Horoscopes

by Jessica Monét Holman

ARIES - March 21- April 19
You have been working hard for stability so that you can move forward swiftly. But in order for you to keep up your speed, there are weights that need letting go of. Your work doesn't have to weigh you down, be and think lightly!

TAURUS - April 20 - May 20
Fighting and sneaking your way into something won't work anymore. Use all resources available to you to go in a new, more balanced direction. What you want is within your own power to behold.

GEMINI - May 21 - June 21
There is a relationship or emotional matter that is coming to a completion. This could signal the end of something or just the end of a stage and the start of the next one. Either way, it's time to move forward, and there's no time like right now!

CANCER - June 22 - July 22
Something that should have felt like a victory for you, may have left you feeling less than victorious. It's okay though, the situation will go in your favor with time. Until then, be kind to yourself and go above and beyond to meet your needs and feel your best!

LEO - July 23 - August 22
It's time for you to speak up and let your needs be known! Holding back won't help you accomplish what your heart desires. Being more generous with expressing your thoughts will get you one step closer to your goal!

VIRGO - August 23 - September 22
A lack of clarity has you at odds with those around you and inner conflict with yourself. It's okay to not have all of the answers, but don't let that put you in a state of fear or feelings of rejection. Find balance again by doing the opposite of what you're afraid of.

LIBRA - September 23 - October 22
You have a deep commitment that is requiring you to do your research and get to work. Take heart that all of your hard work will not go unnoticed. Your structure will be further solidified and the pieces will come together!

SCORPIO - October 23 - November 21
If you are not fulfilled on our own, it can make you indifferent to all of the good things right in front of you. Don't base your happiness from others, instead reclaim your own so that you enjoy happiness with others and not take things for granted.

SAGITTARIUS - November 22 - December 21
You may be reminiscing on the way things used to be and feel. Don't try to make yourself fit where something is already complete. It's time to find your very own piece of happiness.

CAPRICORN - December 22 - January 19
You may have lost what you wanted, or so you thought. Look within to understand what your feelings are trying to actually tell you. Put your energy toward the deeper part of what you long for and leave the celebrating for when the time is right.

AQUARIUS - January 20 - February 18
You could need some extra faith to help you feel confident enough to sail in a new direction. Well, this is your happiness we're talking about, so check your pockets, behind your ear, and in that junk drawer for that last little mustard seed!

PISCES - February 19 - March 20
Your intuition is speaking to you about a new opportunity that could offer you emotional happiness. Be sure to listen to everything you feel, not just what feels good, or what just feels bad for that matter. The ball is in your court!
