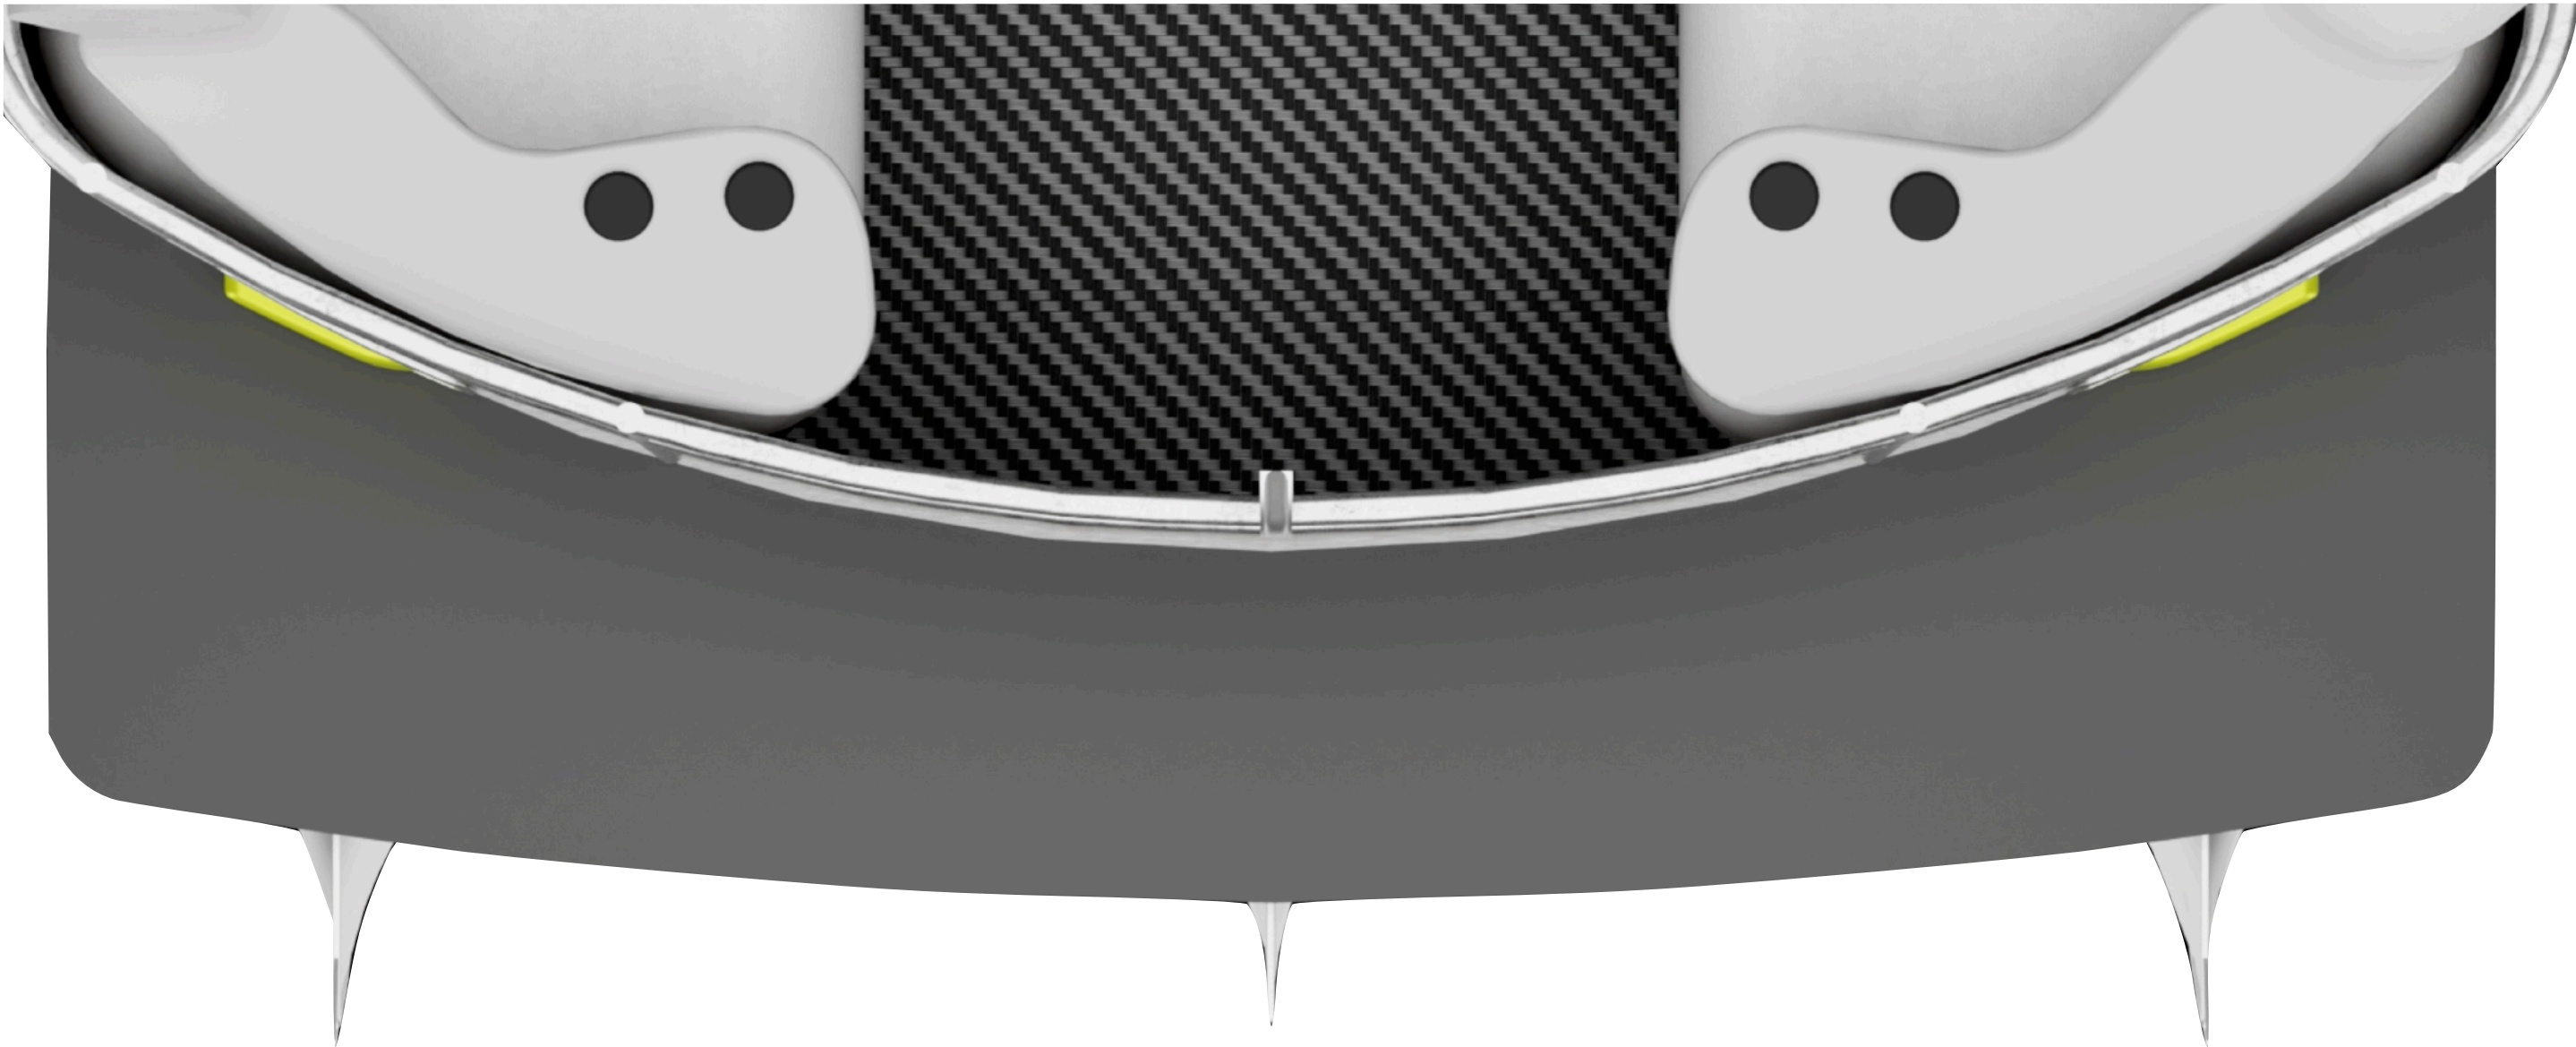

Distance from Eyelet Center to Edge of Light

#10 Eyelet Hole Center to Front Fence/Gate Wall
