## ORAL brand Supplements and the Entourage Effect:

- Botanical **Care** uses ONLY DRIED FLOWER in all their products, which is a superior source of full-spectrum cannabinoids. ORAL brand Supplements are made with 100% wheat grain alcohol, which is safer for oral consumption.
- The ENTOURAGE EFFECT is achieved by keeping ALL the compounds within the supplements. ALL Botanical **Care** products are manufactured as a whole supplement. They are never isolated and the chlorophyll has not been removed.
- WHOLE SUPPLEMENTS include compounds present in the cannabis plant that improve metabolic absorption across numerous cell structures in the human body.

**\*DOSAGE INFORMATION – PLEASE READ CAREFULLY:**

***\*IF YOU TAKE PERSCRIPTION MEDICATIONS ALWAYS ASK THE PERSCRIBING DOCTOR IF TAKING THIS SUPPLEMENT IS SAFE TO USE WITH YOUR EXISTING MEDICATIONS BEFORE YOU USE THIS SUPPLEMENT***
