Horoscopes

ARIES - March 21- April 19

Energy is just as important of a resource than any other. Use your energy wisely, because though you have a lot of it, you won't always get the return you expect. Use discernment about what you entertain.

TAURUS - April 20 - May 20

You may have been holding on to something for a long time thinking that it was helping you. But the burden is too heavy now and it's time to let it go. You will be better without it!

GEMINI - May 21 - June 21

You could be thinking that you see a situation one way, but it turns out that it's the opposite. It's time to go deeper than the surface if you really want to understand your other world.

CANCER - June 22 - July 22

Now that you truly believe in what you want, you are ready to take a stand for it. You've got everything you need to finish the task. Keep working diligently and get ready to be emotionally fulfilled!

LEO - July 23 - August 22

Be it near or far, what you want will always find you. It's time to face your truth and step into the present moment. There's a point where taking a chance turns into your only chance. Time's a wasting!

VIRGO - August 23 - September 22

Our differences from others is what makes us stand out. Don't be afraid to be your own person. Know that what you have to offer is worthy, original, and useful!

LIBRA - September 23 - October 22

It's time to make a heart over head decision. Sometimes logic is not sophisticated enough to understand emotions. The heart has its own kind of logic that can heal and reveal.

SCORPIO - October 23 - November 21

Love is closer than you think. To find the right things is to find what's right for you. Be courageous in meeting your own needs before following anyone else's standards or rules.

SAGITTARIUS - November 22 - December 21

Sometimes the only way for things to come together is when they come apart. It's time to change the way you view your problems; they could be opportunities for you to change your entire life for the better!

CAPRICORN - December 22 - January 19

Count your blessings, even the ones you think you haven't received yet. Some you may never get, but know that is a blessing too! All possibilities through all avenues stay open to you that way!

AQUARIUS - January 20 - February 18

It's up to you to decide whether doing things the same old way is still serving you. Don't wait on someone else to change, be the change you desire. Embrace new possibilities and being the one who sets a new course.

PISCES - February 19 - March 20

It's always a good idea to consider your true motives before working toward something great. If you want all the hard work to be worth it, be clear about your intentions and what makes you happy.
