-  **ARIES - March 21- April 19**  
 Aries: Just because we see things one way doesn't mean everyone else will agree. Be gentle when exerting your will and remember to work as a team.
-  **TAURUS - April 20 - May 20**  
 Taurus: Take some time to heal after a period of rebuilding your spirits back up. It's okay to have a vision and keep a space open in your heart for what the future may hold.
-  **GEMINI - May 21 - June 21**  
 Even when we see evidence of what we are looking for it can still be hard to see. Be patient as things mature and try to relax!
-  **CANCER - June 22 - July 22**  
 Sometimes a beautiful decision is disguised as a difficult challenge. Honor the urges your soul prompts you with and you will see pain turn into joy.

-  **LEO - July 23 - August 22**  
 Just as you settle into something new, the real work begins, but so does all of the benefits. Relax in knowing that your hard work has paid off and begin to reap your rewards!
-  **VIRGO - August 23 - September 22**  
 The truth can be painful, that's why confronting it is the fastest way to heal the pain. Be honest with yourself and don't be afraid of starting over.
-  **LIBRA - September 23 - October 22**  
 Some things are not meant to be known, they are meant to be shown. Faith in a higher power will be paramount to you right now.
-  **SCORPIO - October 23 - November 21**  
 When there is something great waiting for you, not all situations and people are allowed to enter your new journey. Release and forgive so you can move forward.
-  **SAGITTARIUS - November 22 - December 21**  
 Going back and forth about making up your mind will keep you stuck. Loosen up and have some fun so you can feel like yourself again and build faith in your dreams.
-  **CAPRICORN - December 22 - January 19**  
 After reflecting on a time in your life, you are decisive in moving into the next chapter. Your passion and work ethic will lead you to stability and happiness.
-  **AQUARIUS - January 20 - February 18**  
 Your energy is quite electrifying as you pour love into yourself and others. Enjoy the feeling of being in the right place at the right time!
-  **PISCES - February 19 - March 20**  
 Your inner strength and will to balance how you give and receive love is changing you for the better. Be clear in your decisions and let the love flow freely.
