ABOUT US

At We Care Residential, our mission is to provide housing with services for persons with physical disabilities, mental and brain injuries, as well as seniors and veterans. This mission is accomplished by providing accessible, affordable housing, assisted living and rehabilitation services.

At We Care Residential we are committed to designing programs for individuals that strive to maintain the right balance of freedom and structure to optimize success and personal growth. Our Registered Nurses work with physicians, families, and care team members to create plans that meet physical, emotional, and social needs of individuals. We Care Residential provides long-term and short-term care services in home and community-based settings under our specialized services. Our services include Assisted Living and 24-hour Customized Living. Our programs are administered by managers with deep and extensive long-term care experience in coordination with our top-notch nursing and management staff.

OUR BELIEFS

We believe that no two individuals require the same formulaic services. We are committed to offering services that can be catered to everyone's needs. At We Care Residential, we give nothing short of extraordinary, personalized care, and we ensure that every member of our staff shares that commitment. Thus, we are proud to have staff that provide well rounded care to people from all different backgrounds

OUR FOCUS

Our priority is to ensure that all the people we provide care for are in safe and happy environments. We have always and will always make it our personal responsibility to do so. Every single one of our homes is built off a foundation of equity and respect for both our employees and our clients.

24 HR CUSTOMIZED LIVING

24 HR Customized Living Services are available to CADI and BI waiver populations.

We Care Residential offer regularly scheduled individualized health-related and supportive services provided to a person who resides in one of our residential centers (Residential Homes) that is a registered housing with services establishment.

24-hour customized living services include 24-hour on site supervision in addition to services provided by home care aides, home health aides or residential staff.

24-hour customized living services include individualized supports:

- Chosen and designed specifically for each person's needs
- Provided only in a registered housing with services establishment.

Other services include:

- 24-hour supervision and oversight
- Arranging for or providing transportation
- Assisting the person with personal funds

- Assisting the person with setting up meetings or appointments
- Home care aide tasks
- Home management tasks
- Meal preparation
- Socialization
- 24-hour on site supervision means:
- A method for the person to summon assistance
- 24-hour customized living employee available to respond, in person, to the request within a reasonable amount of time, and
- Ongoing awareness of person's needs and activities provided by an employee of the 24-hour customized living provider.

We Care Residential are organized and decorated based on residents' interests and needs. The well-being, comfort, and security of our residents are our first priorities. We have on-staff maintenance that is responsible for addressing repairs as they occur to ensure that all homes are secure and comfortable.

At We Care Residential each resident is provided with a private room because we believe that our residents need their own space to foster independence. Large TV and cable/internet access is provided based on resident interest. Each house has its own van to transport residents to appointments, activities, libraries, etc.

Each Home has a unique activity and recreational plan, depending on the resident makeup, but with consistent focus on activities that promote life skills, independent living skills, and positive socialization.
