

Education of McKinney-Vento Students

Students experiencing homelessness within the Charter Institute at Erskine's schools will have access to the education and other services needed to ensure that an opportunity is available to meet the same academic achievement standards to which all students are held. Schools must immediately enroll the student, even if the child or youth lacks records normally required for enrollment. However, the schools must not exceed their enrollment cap as outlined in the school's board approved charter.

Transportation is not required of charter schools. However, if it is determined in a Best Interest Determination (BID) meeting for the student to remain at the school of origin and transportation is a barrier to attending, then transportation should be provided to the student.

A liaison for students experiencing homelessness will be designated by the Institute and by individual schools to carry out duties as required by law. Annually, the school and Institute liaisons will participate in professional development and ensure that school personnel receive professional development and other support to assist with identification.

The Institute will ensure that students experiencing homelessness are not stigmatized nor segregated on the basis of their status as homeless.

An unaccompanied youth or the parent/legal guardian of a student experiencing homelessness may request a State-level review of the Institute's final decision regarding an enrollment dispute. Under no circumstances will the resolution of a dispute delay the enrollment of said student.

The Institute nor the Institute's schools will deny any admission to any student on the basis of race, religion, color, creed, sex, sexual orientation, immigrant status or English-speaking status, national origin, or disabling condition.

Enrollment Disputes

The parent/legal guardian of the student will be provided with a written explanation of the school's decision regarding enrollment, including the rights of the parent/legal guardian or unaccompanied youth to appeal the decision through the Institute's dispute resolution process.

The student or parent/legal guardian will be referred to the Institute's liaison, who will ensure the resolution process is carried out as expeditiously as possible. During the pendency of any administrative or judicial proceeding regarding an enrollment dispute, the student must continuously be enrolled in school, be provided all relevant services, and be allowed to participate fully in all school activities.

When it is determined that a dispute cannot be settled at the Institute level, the Institute will do the following in a timely manner:

- Inform the unaccompanied youth or parent/guardian of a homeless student of his/her right to request a South Carolina State Department of Education (SCDE) review of the

Institute's decision. Give the individual the SCDE's McKinney-Vento state coordinator's contact information

- Inform the individual that he/she may seek the assistance of advocates or attorneys for the review.

School Liaisons

The school designated McKinney-Vento liaison will ensure the following:

- Homeless students are identified.
- Homeless students enroll in and have a full and equal opportunity to succeed in school.
- Homeless families and students receive educational services for which they are eligible as well as referrals to healthcare services, dental services, mental health services, and other appropriate services.
- The parent/legal guardian of a homeless student is informed of the educational and related opportunities available to the student and is provided with meaningful opportunities to participate in the education of his/her child.
- Public notice of the educational rights of homeless students is distributed where such students receive services (e.g., schools, family shelters and soup kitchens). Enrollment disputes are mediated.
- The parent/legal guardian of a homeless student or any unaccompanied student is fully informed of all transportation services, including transportation to the school of origin, and is assisted in accessing transportation to the school selected.
- School personnel, service providers, and advocates working with homeless students and their families are informed of the liaison's duties.
- The School's liaison will coordinate and collaborate with the Institute's liaison, state coordinator, community and school personnel responsible for the provision of education and related services to homeless students.

Records

Any records ordinarily maintained by Institute schools including immunization or medical records, academic records, birth certificates, guardianship records and evaluations for special services or programs will be maintained so that the records are available in a timely fashion, when a student experiencing homelessness enters a new school or district, consistent with state and federal law. Records of students experiencing homelessness will be transferred in a secure, confidential manner to those with an educational need.

Dispute Resolution Process

Every effort must be made to resolve the dispute at the school level before it is brought to the Institute. Under no circumstances must resolution of a dispute delay the school enrollment of an unaccompanied youth or a homeless child. That is, during the pendency of any administrative or judicial proceeding regarding a dispute over the enrollment of an unaccompanied youth or homeless child, the student must continuously be enrolled in school, be provided all relevant services, and be allowed to participate fully in all school activities (as consistent with the McKinney-Vento Homeless Assistance Act, as amended).
